Candles Were In Evidence

Saturday Night In Some Business Houses; Power Off At Two Theatres

Candles were sold like hot cakes, and it looked as if candle and coal-oil lamp days were here again in portions of Sedalia, Saturday night.

A three-face power circuit, providing electricity for business establishments on West Main street, on the north side of the street between Ohio avenue and Kentucky avenue, and the Fox and Liberty Theatres, went out between 6:28 and 6:30 p.m. The lights came on again at 10:15 o'clock.

C. F. Black, district engineer for the Missouri Public Service Corporation, attributed the blackout to three 1-0 copper wires burning, and separating atop a tree, located on the east side of the center part of Osage avenue, between Fifth and Sixth streets.

Proprietors had to blow candles out and lock up in the dark when they closed their stores at 9:00 o'clock on West Main street. Taverns and eating establishments remained open with the use of candles and gas pumped lamps. It was very fortunate for all that it wasn't quite dark when the lights went out, although this didn't help matters much at the Fox Theatre, because at 9:00 o'clock it was completely black there, and all movie-goers had left. The Liberty theatre had lights, but did not have power to run its movie projector. Attendants at both theatres were given emergency tickets to return to a later engagement.

Crewmen Busy at Once

M-P-S line crewmen were immediately called to the impaired scene, many of them being called from home. Two trucks, each having a light attached, supplied light for the crew while they spliced the wires together. Mr. Black said the lines were evidently against wet limbs of the trees and finally shorted out. He said lightning did not cause the break. Men trimmed the trees and filled a truck with limbs that were chopped off.

During the time workmen were making repairs on the line, police kept the one block cleared of vehicle traffic. Many persons watched the crewmen repair the line.

Merchants who were ordinarily closed on Saturday nights on Main street, were fortunate in one respect, because they did not have to report a bad business night, like many of the proprietors reported, due to having the lights go out.

Lights Out in Rural Areas

The blackout was not centered in the downtown area alone, but lights went out in sections east and south of Sedalia, in addition to North Grand avenue all the way to Georgetown.

Green Heads CBI Vet Assn.

FREEPORT, Ill., Aug. 13—(AP)—Ellsworth Green Jr., executive secretary of the Kansas City, Kas., Chamber of Commerce, today was elected commander of the C. B. I. Veterans Association.

Green, 42-year old former major in the supply service in India, served as vice-commander of the organization last year.

The association is composed of veterans of the China-Burma-India theater of World War II.

The three-day national reunion drew 280 ex-servicemen. Prominent among them was Gov. Val Peterson of Nebraska, who flew here from Lincoln.

Green was formerly secretary of the Chamber of Commerce, in Sedalia. He was accompanied to Freeport by Wm. F. Brown, of this city, both having served in the C. B. I. theatre during the war.

The Weather

Partly cloudy, warm and humid Sunday and Monday with scattered thundershowers west and south Sunday and south Monday; highs Sunday near 90.

THOUGHT FOR TODAY

Study rather to fill your mind than your coffers; knowing that gold and silver were originally mingled with dirt, until avarice or ambition parted them.—Seneca.

An Insect War At The State Fair Grounds

Flies and other disease-carrying insect pests have been the targets of an all-out fogging and spraying campaign at the Missouri State Fair grounds, last week. Pictured above is a Jeep equipped with one of the latest type fogging machines, being used to rid one of the livestock barns of insects. All the buildings of the Fair have been sprayed in the same manner. The Fair opens next Sunday, August 21, for an eight-day run. (McVey-Zoernig Photo.)

Fair Grounds, Buildings, DDT Fogged

Action Taken To Protect Health Of Fair Guests

The entire 276-acre Missouri State Fair grounds, with its permanent buildings and appointments numbering over 60, has been subjected the past week to the most intensive spraying and fogging against flies and other disease-carrying insects ever accomplished in this area. The fogging has been done by R. B. Browning, of Fog, Incorporated, of Kansas City, with the use of equipment quite new in this area.

All horse stables and livestock barns, exhibition buildings, rest rooms, the coliseum, the woman's building, the administration building, food stands, and other structures are being fogged with DDT, chlordane, and pyrethrum. This method of insect control is said to have accomplished very satisfactory results in the East and South, where it is quite popular.

Spraying and other precautionary measures will be carried on throughout the fair week, which starts Sunday, August 21, for an eight-day run.

Fogging Is Thorough

Fogging differs from spraying in that it is more thorough, more penetrating, and the liquid is vaporized much finer, being ejected from the machine literally in a great cloud. The chemicals are mixed with a de-odorized kerosene base, which is completely harmless to humans, fabrics, furniture, or materials.

The entire grounds at the Fair are sprayed periodically to kill weeds, insects, and disease germs, so that the public health in general is as well protected there as almost anywhere in the state.

Suffers Foot Injury

Monroe Carter, manager of the Massey-Harris Farm Implement, company on West 50 highway, suffered a crushed right ankle about 2:00 o'clock Saturday afternoon when a steel pole he was helping to put up for a tent, struck his ankle and part of his heel crushing the bones. Carter was taken to the Woodland hospital where his condition Saturday night was satisfactory.

Four Years Ago Came Surrender Of The Japanese

TOKYO, Sunday, Aug. 14—(AP)—Four years ago tomorrow, (Aug. 14 U. S. Time) policemen dutifully made their rounds in every Japanese village and town, proclaiming: "Listen to the radio at noon! An important announcement from the emperor. Listen carefully at noon!"

In whispers—lest the ever-present "thought police" might hear—citizens speculated on what it might mean. Few guessed right.

Japanese listened incredulously as the strained voice of the emperor came over the loudspeakers, announcing his decision to surrender to the allies and admonishing his subjects to accept defeat calmly.

Some were convinced only when Army and Navy supply depots threw open their gates and invited all comers to carry off what they liked.

Barkley Takes Mrs. Hadley To Paducah, Ky.

PADUCAH, Ky., Aug. 13—(AP)—Vice-President Alben W. Barkley brought Mrs. Carleton S. Hadley from St. Louis late today to attend a dinner party with him tonight.

The Vice-President, whose name has been linked romantically with that of the attractive St. Louis widow, flew here this morning from Pennsylvania. He left shortly afterwards by plane for St. Louis to bring Mrs. Hadley and her daughter, Anne, to the party.

On their arrival from St. Louis, accompanied by Barkley's daughter, Mrs. Max Truitt, the party was met by a group of spectators, including photographers and newsmen.

Barkley shook hands with members of the state police as he left the plane and later said "wre're glad to be back home."

Hopes For "Justice"

Smilingly graciously for photographers, Mrs. Hadley commented, "I hope they do us justice."

The party then drove to "Angles," the Barkley country home, for a buffet supper.

This is Barkley's home town. He is to speak tomorrow at a program dedicating the Paducah airport as "Barkley Field." Mrs. Hadley will stay over for tomorrow's program.

The Vice-President has denied rumors he and his St. Louis guest will be married here.

Suggestions For Improving City To C of C

Writing In to Tell Their Ideas For A Better Sedalia

Questionaries which were recently mailed out by the Sedalia Chamber of Commerce are being returned with many good suggestions for the improvement of Sedalia. The questionnaires requested the listing of three or more projects which should be undertaken by the Chamber of Commerce during the next year and committees on which they would like to be a member.

The greatest interest on most of the questionnaires is the con- Academy.

Next on the list was city planning and beautification and industrial development, with suggestions to clean up the city, widen Lamine and Osage avenues from Third to Broadway, extending necessary utilities such as water and sewerage, take highways off residential streets, improve streets, and parking lots.

Urge More Meetings

A number of persons urge more Chamber of Commerce membership so that everyone may have a chance to give their opinions and ideas. Luncheon or dinner meetings were suggested at least once a month.

Several suggestions were for development of the dairy industry.

Among other suggestions was the building of an auditorium, playgrounds for the children, an annual promotional activity, athletic promotions and a proposal to advertise Sedalia as the "Gateway to the Lake of the Ozarks."

Some Are Underway

Many of the projects are already underway and some now under consideration, but the answers to the questionnaires have proved very helpful. John F. Zander, secretary of the Chamber of Commerce is anxious that all Sedalians take this opportunity to make suggestions for the betterment of the city whether they are members of the Chamber of Commerce or not. Anyone who has not received a questionnaire may obtain one from the Chamber of Commerce office or just write their suggestions in a letter.

The giving a preference for certain committees is also helpful that persons may be put on the committee they like. Too often they are appointed to committees in which they have no interest, Mr. Zander said.

Out-of-town people are also writing in. A letter from Versailles suggested parking lots and another traveler suggested a route outside the city for trucks.

Democratic Women's Club To Meet

The Democratic Women's Club will meet Tuesday, August 16, at 8:00 p. m. at the Legion Hall, 114½ East Fifth street.

Fire Destroys Landmark

DES MOINES, Aug. 13—(AP)—A spectacular fire today destroyed the Des Moines coliseum where Presidents have campaigned, matinee idols performed and, in recent years, wrestlers grunted and groaned.

The 41-year-old landmark in downtown Des Moines was not in use when flames roared through it. No one was reported injured.

Cause of the fast-moving fire had not been determined. It was estimated it would cost $1,000,000 to replace the structure which had a seating capacity of 10,000.

Millionaire's Dream Becomes Reality, Estate a Public Park

CENTERPORT, N. Y., Aug. 13—(AP)—A millionaire's dream came true today. The beautiful 43-acre estate and marine museum of the late William K. Vanderbilt became a public park.

Deed to the property, known as "Eagle's Nest," was turned over to Charles Duryea, chairman of the board of supervisors of Suffolk county, by Barclay Warburton, of Ipswich, Mass., stepson of Vanderbilt.

He recalled how Vanderbilt, great grandson of Commodore Cornelius Vanderbilt founder of the family fortune, planned for many years before his death Jan. 8, 1944 to make the estate and museum available to the public.

For its enjoyment the public will have not only the landscaped acres but also a bathing beach on Long Island Sound. There's a swimming pool and a tennis court and an airplane hangar, too.

In the mansion overlooking the Sound and built around a quadrangle, visitors will find a shop model room and an organ room. Furniture valued at $125,000 goes with the house.

A two story museum on the property and two rooms in the house hold the rare marine specimens which Vanderbilt brought back from all corners of the globe. An avid yatchsman and amateur scientist, Vanderbilt sailed the seven seas collecting their mysterious inhabitants.

Air Show At Municipal Airport Today

Events Start At 11:30; Parachute Jumper; Jet Aircraft

Four F-80 jet fighter aircraft will make several "passes" over the Sedalia Municipal Airport at 4 o'clock this afternoon. Col. I. A. Dregne, commanding officer of the 56th Fighter Group, Selfridge Field, Mich., notified the Lions, the formation would fly to Scott Field, Ill., and take-off from there to make the flight to Sedalia. The number of passes over the field will determine on the amount of fuel they have upon arrival and that needed to fly to Sherman Field, at Ft. Leavenworth, Kansas, from Sedalia.

The Sedalia Municipal Airport, west of Sedalia on highway 50, will be a busy place today with the annual Air Show conducted under the sponsorship of the Sedalia Lions club. Thousands of persons from all over Central Missouri are expected to be on hand to see the thrills in the air, starting at 11:30 o'clock this morning and continuing on through 6:30 o'clock this evening.

The program includes an exhibition of bomb dropping, balloon breaking, aerobatics, paper cutting, model plane flying contest, spot landing and several feature acts.

Highlighting the program will be a fly-over demonstration of a group of jet aircraft from the United States Air Forces. According to information received here there will be a formation of four such planes. The exact time of this flight has not been announced by the Air Force, but will be sometime during the afternoon.

Parachute Jumper

A parachute jumper has been added to the program to thrill the crowd with a jump from a plane several thousand feet in the air and landing on the grass runways in front of the hangers. The jumper is "Bob" Willis, a parachutepacker at the Municipal Airport in Kansas City.

The various Lions committees worked Saturday making preparations for the big day, building stands to handle refreshments and arranging the parking facilities for hundreds of automobiles. Roping off various locations for the crowd to stand and watch the many events.

Jack Funk's Flying Service at the field has completed arrangements to carry passengers. Funk is furnishing the planes and gasoline for local planes which will be used in the various events.

Emery L. Ellsworth, chairman of the Public Buildings and Grounds committee of the City Council announced sanitary conditions at the field are in excellent condition as to the toilets. Work on repairing and improving the existing toilet facilities was completed Friday.

The Program

The program as completed other than the jet aircraft flight, and surprise events is as follows:

11:30 A. M. Mass flight of airplanes.

12—Noon. Parade of planes and introduction of pilots.

12:40 P. M. Balloon bursting. (Three passes, five minute limit) Pilots entered: Bob Younger, Ralph McCarty, James Durrell, Kenny Williams, Gerald King, Dale Turner, Bill Wilson, Ted Gardner and Pat Darnell.

1:30 P. M. Bomb dropping, three bombs and three runs. Pilots participating are: Bob Harvey, Chris Rau, Homer Hall, Claude Sappington, John Meyer, Jack Kehl, Glenn Pace, Paul Donahue, Conrad Michaels.

2:20 P. M. Formation flying. Pilots are Bob Younger, Paul Donahue, Sam Tuck, Ralph McCarty and Jack Funk.

3:00 P. M. Model plane demonstration. Lee White, Kenneth Williams, and John Flashpohler.

3:50 P. M. Paper cutting. Pilots are Paul Stahl, Ted Gardner, Bill Wilson, Chris Rau, James Durrell, Claude Sappington, Dr. Ben Klein, John Meyer, Dale Turner and Norbert White.

4:40 P. M. Special event.

5:00 P. M. Special event.

5:20 P. M. Aerobatics: Jack Funk and Sam Tuck.

5:50 P. M. Parachute jump.

6:30 P. M. Spot Landings Several pilots to participate.

Merle Vaughan To Address Optimists

The guest speaker for the Sedalia Optimists club at the regular Tuesday meeting will be Merle Vaughan, associate county agent. His topic will be "Balance Farming Program."

Examinations For Guards

JEFFERSON CITY, Aug 13—(AP)—A new set of merit examinations will be held for jobs as guards at the state penitentiary, Ralph J. Turner, state personnel director, announced today.

The jobs pay $147 to $187 a month. Anyone with an eighth grade education or its equivalent may apply.

John R. Van Dyne Is Named On District Boys' Work Group

John Rudd Van Dyne, 1220 South Barrett avenue, has been named a member of the Boys' Work committee, tenth district, Optimist International, according to notification he received last week. This district covers half the state of Missouri, Kansas, and Colorado.

The boys' district committee will plan and serve as counselor for all the Optimist organizations in this (10th) district. Jim Reed, chairman of boys' work in Sedalia said "the appointment is quite an honor and very important."

The Sedalia Optimist club has divided its group of 75 boys into two units that meet once a week. The Mark Twain unit of boys meet at Mark Twain school on Wednesday nights, with Jim Reed in charge, and the Washington unit gathers at Washington school on Monday nights with Bob Phillips in charge. Optimists other than Reed and Phillips, who are on the boys work committee are, Ernest Cummins, John Hill, Dr. Ben Cline. These two schools,

Fire Fighters Convention Ends Saturday

Officers Elected, Installed; 1950 Meeting In J. C.

The seventh annual convention of the Missouri State Council of Fire Fighters shortly after 4:00 o'clock Saturday afternoon, with the attending delegates, officers and guests claiming this convention a very successful one, and expressed their thanks to everyone concerned for cooperation.

Saturday's program commenced at 10:00 a.m. at Bothwell hotel. Rev. A. J. Brunswick of Sacred Heart church, gave the opening invocation, and was followed with a labor talk by Harry Hull, president of Sedalia Federation of Labor.

Just before recess at noon, William D. Buck, vice-president, Second District International Association of Fire Fighters, gave a pep talk, and outlined his duties for th four state area during the past year.

Rev. Arnold Spoke

Rev. Walter P. Arnold, pastor of the East Sedalia Baptist church was the afternoon speaker. He gave an impressive talk and complimented the firemen in general on their accomplishments.

Officers and executive board of the association were elected and installed. William D. Buck had charge of installing the following officers and executive board: Richard Zammar, of Kansas City, president; J. McCann, Hannibal, vice-president; Harlan C. Boehm, Springfield, secretary-treasurer. All officers were re-elected for the ensuing year. Those installed on the executive board wre: Arthur Hohenstreet, Jefferson City; Leonard Grams, St. Louis, Leo Huffman, Sedalia, and William O. Shisler of St. Joseph.

Jefferson City Next Year

The choice of the next convention city was Jefferson City with the convention to be held in August, 1950.

On Friday night, the convention group, in addition to Sedalia guests held a banquet at the Old Homestead, with Rev. A. J. Brunswick, toastmaster for the evening.

Among those from Sedalia attending were: Mr. and Mrs. Earl Lashley. Mr. Lashley is chairman of the fire and water committee of the city; Mayor Julian H. Bagby, Rev. and Mrs. H. U. Campbell, Mr. and Mrs. D. Kelly Scruton and Mr. and Mrs. Harry Hull.

Briefs

WASHINGTON, Aug. 13—(AP) — Maj. Gen. Harry H. Vaughan, President Truman's military aide, acknowledged today that he accepted deep-freeze units as gifts to himself and some friends, but denied there was anything improper in "this courtesy."

He said he spoke for one of the freezers for "the little white house" — the Trumans' home in Independence, Mo.— and others to go to Fred Vinson, John Snyder, James K. Vardaman and Matthew J. Connelly. Still another was directed to the White House staff lunchroom.

Vinson now is chief justice of the United States. Snyder is secretary of the treasury. Vardaman, former Truman naval aide, now is a member of the board of governors of the federal reserve system. Connelly is secretary to President Truman.

Snyder told a reporter that no freezer reached him.

Sen. Mundt (R-SD) immediately called for a check-up on Vaughan's claims.

WASHINGTON, Aug. 13—(AP)—The Hoover commission, whose aim was to save you money through streamlining government operations, today reported a savings itself of $31,000.

It said this was the amount left over from the $1,938,000 congress appropriated two years ago to finance the vast research job on government reorganization which the commission recently completed.

FRANKFURT, Germany, Aug. 13 — (AP) — A German election campaign spiced with violence and anti-allied oratory ended tonight with a sober radio appeal from all parties for a vote for freedom. Tomorrow the 45,000,000 inhabitants of Germany's three western zones will choose a 400-member parliament to set up their new West German Republic. It will be the first federal election since Hitler seized power.

WASHINGTON, Aug. 13.—(AP)—The Democratic National Committee today slammed the door against its "states righter" members, barring them from its next meeting to elect a successor to Chairman J. Howard McGrath.

McGrath himself sent out the blunt notice that the Louisiana and Mississippi delegates have not been invited to the Aug. 24 session here.

Rev. James C. Spalding, of Marshall, Rotary Speak

"The speaker at the regular Rotary club luncheon Monday at the Hotel Bothwell, will be Rev. James C. Spalding, Professor of Religion at Missouri Valley College in Marshall. Professor Spalding's talk will concern, "Some Problems Democracy Faces in Present-day Europe."

Mr. Spalding and his wife, the former Virginia Burford, daughter of Mr. and Mrs. Phil R. Burford of this city, have recently returned to this country after spending eighteen months in Europe. Most of their time overseas was spent in Switzerland and Germany where Mr. Spalding studied at the Universities of Zurich, Basle, and Tubingen. The couple also spent several months visiting in England, France, and Italy.

In his talk at the Rotary club luncheon Mr. Spalding will give some observations based on his European experience as they relate to the present day political situation over there.

Rev. J. C. Spalding

Since their return from Europe last winter, Rev. and Mrs. Spalding have resided in Marshall, where he began his present position as Professor of Religion at M. V. C. on February 1."

Hoover Stricken On Train

Suffers Attack Of Gall Bladder Ailment, But He Rallied Quickly

CHEYENNE, Wyo., Aug. 13— (AP) —Herbert Hoover's gall-bladder attack aboard an eastbound passenger train today didn't impair his skill at gin rummy. When the train stopped here at 4:30 p. m. (EST) the former President had won $1.20 and felt good enough to smile about it.

Hoover was stricken earlier in the day, but rallied after receiving emergency treatment.

His secretary, Bernice Miller, said when the train stopped here: "The boss is feeling fine."

Doctor F. E. Magrath of Cheyenne boarded the train at Hoover's request. Magrath pronounced his condition as "nothing to be worried about."

Hoover "is now up playing gin rummy with friends," his secretary, Bernice Miller, said in a telegram sent early tonight from Rawlins, Wyo.

Hoover is enroute to new York after celebrating his 75th birthday at a public reception at Stanford University, Palo Alto, Calif. Wednesday.

Had Them Before

The form president told Dr. Dale Hadfield at Elko, Nev., "I think I am having a gall bladder attack. I have had them before and I know what they are."

Dr. Hadfield treated Hoover, then permitted him to continue the trip after advising him to seek further treatment at Ogden.

Dr. Stratford met the train and was ushered into the Hoover compartment. He emerged 20 minutes later to announce: "The attack was a mild one and Mr. Hoover will go on to New York."

Hoover left Palo Alto yesterday. The train reached Elko before dawn today and arrived in Ogden at 9:50 a.m. mountain standard time (11:50 a.m. EST).

Had Ambulance Waiting

An ambulance was waiting in the Ogden railroad yards to rush Hoover to a hospital but the Californian did not leave his train.

The former president's train is due in Chicago at 11:45 a.m. EST Sunday. He has a reservation to New York on the New York Central's Century, which leaves Chicago at 5 p.m. EST Sunday. That train is due in New York at 8:30 a.m. EST Monday.

Hoover heads the Hoover commission which is studying reorganization of the federal government.

The birthday celebration, held at Stanford University, was highlighted by a 30 minute speech in which Hoover warned the nation against continuance of present spending policies.

He said that unless present spending trends are altered posterity may be robbed of its inheritance.

Had Spent Weeks in West

Charging that the United States "is blissfully driving down the back road to collectivism at top speed," he said: "We have not had a great socialization of property but we are on the last mile to collectivism through governmental collection and spending of the savings of the people."

Hoover had spent several weeks in the West, during which he inspected mining properties and vacationed for a time at Bohemian Grove, on the Russian river north of San Francisco.

Dr. Hadfield said Hoover was in considerable pain when he arrived at Elko, but responded well to treatment. He said his patient was relieved and resting comfortably when he left.

Civic Clubs to Assist at Fair

A committee composed of T. H. Yount, Ernest Martin, Jack Cunningham and Ray Hunt, with Kenneth U. Love, director of the State Fair division, met Saturday morning in the office of John F. Zander at the Chamber of Commerce, to select workers at the Chamber of Commerce information booth at the Missouri State Fair.

The schedule for Fair week, for civic club workers will be as follows: Lions club, Sunday and Monday; Rotary, Tuesday and Wednesday; Optimist, Thursday and Friday; Kiwanis, Saturday and Sunday each club furnishing 12 men to work three shifts a day, 8:30 a. m. to 1:00 p. m.; 12:30 to 5:00 p. m. and 4:30 to 9:00 p. m.

The Business and Professional Women's club will furnish 16 women to work every day during the peak period from 4:30 to 7:00 p. m.

Zeb M. Cole, Engineer, Retired Has Seen Railroading Change

As Zeb M. Cole, Missouri Pacific engineer, sat in the cab of the diesel engine of No. 12 Saturday morning, August 6, heading toward St. Louis, he was completing his fortieth year as an engineer on the Missouri Pacific railroad.

Starting his railroad career on the Southern railroad in Princeton, Ind., on December 8, 1900, he went to St. Louis as an engineer on August 6, 1909, and has been running on that road since. Although his home has been in that city continuously he has made many friends in Sedalia, having run into this city and spent his lay-overs here many years.

There has been a vast change in railroad equipment and working conditions since Mr. Cole first started as an engineer on the Missouri Pacific. Modern invention has given the diesel engine with the enclosed cab, which is a far cry from the hand fired engines of 1909.

Garb Unchanged

The engineer's garb has not changed. He still wears overalls, often faded light blue from many washings, the high cap with bill in front, the bandana handkerchief, red or blue, around his neck, and the open face watch that is his constant companion. He still stuffs the thin green or white papers, which are his orders that make his journey and yours along the silver ribbons of track safe, in his pocket as he climbs on the engine to make his trip. The difference in his looks is when he climbs down from the engine. No longer is he black with coal dust, smoke and grease as he ends his day's run, looking as if he might be from a black-face minstrel show.

No longer does he sit, one hand on the throttle, his head and shoulders out the cab window watching the track and the signals as the road unfolds before him, the mighty giant of iron he guides roaring along the track through towns and villages, whistling, chugging, steaming along the countryside, its long plume of smoke vanishing in air far behind it. He does not feel today the heat of the sun burning his face and glaring in his eyes on hot summer days, nor the sleet, snow and wind beating against his face in winter as he watches to see that all was clear ahead.

Many Changes

His fireman at his side no longer stands in a half bent position as he shovels with steady precision the coal into the flaming firebox, sweat pouring from his body, an entire railroad car or coal in a single trip, shovel by shovel.

As Zeb Cole rounded out his fortieth year with the Missouri Pacific railroad, he thought, as all old time railroad men do, of the changes that have taken place in railroading. The difference in today's trains and those of 40 years ago, of railroaders he had known in the past and of many interesting experiences he had had, "some good," he smiled, "and some bad."

Nails were scarce in the early American colonies.

Undergoing Amphibious Navy Training

Paul M. Maxwell Second Class Midshipman at the U. S. Naval Academy is now undergoing amphibious training at the Naval Amphibious Base, Little Creek, Va. He is the son of Mr. Paul C. Maxwell of 212½ West Third street, Sedalia.

There will be 880 Cadets and Midshipmen receiving amphibious training during the period August 8 to 22. This instruction will be under the auspices of the Amphibious Force, Atlantic Fleet, and is known as Camid IV ("Camid" is the abbreviation of Cadet-Midshipmen). Camid IV is under the direction of Rear Admiral Jerauld Wright, USN, Commander Amphibious Force, U. S. Atlantic Fleet.

Midshipman Maxwell's instruction will be divided into two phases. The ashore phase will be held at the Naval Amphibious Base, Little Creek, Va., from August 8 to August 17. The afloat training will take place aboard ships of the Amphibious Force, Atlantic Fleet.

Classroom Presentations

The amphibious training will include classroom presentations designed to present the art of amphibious planning and the techniques of amphibious operations, demonstrations by instructing personnel and conducted tours of installations and vessels utilized in assault landings.

The student officer will also witness the 4th Battalion of the Second Marine Division conduct a practice landing on the beaches at Little Creek. These seasoned combat veterans will establish a beachhead and give the Camids instruction and valuable information in assault tactics.

Midshipman Maxwell will witness and participate in the bombardment of Bloodsworth Island, located in upper Chespeake Bay. During this exercise the 4th Marines will be embarked in landing craft and advace to within 1000 yards of the beach and return. Camids will witness from ships of the Amphibious Force. Live supporting fire will be supplied by destroyers and Landing Chip Medium Rockets. Air support will be supplied by Air Force jets and Navy fighters and bombers.

Landing Exercise

Midshipman Maxwell will take part in the final landing exercise at Camp Pendleton, Va. During this landing the Camids will hit the beach and secure a beachhead. Following the assault they will witness paratroop drops of the 82nd Airborne Division and glider and helicopter resupply operations. Simulated gunfire and air support will be utilized for this landing.

The Monday following the final landing operation, the Cadets and Midshipmen will depart; the former for further training at Fort Eustace and Fort Story, Va., and the latter for their summer holiday.

Flat Creek 4-H Club Meeting

The Flat Creek 4-H club met at the Anderson school on Thursday night for its regular monthly meeting. Roll call was answered by reporting on projects. Eighteen members and three visitors were present.

Plans were completed for the tour, on August 7, to start with a basket dinner at Marion and Mary Jeannette Edmundson's home.

Mr. and Mrs. Bryan Phifer were visitors.

The next meeting will be held on Thursday night, September 1, at the school house.

The coils in an ordinary mattress are all joined together; when one goes down, others joined to it must follow. This causes the uncomfortable sags and hollows often found.
Beautyrest has 837 individually pocketed coils. Each acts on its own and each conforms naturally to the curves of your body. No sags or hollows to bother you.

The "torture test" proved that Beautyrest is built to stand more wear, for the Beautyrest lasted far longer than any other mattress tested.

Missouri WAC Reservists in Camp

CAMP LEE, Va.—WAC Reservists attending the second encampment of the first Women's Army Corps Reserve Training Camp at Camp Lee, Virginia, are pictured in a classroom as they take notes on a lecture on "Military Justice." This is one of the courses being given to the citizen soldiers to bring them up-to-date on the many changes that have taken place in army procedures since they returned to civilian status. All from Missouri, they are, front row, left to right: Captain Rose Leibbrand of Sedalia; Sergeant Mina D. Kelly of Joplin. Second row: Sergeant Alpha R. Shipp of Mountain Grove. They have the honor of being the first women from Missouri to participate in Organized Reserve Corps Training.

CAMP LEE, Va. — The first WAC Reservists from Missouri to attend the Women's Army Corps Reserve Training camp at Camp Lee, Va., are Captain Rose Liebbrand of Sedalia, Sergeant Mina D. Kelly of Joplin and Sergeant Alpha R. Shipp of Mountain Grove.

In welcoming the 97 women reservists from 30 states, Major General R. C. L. Graham, commanding general of Camp Lee, commended them upon their spirit of acceptance of their responsibilities as citizens and stressed the value of WAC Reserve training to the future security of this country.

To Orient and Train

The WAC summer camp is headed by Florence K. Murray, lieutenant colonel, WAC Reserve, of Newport, R.I., a member of the Rhode Island State Senate. The purpose of the 15-day orientation course is to orient and train WAC Reserve personnel in matters pertaining to the regular army and reserve.

The program is primarily intended to bring the reservists up to date in basic common subjects and they will undergo an intensive two-week training schedule that will include indoctrination lectures, field trips, classroom problems and outdoor drill.

It is planned to hold future summer training camps for WAC Reservists in the six army areas.

Entered in Oregon

Captain Rose Leibbrand entered the army at Portland, Ore. in July 1942. After attending the Adjutant General's school, instructors unit, she was assigned to Sedalia Army Air Field as civilian personnel officer and was discharged in July 1946.

She is a member of the Missouri Administrative Service Group (Reserve) of Sedalia.

Captain Leibbrand is the daughter of Mrs. Ida Leibbrand of 4764 55th street, Seattle, Wash., and is self employed photographer and journalist in Sedalia.

She is a member of the Business and Professional Women's club, American Association of University Women and the American Legion.

Enlisted in Iowa

Sergeant Mina D. Kelly enlisted in February 1943 at Fort Des Moines, Iowa. Before her discharge in October 1945 she was assigned to the Message Center, Intelligence Section, Vienna, Austria.

Daughter of Mrs. Alice Zimmerman of 3006 Charlotte, Kansas City, Mo., she is a franchised dealer for the repair division of Martin Parry corporation.

Sergeant Alpha R. Shipp joined the service at St. Louis, in February 1945. After attending Surgical Technicians school at Fort Oglethorpe, Georgia, she served at O'Reilly and Percy Jones General hospitals and was surgical and dental technician at Valley Forge General hospital before her discharge in July 1948.

Sergeant Shipp is the wife of Mr. Leonard L. Shipp of Mountain Grove and the daughter of William Quinley of Franklin.

She'll know She's the One!

Community News from

Tipton

Mrs. Harold Priess

Leaving Tipton 36 years ago, going to Anaconda, Mont., in 1913, Herman J. Sommerhauser, 54, died there last Friday, August 3rd.

Mr. Sommerhauser was born in Tipton, June 16, 1895, a son of the late Joseph and Elizabeth Sommerhauser, a prominent Tipton family.

He attended St. Andrew's Catholic school. He was in business continually in Anaconda until about five years ago, when the family moved to Seattle, Wash., where he was comptroller for a hatchery company, residing at Bellingham, Wash., the past year.

In 1920 he was married to Miss Alice Clinton, of Anaconda, who survives with the following daughters: Mrs. Ralph (Mary) Russell, Mrs. Harold (Jane) Fawthorp, and Mrs. Jerry (Anna Belle) Copeland, all of Seattle, and Miss Joanne, of the home. Also left are two grandchildren and the following sisters and brothers: Mrs. Oscar Faherty, Tipton; Mrs. Pauline Ketterlin, Boonville; J. Leo, Ed, Arnold, Louise and Beatrice Sommerhauser, all of St. Louis, and Louis P. Sommerhauser, of Cedar Rapids, Ia.

An uncle, P. E. Sommerhauser, of Seattle, was in constant attendance during his long illness, until at Herman's request he was taken back to Anaconda, which had been his home for so long.

Herman was active in many civic organizations and the American Legion, having held many responsible positions in all of them.

He was a veteran of World War I, having served in the quartermaster department of the air corps and was in France 17 months.

The funeral was held from St. Paul's Catholic church in Anaconda, Friday morning, burial being in that city.

Paul Miller and an assistant at his garage, Bobby Hood, were among some 200 persons attending a banquet at the Governor hotel in Jefferson City last Monday evening, and Paul was winner of a Westinghouse electric toastmaster as an attendance award. The dinner was given by Chevrolet dealers with independent garage owners as their guests, the hosts being Riley Chevrolet, Inc., of Jefferson City; McKay Chevrolet, of Columbia; Kenollmeyer Chevrolet, of Linn, and Linn H. Maughs, Inc., of Fulton.

Mr. and Mrs. Andy Kramer and six-year-old daughter, Karen, are moving from Tipton to Sedalia, where they have purchased residence property at 1607 East 7th street, and where Andy recently bought a cafe. Their home here in the east part of town has been purchased by the Baptist church, the consideration being $6,500, the home to be used by the church as a parsonage. Andy and Mrs. Kramer's farm of 150 acres, southwest of Tipton, is occupied by Mr. and Mrs. Andrew Yoest, Jr., and daughter, Andrea, a year old.

Cecil Jenkins of Boonville is the new service officer coming into Tipton each Monday to handle veterans' cases at the law offices of Frank J. Quigley. Mr. Jenkins replaces B. B. Dunn of Jefferson City, who has been transferred to the district office there. Mr. Jenkins, a brother of the late Earl Jenkins of Tipton, points out that the Veterans Administration has announced that application blanks for the National Service Life Insurance special dividend to be paid to some sixteen million persons and former policy holders, will be available on August 29th.

Eddie Hainen, postoffice employe, has been making use of his vacation by carrying on work on his farm near town.

The piano pupils of Mrs. Olive James Ashurst will give their annual public program Tuesday evening, August 16, at eight o'clock in the high school auditorium.

Those taking part will be Judy Johnson, Andrew Baughman, Linda Lou Baughman, Edith Knipp, Mildred Knipp, Kay Carter, Norma Lee Kramer, Kay Ellen Billingsley, Merlyn Grubb, Mary Pedego, Jimmie Kay Fry, Colleen Fry, Betty Miller, Marilyn Schmidt.

CUPID TO POLIO WARD — Being quarantined in the polio ward of St. Luke's hospital in Kansas City, Mo., did not stop Betty Joan Baldus from receiving the engagement ring promised for her eighteenth birthday. Her boy friend, Carl DeWalt, 20, Independence, climbed a stepladder to a window by her bed and put a diamond on her finger. No date has been set for the wedding, but Betty is expected to leave the hospital soon.

Puts Ring On Finger Of A Polio Patient

KANSAS CITY, Aug. 13—(AP)—Young Carl Dewalt climbed a ladder to his girl's polio ward window to put an engagement ring on her finger.

Carl, 20, had promised the ring to Betty Jean Baldus on her 18th birthday. But three weeks ago Betty became ill and was placed in the St. Luke hospital polio ward.

Carl kept his promise, however. Last night, on the eve of Betty's birthday, he climbed a stepladder to her first floor window and gave her the ring.

About a dozen other persons were waiting to use the ladder to talk to polio-stricken members of their families. But they agreed, under the circumstances, Carl should go first.

In order properly to celebrate her birthday today, Dewalt used the same method to present Miss Baldus with an elaborate birthday cake complete with 18 candles.

The young man has made four trips from his Independence, Mo., home to the hospital—a round trip of 26 miles—to bring her tokens of endearment.

Miss Baldus, who is expected to be released from the hospital next Sunday, has received letters and a "get well" card daily from Dewalt since her admittance to the hospital.

Playmates Recover Body Of Boy In River

KANSAS CITY, Kas., Aug. 13—(AP)—The body of a 13-year-old boy was recovered Friday by two of his playmates from the Kaw river where he drowned yesterday while swimming with six other boys.

Gerald Corp, 13, and Anthony Flamez, 15, sighted the body of Robert Vargas floating on the surface about 500 feet south of where the youth went down in deep water. Firemen removed the body from the driftwood.

Revival Opens Monday Night

The Christian church of Smithton will sponsor a revival beginning August 15 and continuing through August 21, inclusive, except Saturday, August 20. T. R. Carrell of St. Louis, will conduct the revival.

Mr. Carrell's evangelistic work is known as "hymn illustration." He draws on a large three by four foot blackboard with colored chalk, while a medley of hymns is played on the piano or some other musical instrument. A soloist sings the hymn that is being illustrated while varied colored lights flood the picture.

After the picture is drawn, the evangelist preaches the sermon.

Another phase of Mr. Carrell's work is "chalk talks," which bring stories of Bible parables and verses to children and adults by simple illustrative drawings.

Orville Henderson will be the song leader and soloist for the revival, with Miss Coleen Rothenberger in charge of the children's work.

Mr. Carrell is scheduled to be on the program tonight at the Methodist camp meeting at Lake Creek.

A ton of hard coal or a cord of seasoned white oak, beech, or maple will yield about the same amount of heat, says the National Wildlife Federation.

John R. Van Dyne Is Named On District Boys' Work Group

(Continued from Page One)

Washington and Mark Twain, the only grade schools with gyms, have been obtained through the generosity of the school board.

To Guide Boys

The main purpose of the Optimists in their boys' work, is to give the boys spiritual, physical and mental guidance. This threefold program operates continuously. The boys are encouraged to attend church of their own choice, to participate in basketball, baseball, wrestling and other sports. During the year the boys are given the opportunity to do work with handicrafts of various types, first aid and camping.

The Sedalia Optimists obtained sometime ago a two-room house from Ed Schlobohm with a 15-year lease at two dollars a year. The cabin is located three miles south of Smithton on Flat Creek. The water supply at the cabin has been approved and concrete for the floors of two new screened porches has been poured. When the cabin is complete it will be able to hold 40 boys for summer week-end campings. The cabin's location provides ample recreation, such as fishing, swimming and other outdoor activities. A 14 foot boat was given the boys by Dr. C. D. Osborne.

Need Mattresses

The boys' cabin will be equipped with electric lights and with army surplus bunks. Reed stated that anyone wishing to donate cot mattresses, they would be appreciated by the group.

Reed said that all money received by the local Optimist club does not leave this city, but is used by the local club for the benefit of the Junior Optimists, in Sedalia.

It has been announced there will be a basketball league sponsored by the Optimists, composed of eight teams. Two Optimists teams and possibly one from the Democrat-Capital will be among those participating, the remaining not determined definitely at this time. The commissioner of this league, that will go into operation when the basketball season starts, is Palmer Nichols, with Dr. R. K. Drenon and Ed Ringen assisting.

Members of the Sedalia Optimist Boys' Council are: chairman, Frank Coffman, Judge Dimmitt Hoffman, Frank Mehl, Dan Doty, Ernest Cummins, Paul Alpert, Jim Reed, Dr. T. W. Bast and Brooks Bapple.

Fire Fighters Convention Ends Saturday

(Continued from Page One)

the International Association of Fire Fighters was the speaker for the evening. His address dealt with a point system of improvements for fire fighting groups in general, including efficiency, welfare, and morale. He advocated establishment of a school of fire fighting instruction in the latest scientific advances in that field, as well as in preventative measures.

In the field of legislative aid to fire fighters, Mr. Redmond spoke of establishment of a civil service system and tenure of office acts, and also for the creation of a system of pension annuities and retirement plan. Another measure discussed was a maximum hours law for firemen, which would aid in the building of a reserve unit for more serious fires. These measures would increase efficiency in actual fire fighting work, and also make the profession more attractive to the proper type of individuals. Higher pay rates would also bring better men into the departments, he said.

Mrs. O'Farrell Critical

Mrs. Arthur O'Farrell, of 711 North Grand avenue, who is a patient at the Bothwell hospital, remains in a critical condition.

Home From Clinic

Henry C. Eckhoff, of 1016 South Moniteau avenue, was returned home from the Robinson Clinic in Kansas City Friday in the Gillespie ambulance. He is much improved.

Street Job Was Finished Friday

Approximately $15,000 obtained from city gasoline tax, parking meters and from city license stickers, was expended for applying bituminous material on the city streets.

The city's job of seal or re-seal coating of nearly seven miles of city streets was completed Friday, and now the 12-Mile Road District has started to pour asphalt over city streets, which fall in the district's jurisdiction to maintain.

James I. Collins, city engineer, complimented residents of Sedalia, who were very cooperative in replacing blockades set up around wet asphalt streets, which were knocked down by motorists.

Sedalia now has more than 35 miles of seal-coated streets, and it is anticipated to have most of the streets lacking seal coating completed by next year.

The city engineer said before any seal coating can be applied with asphalt, the streets must have a sufficient base with either gravel or stone.

W. J. Menefee had the city contract to apply the asphalt and spread chat on the streets. The seal coat was measured and paid for on the square yard basis. Menefee has the paving contract of the 12-Mile Road district.

Author Partly Conscious

ATLANTA, Aug. 13—(AP)—Margaret Mitchell, author of "Gone With The Wind," partially regained consciousness today and recognized friends.

She was struck down and nearly killed Thursday night by a speeding car driven by an off-duty taxi driver.

Miss Mitchell, in private life Mrs. John Marsh, aroused from a coma today and got mad over being fed intravenously. She asked a relative to remove a tube from her arm through which a saline solution was being administered.

"When Peggy gets mad it's a good sign," said a physician and family friend. "The chances for her recovery look better today than we thought they would when she was brought in here."

Once when being given a drink of water, Miss Mitchell said she "hurt all over."

Boy, 15, Killed When Struck By Lightning

NORBORNE, Mo., Aug. 13—(AP)—Harvey Ogden, 13, was killed here late this afternoon when struck by lightning in the yard of his home.

His sister, Frances 17, was knocked unconscious by the lightning. She was reported improving tonight.

The boy and girl were taking clothes from a line in the yard when the lightning struck. The bolt hit a tree to which the clothes line was attached.

Harvey was a son of Mr. and Mrs. Herbert Ogden.

Man Killed On Way Home From Vacation

FULTON, Mo., Aug. 13—(AP)—William Earl Bartlow, 64, Huntsville, Ill., died today of injuries suffered in a motor car accident.

Mrs. Bartlow was reported in a serious condition at the Callaway county hospital.

The state highway patrol said the Bartlow car, traveling north on U. S. highway 54, collided with a dump truck traveling east on U. S. highway 40. The driver of the truck was not injured.

Mr. and Mrs. Bartlow were returning to Huntsville from a two-months vacation in the west.

Home From Hospital

Ernest Pfunder, of 116 South Massachusetts avenue, who had been confined to the St. Mary's hospital in Jefferson City with a broken leg, returned home Saturday, but will be confined to his home for a while.

Liquor License Issued

A license to sell liquor by the drink at the Interlude, 109 West Second street, was issued by the county court Saturday to Marie Randall. The license is to expire February 13, 1950.

Passion Plant Just Appears

A little vine started growing in the yard of Mrs. Morgan Thorn, 713 Lafayette avenue, and at first she thought it was weed or wild vine. For awhile she left it alone and then curious to know what it was, she trained it up a lattice. Then the vine began to bud and bloom, gorgeous big purple and white fringed flowers all over it. Other little plants began to come up as the seeds dropped. Her neighbors and friends were as interested in the vine as she was and she gave some of the plants to friends who now have a good start of the vine, too.

Saturday a friend of Mrs. Thorn brought two of the flowers to the Democrat-Capital office. They are passion flowers, so named because of their supposed resemblence of the corona to the crown of thorns, and of the other part of the flower to the nails or wounds, while the five sepals and five petals were taken to symbolize ten apostles. Peter, who denied and Judas, who betrayed being left out.

Mrs. Thorn has not the slightest idea how the vine started in her yard.

Rob Peabody's Tomato Patch

Guy Peabody, 1600 South Prospect avenue, has his shotgun ready and he says there is going to be shot in somebody's heels if they don't stay out of his tomato patch.

Mr. Peabody prides himself on his tomatoes. He has cultivated, fertilized, staked, watered and admired his tomato plants as they grew, blossomed and bore little green tomatoes that grew into big ones of perfection and then turned red. The plants, some now far above his head have been bearing tomatoes for sometime, a bucket full every two days.

Friday night Mr. Peabody looked his tomatoes over and decided to wait until morning to pick them. Saturday morning when he went out with his bucket there were only two tomatoes left. Somebody had taken every ripe tomato on the vines except two on the plant right at the back door. "I don't know why they didn't take those two," he said in disgust, "If they will come back I'll give them to them."

Joe P. Weller Is Injured In Fall

Joe P. Weller, 55, 1721 South Harrison avenue, was seriously injured, Saturday morning when he fell from a barn on his farm east of Bahner, Mo. Mr. Weller, according to information from his family suffered a broken back and possible internal injuries.

He was rushed to the Bothwell hospital in an ambulance where Dr. John Lamy rendered medical attention and reported his condition as being serious.

Mr. Weller was roofing a tall barn on his farm and it is believed a piece of tin on the roof came loose and when he stepped back on it, the tin rolled. He lost his balance and fell to the ground several feet below.

A son Dan was nearby and rushed to a neighbors and summoned aid.

Members of his family residing away from Sedalia were called home to be with their father.

Yanks Rally In Ninth To Hold 5-Game Lead

Beat A's 9-7 As Red Sox Win 5-1 In Twelfth

NEW YORK, Aug. 13 —(AP)—The New York Yankees scored four runs in the ninth inning to down the Philadelphia Athletics, 9-7, today and maintain their five-game American League lead over the Boston Red Sox.

Boston clipped the Washington Senators, 5-1, in 12 innings with Vern Stephens breaking up the game by belting his 30th home run of the season with the bases loaded.

Fowler Blew Up

Dick Fowler had the Yanks beaten, 7-5, on six hits when he blew up in the ninth. Pinch-hitter Billy Johnson doubled two mates home, Phil Rizzuto squeezed home the third and Tommy Henrich doubled home the fourth.

Lefty Joe Page, who relieved starter Vic Raschi in the seventh, gained his 11th triumph. Ralph Buxton pitched the ninth and retired the A's in order.

Kinder in 14th Win

Ellis Kinder went all the way for the Red Sox, scattering 13 hits in posting his 14th triumph. Kinder blanked the Senators after the first inning.

Mickey Harris, formerly with the Red Sox, started for Washington and was removed in favor of Joe Haynes in the sixth when Boston tied the score at 1-1.

Stephens homered on Haynes' first pitch to him in the third overtime frame to break it up. A walk to Kinder, sacrifice, fielder's choice and intentional walk to Ted Williams preceded Stephens' smash into the left field nets.

Tigers Beat Browns 12-9

The Detroit Tigers trounced the St. Louis Browns, 12-9, and as a result took over fourth place from the Athletics. Home runs by Vic Wertz, Hoot Evers, Johnny Groth and Dick Wakefield featured the triumph.

Dutch Leonard pitched the Chicago Cubs to a 5-4 decision over the Cincinnati Reds in the National League's only day game.

Leonard granted eight hits including Walker Cooper's 16th homer of the season in besting Howie Fox who went down to his 12th defeat.

A scheduled doubleheader between Philadelphia and New York and a single game between Boston and Brooklyn were postponed because of rain.

Phil Miller of K. C. Wins Dixie Doubles

ST. LOUIS, Aug. 13—(AP)—Phil Miller of Kansas City, holder of numerous titles, added the Dixie doubles to his collection today at the Creve Coeur Gun Club with 96 targets out of 100 to beat out favored Mercer Tennille of Shreveport, La., by one shot.

George Love, 20-year-old farmer from Bonville, Ill., won the preliminary handicap event with 98 hits in 100 tries. He belted 76 straight targets after missing Nos. 23 and 24 on the first trap. William Anderson of Obion, Tenn., was second with 97.

Lt. Jack Mann Wins All-Army Golf Tourney

SAN ANTONIO, Tex., Aug. 13 —(AP)— Lt. Willard M. (Jack) Mann won his second straight world-wide all-army golf championship today, routing Maj. Lawson Magruder, 6 and 4.

Mann, a Fort Worth soldier representing the Second Army, was four under par for the 32 holes he needed to beat the Fourth Army major from Camp Hood.

Mann's one-under-par 70 on the morning round had Magruder trailing him by six holes.

Maj. Gen. Floyd Parks beat Glenn Wilhide, 2 and 1, for the senior championship. Both officers represented the Pacific area and are stationed in Hawaii.

Eagles Defeat All-Stars 38-0

CHICAGO, Aug. 13—(AP)—Championship class paid off Friday night as the Philadelphia Eagles smothered the College All-Stars 38-9 to roll up the most decisive margin in the 16-year-old charity series.

Before a shirt-sleeved throng of 93,780 in flood-lighted Soldier Field, the Eagles, champions of the National Football League, pushed across five touchdowns, plus a field goal, against a completely bewildered collegiate array.

Only once did the hapless Collegians advance as far as the Eagles' 30 yard line in the entire contest. That was in the first period, which was a scoreless affair.

Fischer of Notre Dame Chosen Most Valuable Man

CHICAGO, Aug. 13 —(AP)— Bill Fischer, Notre Dame guard, was chosen by newsmen as the most valuable player on the college All-Star football team which lost 38-0 to the Philadelphia Eagles last night.

Selection of the 250-pound guard was announced today after a count of ballots. Close behind in the contest for a silver trophy to be presented at next year's game was Jack Mitchell, Oklahoma quarterback.

Barney Poole, former Mississippi and Army end, was third. Others who got votes are Alex Sarkisian, Northwestern center; Paul (Buddy) Burris, Oklahoma guard; Chuck Bednarik, Pennsylvania center; George Taliaferro, Indiana halfback; and Don Doll, Southern California halfback.

The official attendance for the game was 93,780. Gross receipts were $355,220.

Sandlot Tourney Starts Friday

WICHITA, Kas., Aug. 13—(AP)—The 15th annual National Baseball tournament for the sandlotters opens here Friday night.

A 32-team bracket, representing state and bi-state champions, will battle for the title under the double elimination plan.

The National Baseball Congress, sponsor of the tournament, estimates 15,000 opening night crowd which will bring together the Kansas and Missouri champions, the Wichita Cessna Wildcats and the Holcomb, Mo., Cardinals.

Expected for the opening night's ceremonies are A. B. Chandler, baseball commissioner; Joe E. Brown, film comedian; J. G. Taylor Spink, publisher of the Sporting News and N. B. C. Global commissioner, and George H. Sisler, N. B. C. U. S. commissioner.

Defending its national title in the two week tournament will be the Fort Wayne, Ind., General Electrics club.

Among the teams certified for the tournament so far are the Camden, Ark., Kraftsmen.

Jockey Injured At Ozark Empire Fair

SPRINGFIELD, Mo., Aug. 13—(AP)—A jockey was injured critically today in the opening horse racing program of the Ozark Empire Fair.

Buddy Maskrid, 47, of near Enid, Okla., was thrown in the fourth race when his horse stumbled and a stirup broke. Maskrid tumbled under the hind legs of the horse, then was trampled by several other animals.

At a hospital attendants said he was unconscious from a possible brain concussion. He also suffered internal injuries, compound fractures of the jaw and left knee.

Maskrid was aboard "My Buddy," owned by Mrs. E. Armstrong of Ringwood, Okla., when the accident occurred. He had ridden winners in the first and third races.

Palmer And White Lead Tam Tourney

Snead Trails By One Stroke Going Into Final Round

By Charles Chamberlain

CHICAGO, Aug. 13—(AP)—Buck White and Johnny Palmer rolled into a 54-hole deadlock at 11-under-par 205 today, only one strok ahead of Sam Snead as the Tam O'Shanter $35,000 "World" pro golf cash craze entered the final round.

Palmer, the Badin, N. C., hot-shot who was beaten by Snead in the 1949 National P. G. A. finals, banged a third round 69 to gain a stroke over the 39-year-old White from Greenwood, Miss.

White was the halfway leader with 135 yesterday while Palmer trailed at 136.

Temporary Blow-Up

After a temporary blow-up for a two-over-par 38 on the first nine, White settled down for a four-under 32, coming in for a 70.

Unruffled although a jazz combo was hot-licking it for Tom Collins drinkers just off the 18th green, White dropped a difficult three-foot putt to salvage a par 4 and create the deadlock.

White's off-line approaches and jittery putting blighted his front nine. Then he birdied four of the first six holes on the back side in a rally that sent tears of happiness into the eyes of an 8-year-old admirer, his son, Garrard.

$10,000 Top Prize

The $10,000 top prize which will go to the winner tomorrow probably looks bigger to the affable White than any pro in the field. His main bid to fame previously was losing a playoff to Jug McSpaden for the Tam O'Shanter jackpot in 1943.

Snead, who nearly shot himself out of the meet with an opening round of 72—even par is a poor score in this carnival—continued his uprising with a 68 for 206.

Four Others Under Par

Four more members of the par-wrecking crew were bunched at 208. Toney Penna of Cincinnati, 41-year-old Naples-born veteran, rounded out a 68 with a pair of 34's which included three putts for a two-over 7 on the ninth. Bob Hamilton of Landover, Md., fitted in with a 70 while Clayton Heafner and Jimmy Demaret made it snug each with 71's.

Jim Ferrier uncorked a 69 to become the lone member in the 209 bracket. National Open titlist, Cary Middlecoff, and defending Tam "World's" champion Lloyd Mangrum were locked at 210 after rounds of 70 and 69, respectively.

Navy To Build On Freshmen

ANNAPOLIS, Md., Aug. 13—(AP)—Navy is applying to football its classroom lesson that a ship is no better than its keel.

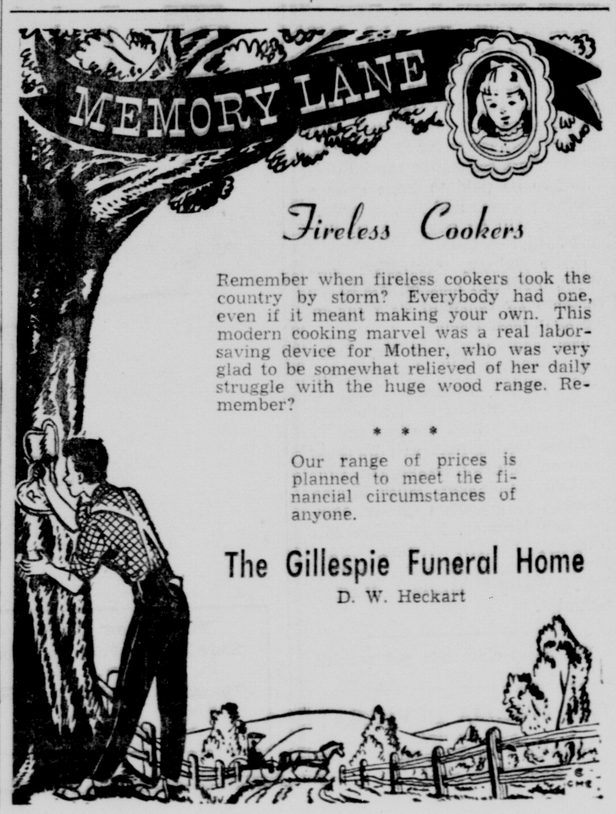

The Academy showed again today that it is making sure its blueprint for a gridiron comeback is getting the emphasis where it counts—at the bottom.

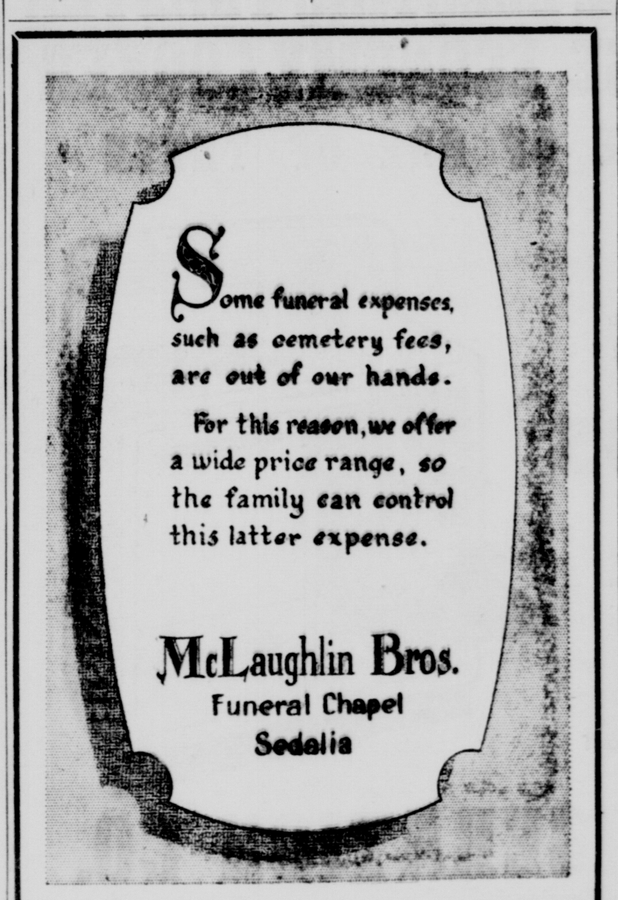

It announced that practice for 350 plebes (freshmen) will start Monday, August heat to the contrary. This is a couple of weeks before other college coaches will get a look at their squads.

And the scottlebutt in this victory starved area is that the incoming class is loaded with football material. Perhaps even better than last year's plebe team.

The 1948 freshmen were right good. They won all eight games, piling up 262 points to the opposition's 55. Coach George Sauer will use more than half of them on his varsity squad which reports Aug. 22.

The plebes are going to be coached by a man who is used to winning. Comd. Asbury (Red) Coward was appointed today to be their instructor.

Boy Sues to Annul Parents' Divorce

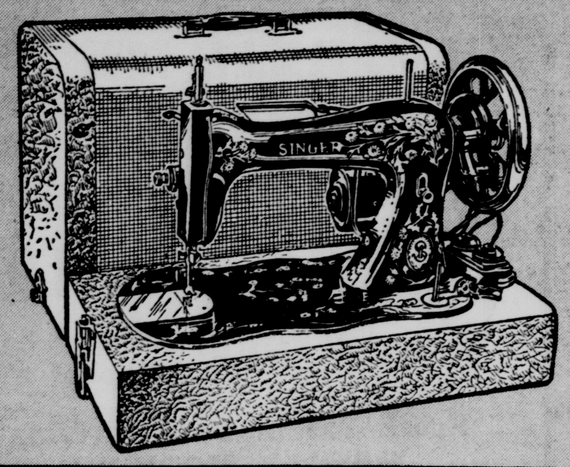

Mrs. Francis Farah holds her son, Ronald, 5, who is suing in New York State Supreme Court for anullment of his parents' divorce. The action was started by the mother in behalf of her son. The petition claims a 1945 Reno divorce obtained by his mother and guardian is not valid because she was not a bona fide resident of Nevada. The suit also asks $50,000 damages, claiming that the father, Henry Farah, a fabrics manufacturer, misrepresented his financial position in the divorce agreement. (AP WIREPHOTO)

Hot Denial From Air Secretary

General Vandenberg Calls Rumors "False" As To B-36 Purchase

By Morgan Reynolds

WASHINGTON, Aug. 13 — (AP) —Secretary of Air Stuary Symington Friday hotly denied that the multi-million dollar investment in the far-ranging B-36 atom bomber was based on "any considerations other than national security."

"An effort has been made," he said, "to show that the Air Force and I personally have done wrong in the purchase of the B-36."

"It is not true," Symington snapped.

Assuming personal responsibility for the decision to push the controversial superbomber program, Symington declared that it was made solely for military reasons. He said there were no political or business considerations involved.

Symington gave this testimony to the House armed services committee which is investigating the B-36 project to see whether any outside pressure was brought to bear in the awarding of the plane contract to the Consolidated Vultee Aircraft Co.

The inquiry was launched after Rep. Van Zandt (R-Pa) told the House he had heard "disturbing" reports about top defense officials and airplane makers.

Refutes Rumors

Before Symington took the stand, Gen. Hoyt Vandenberg, Air Force chief of staff, lashed out at the "false rumors and innuendoes," which he told the committee had damaged Air Force morale.

At the same time Vandenberg flatly declared that this country's possession of the atom bomb—plus the ability to "deliver it"—provides the major check on "the aggressive designs of Soviet leaders."

The tall slender air chief who has just returned from a military survey in Europe, bluntly told the lawmakers:

"There is only one major military threat to the security of the United States and the peace of the world. It is pointless to talk in riddles—this threat comes from the Soviet Union."

Vandenberg then went on to say that "for the next few years the B-36 provides the spearhead for the ready-for-combat force in being, which this country must constantly have at hand."

When Symington took the stand in his own defense he read a statement denying point-by-point charges first made by Rep. Van Zandt last May.

At that time Van Zandt told the House he had heard reports that Symington planned to resign shortly to head an aircraft combine being formed by Floyd Odlum, head of Atlas Corp., which controls Consolidated, the makers of the B-36. Van Zandt also reported that Odlum had helped Symington and Secretary of Defense Louis Johnson raise campaign funds for the Democratic party last fall.

Symington said these charges were "not true." And he acidly remarked that Van Zandt, a committee member, "has been here hardly at all this afternoon."

"I think he should stay in here and face us," Symington added.

Fisherman Finds Body In River

MARSHALL, Mo. Aug. 13—(AP)—The body of a man about 45 years of age was found floating in the Missouri river near Arrow Rock Friday afternoon by Earl Kuhn, a fisherman.

Dr. C. L. Lawless, Saline county coroner, said the man was 5 feet 9 inches tall, had black hair slightly gray, a full set of natural teeth, and wore brown gaberdine trousers, a white shirt and new tan oxford shoes.

The name "Mitchell" was stamped on the pocket of the trousers along with two series of numbers, believed to be laundry marks, Lawless said. There was 72 cents change in one pocket.

The coroner said he found no evidence of violence on the body.

Twelve Hospitalized After A Chicken Dinner

ST. JOSEPH, Mo., Aug. 13—(AP)—Twelve persons were hospitalized here Friday suffering from food poisoning after they had consumed a chicken dinner at a local residence.

Hospital workers said the victims included Mrs. Frank Howard, her six children and relatives.

Mrs. Howard's husband, a hospital employe, summoned an ambulance after hearing his wife and family had become ill.

Truck Drivers Fined For Careless Driving

Two truck drivers were fined $50 and costs, each, before Magistrate Judge W. M. Ilgenfritz, Friday, after they pleaded guilty to charges of careless driving. They were William Lee Gamm and Floyd H. Agee, both of whom were driving large trucks of the tractor-trailer type. They were arrested August 8 by State Patrolman Peter Stohr. The information in the case alleged speeds of up to 70 miles per hour.

Two other truck drivers had recently been fined on similar charges after being picked up in similar circumstances.

Judge Hyde Be Chief Justice

JEFFERSON CITY, Mo., Aug. 13—(AP)—Judge Laurance Matick Hyde was named chief justice of the Missouri Supreme Court Friday.

The 57-year-old judge has been a member of Missouri's highest court since 1942. Before that he served 11 years as a commissioner of the supreme court.

Hyde succeeds C. A. Leedy, Jr., as chief justice.

The seven judges of the supreme court choose their own chief justice for a four year term. But during the past few years the usual term has been about 17 month, thus relieving the judges of the added duties as chief justice more frequently.

Judge Leedy started serving as chief justice Feb. 14, 1948.

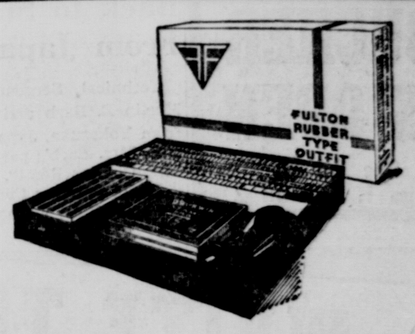

Estimate Quake Toll Over 6,000

QUITO, Ecuador, Aug. 13—(AP)—President Galo Plaza Lasso said Friday latest figures raise the estimated number of persons killed in Ecuador's earthquake last Friday to more than 6,000.

Previously he had given a figure up to 4,000. He emphasized it is not possible to fix the exact number but that all calculations, including that of a United States relief mission, "tend to raise the 4,000 figure to more than 6,000."

The President said total property damage was placed at 1,000,000,000 sucres ($67,500,000).

More earth tremors were felt in the quake area of East Central Ecuador last night, but no damage was reported.

Hay Fever Victims Have New Defenses Agaist Ragweed

By Alton L. Blakslee
Associated Press Science Reporter

NEW YORK, Aug. 6—(AP)—The shotguns of the hay fever season start firing soon, but there are some new drugs and ideas to aid the victims.

The shotguns are the pods of ragweed. They discharge their pollen in sudden slugs or bursts. A single pod may send out a million grains of pollen. The shooting starts in August and keeps on through September or October. During a season, it's estimated, the weeds broadcast 1,000,000 tons of pollen.

The tiny pollen grains (2500 equal one inch) soar on the breeze and spread misery. Ragweed is the main bane of some 7,000,000 hay fever sufferers in the United States.

One counter-attack opened with the use of the weed-killer 2,4-D. Many cities and towns are spraying vacant lots and other favorite abodes of ragweed each June and July. The sprayings have killed off large areas of ragweed.

Engineers Tackle Problem

Public health engineers are tackling the problem, too, using engineering skills to set up defenses against the pollen barrages.

Winds carry the pollen for miles, but there's a suspicion that the plants right in your own neighborhood are often the main troublemakers, says C. J. Velz, head of the civil engineering department, Manhattan College.

Pollen counts as high as 10 million grains to the cubic yard have been measured in the middle of ragweed patches. A count of 100 to the yard is generally thought to be enough to start most susceptible people sneezing.

But counting stations may be placed too far away from local patches of weeds to pick up the broadcast for them. Wind-borne pollen may thus sometimes be blamed for the suffering when the victims actually sniffed heavy loads from their own backyards, Velz told the northeastern states weed control conference.

Good Instruments Needed

Good, cheap instruments are needed to measure the instantaneous pollen count to learn what effects winds and local patches are having, he said. They must be located in carefully-chosen places.

The measurement method most used to expose a sticky slide for 24 hours, and then count the grains that settled on it by gravity. But this doesn't show how many at a certain hour, or how the wind affected the aerial cargo. Another method removes the pollen from a measured amount of air passing throug an instrument, but this is expensive.

Topography plays tricks, too. pollen-laden winds hitting a hill or mountain sweep upward, and may ride high over a valley, localities far beyond the valley may get the pollen when the air currents come down again.

Meanwhile, chemists have produced more than a dozen new drugs that help relieve the distress of hay fever. Most of them combat histamine, a substance released in the body and believed to be a main cause of allergies. Some of the latest drugs give long-lasting protection.

Avoid Accident As Truck Swerved

Friday afternoon at 4:55 o'clock the fire companies made a run to near Main street and Missouri avenue where a truck driven by Walter Fisher was afire due to an overheated exhaust pipe. Damage was slight.

In making the run a woman and little girl at Third street and Missouri avenue narrowly escaped being struck by the truck of headquarters company.

The brakes on the truck failed and it was necessary for George Smithers, the driver, to instantly swerve it to avoid what might have been a traffic accident with serious consequences. His alertness, however, according to Chief John Lueck, averted such an outcome.

Mrs. Add Johnson

Mrs. William Todd was hostess to the Clifton City Homemakers club in an all day session at her home Wednesday, August 3rd, with eleven members, five visitors and eight children present.

At noon a contributive dinner was served. In the afternoon the president, Mrs. J. J. Potter called the meeting to order by singing the club song, "A Song of Peace." Roll call was answered by each member describing their wedding dress. During the business session, Mrs. Floyd Streeter, 4-H club project leader, told of the 4-H achievement day which she recently attended at Bunceton and also of the red, white and blue ribbons won by Clifton City members. In the absence of the program leader, Mrs. Add Johnson, Mrs. Streeter also had charge of a short program on health. The principal feature of the program was a book review, "Mrs. Mike," and was given by Mrs. G. V. Streit and was enjoyed by all. Visitors present were Mrs. G. V. Streit of Smithton, Mrs. Less Layne of Otterville, Mrs. Floyd Dickson and Mrs. Cleo Robbins, of Kansas City, and Mrs. J. M. Johnson. The meeting adjourned late in the afternoon to meet with Mrs. J. G. Harlon the first Wednesday in September.

Mrs. Cecil Decker received a telephone call early Monday morning from Mrs. Josephine Duke of Kansas City, Kas., stating Mrs. Duke's mother, Mrs. Betty Veazey, had died at 7:45 o'clock Sunday evening. Mrs. Veazey was 89 years of age and was the former Miss Betty Potter. She was born and reared in this community. After her marriage she continued to live here until her three children, Alma, Grace and Josephine, were also reared to womanhood. Later Mrs. Veazey moved to Sedalia and after the marriage of Josephine, now Mrs. Duke, was married she moved to Kansas City to be near her daughter. She is survived by one daughter.

Funeral arrangements had not yetbeen completed, but the funeral services were held in Kansas City Wednesday.

The Rev. Father Philip Aggler of California and his father Frank Aggler, of Pilot Grove, visited here last week with a brother and son, Hubert Aggler and family. The Rev. Aggler had charge of the services at the Martinsville Catholic church Sunday morning and Hubert Aggler and family from here attended the services. Following the services they attended the Aggler reunion at the home of Herman Wirths near Lamine station, with thirty-one present.

Mr. and Mrs. John Pabst had as their guests Tuesday Mr. Pabst's sister Mrs. Rose Wessing of Clear Creek and two pieces, Mrs. Clem Ferguson and children of North Carolina and Mrs. Leona Lastico and children of Parsons, Kas.

Those from Clifton City who attended the supper and picnic at Cole Camp Catholic church Sunday evening were Mr. and Mrs. Emil Pabst, Mr. and Mrs. Joe Gerke and sons William Gerke and Mrs. Gerke and T. L. Gerke and his friend, Miss Teressa Kraus of Pilot Grove and Mr. and Mrs. Harold Rugen and family.

Mrs. J. H. Potter, who is staying in Kansas City with her daughters, Mrs. Al Neyhart and family and Mrs. Harry Miller and Mr. Miller, while her husband is a patient at a veteran hospital in Olathe, Kas., spent the weekend here at her home. Mrs. Potter was accompanied by Mr. and Mrs. Miller and Mrs. Potter's sister, Mrs. F. S. Needy, and Mr. Needy, attended the annual Geheringer reunion held at Liberty park in Sedalia, Sunday.

Mr. and Mrs. G. L. Show attended the commencement exercises at Hendrick's Hall, C.M.S.C. at Warrensburg last Thursday morning at 10:00 o'clock. Their daughter, Miss Mary Rosemenia Shaw being one in the graduating class.

Mr. and Mrs. Junior Cox and daughters, Donna Sue and Linda Lou, of Wichita, Kas., were guests of his parents, Mr. and Mrs. H .S. Cox, at Clifton City, and Mrs. Cox's parfents, Mr. and Mrs. Hubble White, of Sedalia.

A new synthetic fiber that will rival and surpass nylon in many uses is about to go into production. The new fiber is said to possess great strength and to have superior resistance to wear, heat, and chemical action.

Mrs. Add Johnson

Mrs. Susie Todd has been ill for several days, suffering with intestinal flu.

Mrs. G. V. Striet of Smithton was a guest of Mrs. J. G. Harlan here from Sunday until Wednesday. On Monday another guest in this home was Mr. and Mrs. Hartan's daughter, Mrs. Clarance McMillen, of New Franklin.

Mrs. B. I. Bidstrup received a telephone message Monday from her daughter, Miss Adda who has employment in St. Louis, stating that she had arrived in St. Louis after a three week vacation which she spent with her brother Paul Bidstrup of Balboa in the Panama Canal Zone. Miss Adda made the trip by plane, her first stop being at Miami, Fla. She also visited Jamaca, P. R. and other islands. She stated she had a wonderful trip being very educational as well as interesting.

Mr. and Mrs. Virgil Kempf of Kansas City, spent the week-end here with Mrs. Kempf's parents, Mr. and Mrs. Emil Pabst.

Mrs. W. L. Smith visited her son Mace Smith and family in Sedalia the first part of last week. While there Mack had the misfortune of losing a small portion of the index finger on the left hand. Mr. Smith rides a motor bicycle to and from his work at the Missouri Pacific shops and while on his way to work accidentally caught his finger in the motor and amputation of the finger was cut off. He went to the Bothwell hospital where surgical treatment was given. Mr Smith was off duty for a couple of days but is now able to be back at work.

Mr. and Mrs. W. B. Hurt and son Bill of Sedalia were at Pleasant Green Saturday afternoon on business. Enroute home they stopped at Clifton City and visited with Mrs. Hurt's mother, Mrs. Daisy Higdon. Mr. Hurt's parents Mr. and Mrs. Ewing Hurt of Pleasant Green left last week for Greely, Colo., to visit Mr Hurt's sister, Mrs. Lydia Powell.

Mrs. Floyd Dickson and a friend Mrs. Cleo Robbins, of Kansas City and Mrs. Maria Layne of Otterville visited here Wednesday evening with Mrs. Dickson's mother and Mrs. Layne's sister, Mrs. Susie Todd. On Thursday Mrs. Layne accompanied Mrs. Dickson back to Kansas City where Mrs. Layne is visiting in the Dickson home and with other relatives.

The Clifton City Community Club held their regular monthly meeting at the school house Thursday night with Mrs. Olyn Rugen and Mrs. Floyd Streeter and Mrs. Hubert Aggler leader in charge. At the conclusion of the program, two members of the Homemakers club, Mrs. Daisy Higdon and Mrs. C. A. Higdon served refreshments.

Early colonial families often made nails by hand to earn extra money.

In early colonial days, when families made nails at home, a good worker could turn out 2,000 small nails a day.

Four Addresses For President

WASHINGTON, Aug. 13—(AP)—The White House Friday announced four speaking engagements for President Truman, including talks on Labor Day, Sept. 5, at Pittsburgh, Pa., and Des Moines, Ia.

Mr. Truman will speak before the golden jubilee national convention of the Veterans of Foreign Wars in Miami, Fla., at 11:30 a. m. (Eastern Standard Time) Aug. 22.

On Monday, Aug. 29, the President will address the 31st annual convention of the American Legion in convention hall at Philadelphia at 2 p. m. EST. Prior to the speech he will attend a luncheon in the Bellevue-Stratford Hotel. There he will receive the Legion's distinguished service medal and probably make a few informal remarks.

On Labor Day, the President will address the Allagheny Free Fair at Pittsburgh around noon EST.

He will fly from there to Des Moines where he will address the annual convention of the AMVETS, American Veterans of World War II, in late afternoon.

Presidential Secretary Charles Ross said details of the trips still are being worked out. He said plans are for Mr. Truman to fly to each of the four cities in the presidential plane, "The Independence."

Ross said subject and length of the four speeches have not been determined.

First Week Of Training Ends

FORT LEONARD WOOD, Mo., Aug. 13—(AP)—Seven thousand National Guardsmen of Iowa and Nebraska Friday wound up their first week of maneuvers at Fort Leonard Wood.

They are members of the 34th infantry division, commanded by Maj. Gen. Ray C. Fountain of Des Moines. This is the first time the unit, known as the Red Bull outfit, has come here for the summer field training.

The encampment will end next Friday, which is governors' day. Governors Val Peterson of Nebraska and William S. Beardsley of Iowa will review the troops of the two states. Governors Forrest Smith of Missouri and Frank Carlson of Kansas have been invited to attend.

As the 34th moves out the 35th of Missouri and Kansas will move in for their field training.

Three Drown As Boat Capsizes

OSCEOLA, Mo., Aug. 13—(AP)—A woman and two small girls drowned Friday when their motor boat overturned in the Osage river 15 miles west of here.

The victims were Mrs. Millie Larson, 36; her seven-year-old daughter, Leona, and her niece Norma Jane Wilson, three.

The Larsons lived on a farm near the scene of the tragedy. The Wilson girl was the daughter of Mr. and Mrs. Earl H. Wilson, Eldorado Springs, Mo.

S. B. Goodrich, St. Clair county coroner, said the three with Mrs. Wilson were setting out trot lines in the stream. As they came to land, he said, the boat suddenly whipped about and overturned, throwing the occupants into the water.

Mrs. Wilson, who with her daughter was visiting at the Larson home, managed to escape. She later recovered the bodies of Mrs. Larson and that of her own daughter. The body of Leona Larson had not been recovered late today.

Starlings Hold Back Hands On Big Ben

LONDON, Aug. 13—(AP)—Big Ben, famed London clock atop the Parliament building, failed to ring at 9 o'clock tonight.

Listeners to the British Broadcasting Company's 9 o'clock news were startled to hear the news begin without the familiar Big Ben chimes, signal for the program's start.

The BBC later announced that Big Ben was running four minutes slow—"swarms of starlings are sitting on the hands holding them back."

Memo to Plymouth Salesmen

Value-wise buying gives you a big edge—

You sell the car that likes to be compared!

Value is first and foremost in the minds of those who are buying new cars today. This gives the Plymouth salesman a big edge . . . for you sell the great *value car* in the low-priced field.

You can prove Plymouth value by comparison—*feature for feature*. As you know, among the three leading low-priced cars, Plymouth has the *longest wheelbase* for greater riding comfort—the *highest compression ratio* for greater engine performance and economy. In fact, of 22 quality features found in high-priced cars, Plymouth has *21*—low-priced car "A" has *13*—low-priced car "B" has only *4!*

Yes, you can prove Plymouth value where it counts the most—by actual demonstration on the road. Get the value-wise buyers to drive "all three" and compare. The new Plymouth will do the rest!

The bride chose for her wedding a street length dress of gray with which she wore black accessories and her shoulder corsage was red rosebuds.

Mrs. Turner is the daughter of the late Mr. and Mrs. William Witcig.

Mr. Turner is the son of the late Mr. and Mrs. C. L. Turner, and has been a prominent farmer in Pettis county for many years.

The couple will reside at 510 East Thirteenth street.

Miss Edwina Lee became the bride of Norris Dean Kay Sunday afternoon, August 7, at the home of her parents, Mr. and Mrs. J. T. Lee, in California, Mo. The double ring ceremony was performed by the Rev. George W. Heslar before an improvised altar decorated with white gladioli and huckelberry. Preceding the ceremony William Todd played "O, Promise Me" and "I Love You Truly." He also played the traditional wedding marches. Billy Kay, brother of the bridegroom, lighted the candles and John Kibbe served as usher.

The bride was escorted down the stairway and given in marriage by her father. She wore a two piece afternoon dress of gray lace over pink taffeta. The fitted bodice was trimmed with tiny velvet buttons, and the skirt fell in circular folds. Her halo hat was pink with pink flowers encircling the crown. She wore gray mitts and dark blue suede slippers. She carried a bouquet with a shower of white ribbon.

Miss Gwendolyn Lee, sister of the bride, was her only attendant. She wore a toast brown lace over salmon taffeta styled like the bride's dress. Her hat was a bandeau of the brown lace and her mitts of the same brown lace. She carried a nosegay of yellow roses and yellow gladioli.

Captain Marvin Kay, brother of the bridegroom, acted as best man.

A reception at the home followed the ceremony. The bride's table was covered with a white linen cloth and was centered with a huge bouquet of white asters and white pompom chrysanthemums in a crystal bowl to match the candelabra which held the white tapers. The three-tier wedding cake was encircled with tuberoses and huckelberries. It was topped by a miniature bride and groom and a music box which was played while the first piece was cut by the bride and groom. Mrs. Norman Thompson of Sedalia served the cake and Mrs. Robert Hogge served punch. Miss Geraldine Oesterly, Miss Barbara Hadley, Mrs. R. W. Heck and Mrs. W. S. Lemen assisted generally in the dining room. F. C. Harra, uncle of the bride, had charge of the guest register.

FOR HAPPINESS FOREVER - GIVE JEWELRY

Style Guide for today's woman

By Frances Sagaloff at Sage's

Suit news is good news—rich colors, in exciting fabrics with expert tailoring. What style is best?—take your choice, long jackets or short jackets; fitted ones or boxy. Collars are small and usually high-buttoned. Much accent is on the pockets. Sharkskins are making their appearance in deep red and burnt yellow as well as brown and black. The length of the skirt has climbed a bit and 13 inches from the floor is correct. Three-piece suits are popular again and are beautiful in tweed. Tweeds are new and are making head-lines. They have that GOOD look and are extremely practical. Buy a matched three-piece tweed suit and take one of the minor colors in it for the color of your second suit. You'll be proud of your selection.

LOOKEE, MA!—This isn't Rudolph Valentino, whose "great lover" silent films had the flappers flopping all over in the '20's, but it's the next best thing, thinks Hollywood producer Edward Small. The "Rudy" above is Tony Dexter, of Talmadge, Neb., one-time football star and GI sergeant. He'll play the name role in the forthcoming film "Valentino as I Knew Him." His selection from among 75,000 applicants ended the greatest talent hunt in screen history.

Competition To Be Keen In Auto Races

Winning Drivers To Clash Again At State Fair

Sharp auto racing rivalries that have colored early season speed events from Florida to Minnesota will probably flare in new intensity when the nation's leading dirt track stars clash on the Missouri State Fair oval at Sedalia Sunday, August 21, and Saturday, August 27.

This, at least, was the forecast here Saturday of Gaylord White, Glendale, Calif., operations manager for National Speedways, Inc., the new promotional organization named by fair officials to supervise the motor speed events at the 1949 exposition.

"Toss-Up All Year"

"It's been a toss-up all year," said White, who arrived in the city to map plans for the two-day racing jamboree. "No less than four different drivers have all won features on our circuit this season."

Besides these, White said that champions and leading challengers from other major racing circuits are being lured to Sedalia for the fair events.

Feature Race Winners

On the National Speedways circuit, Frankie Luptow of Tampa, Bobby Grim of Indianapolis, Deb Snyder of Kent, O., and Al Fleming of Indianapolis have all won feature races, according to White.

He credits the wide open character of competition on his circuit to the fact that the same rules governing piston displacement at the Indianapolis Speedway 500-mile race apply at all National Speedways programs.

Even Starts

"This means they all start even," he explained. "No driver with a big out-sized engine can run away from the field. At Danville, Ill., two weeks ago, the four fastest cars qualified within half a second of each other."

White believes that a system of staggered reverse starts, designed to handicap the fastest qualifiers, has also been an important factor in sharpening up the competition. The system will be used at the State Fair.

The race official predicted a field of around 40 cars and drivers, with probably nine or ten Offenhausers slated to see action.

Reserved Seats Sold For Next Sunday

All reserved seats for the automobile races at the Missouri State Fair for Sunday, August 21, have been sold, it was announced Saturday by Admissions Superintendent Robert Henderson, but there still will be about 10,000 general admission seats in the grandstand. Reserved seats for Saturday, August 27, when the same cars and drivers will be seen, still are available, however.

Reserved seats, in the boxes, are $1.20, tax included, while general admission is fifty cents, including tax. The reserved-seat price covers admission to the grandstand. Demands for seats in advance have been heavier this year than ever before, Secretary Roy S. Kemper said, indicating a record attendance at the 1948 fair.

Calia May Reach Top In K. C. Races Tonite

KANSAS CITY, Aug. 14 (Special)—Chances for Vito Calia, of Kansas City, to regain his top rating on the midget auto driver's roster at Olympic Stadium will come up tonight. The season's 16th program is scheduled to start at 6 o'clock.

The Kansas City runnerup narrowed Bud Hemphill's lead by winning his fourth feature event of the 1949 season with his pace-setting No. 3 Lavender Offenhauser. Calia finds the prospects pretty bright as Hemphill, of Pryor, Okla., gained only a few points in winning the 15-lap semi-classic race.

The third-rated Cecil Green, of Houston, Tex., is due for a good break one of these Sundays after four sour week-ends of racing at the K. C. oval. Two accidents and last week-end's brake trouble slowed down the Texan while Speedy Matheny, of Rosenberg, Tex., has duplicated Green in the daring fence-riding fashion of driving in which fans are accustomed to seeing Green compete. Matheny did a complete turnabout last week-end after colliding with the fence. Dropping from third to sixth position, Matheny finished in second spot.

Rain Postpones Davis Cup Matches

RYE, N. Y., Aug. 13— (AP) — Rain again snarled up the interzone Davis Cup tennis finals between Italy and Australia today, forcing a postponement until tomorrow and bringing the possibility of an argument over the doubles match.

Australia is leading, one match to none, by virtue of yesterday's damp victory by Billy Sidwell over the Italian tennis ace, Giovanni Cucelli. The second singles match, between Frank Sedgman and Marcello Del Bello, and the doubles were to have been played today.

Walcott Out-Weighed In Tonight's Fight

STOCKHOLM, Aug. 13—(AP)—Jersey Joe Walcott of Camden, N. J., will give away 15 pounds in his 12-round heavyweight fight with Olle Tandberg, the Swedish champion, here tomorrow night.

The American weighed 194 pounds tonight while Tandberg scaled 209. They met for the first time at the weighing-in ceremonies, held before 10,000 spectators at the World Sport Fair.

A crowd of 43,000—largest ever to see a sporting event in Scandinavia — is expected to jam the Rasunda soccer stadium, Sweden's biggest outdoor arena, for the fight beginning at 7:10 p. m. (2:10 p. m., EST).

Cards Drop Back Into Tie With 6-3 Loss

To Pirates, With Munger Pitching Against Dickson

ST. LOUIS, Aug. 13—(AP)—The Pittsburgh Pirates forced the St. Louis Cardinals to again share the National League's top perch with the Brooklyn Dodgers tonight when they snapped the Redbirds' five-game winning streak, 6 to 3, before 25,745 disappointed fans.

The Dodgers were idle today because of rain.

Little Murray Dickson, although touched for 11 hits, was tight in the clutches and received some solid batting support from his mates.

Ralph Kiner pounded out his 30th homer, to tie Vern Stephens of the Boston Red Sox for the major league lead.

Three Runs in Fourth

Kiner's boundary belt touched off a three-run rally in the fourth. The Pirates added two more on singles by Dixie Walker, Joe Bockman, Monte Basgall's fly and Phil Masi's single.

The Corsairs sent Red Munger to the showers with a two-run splurge in the fifth. Tom Saffell and Johnny Hopp singled and Walker brought them both across with his third hit, a long double to left center.

Tubby Ted Wilks came in after Walker's blow and got the side out, but the smoky city outfit got to him for a run in the seventh on Stan Rojek's single, Saffell's double and Kiner's fly.

Northey Opens Scoring

Ron Northey opened the Card scoring with a left field double in the second. Glenn Nelson fanned and Joe Garagiola was purposely passed, Tommy Glaviano crossed up the strategy by singling Northey in, but Munger fanned for the third out.

Dickson then blanked his former mates until the fifth when three straight singles by Red Schoendienst, Lou Klein and Stan Musial and Enos Slaughter's infield tap produced two runs.

Northey opened the eighth with his second double, but Dickson stifled the threat, aided by a great stop by Rojek of Glaviano's grounder for the third out.

The defeat snapped Munger's winning string which had reached five straight. It was also the first time in their last six games that the Redbird starting pitcher failed to finish.

K. of C. Enters Tourney Tonite

The Knights of Columbus softball team has entered the district tournament being held at Marshall, starting tonight. The Knights drew as their first round opponent, Sweet Springs, with whom they have split two games this year. They meet tonight at 7:15 o'clock.

Twelve teams are entered in the double elimination tournament. The Knights are in good shape for the games, with the exception of Wall, who injured his knee at Lincoln, Friday night, but expects to be back in action soon.

The Knights have an excellent mound staff, with Schwermer, Lyles, and Cramer rotating in the games played to date. They have just completed the Tri-County league tournament.

The following players, in addition to the pitcher named, will make the trip: C. Weller, D. Weller, Wall, Bergman, Means, R. Dick, Ash, Jackson, Vilmer, and H. A. Bundy, manager.

Joie Chitwood Thrill Show August 28th

Closing Day Of Fair Features Nationally Known Stunt Drivers

Headed by three-time AAA auto racing champion Joie Chitwood, in person, a coterie of lead-footed speedway and dirt track pilots, augmented by a congress of Hollywood motion picture stuntmen, will strike up a flirtation with [illegible] at the Missouri State Fair Sunday, August 28. They will appear both afternoon and night.

The first of 27 smashing speed and thrill events will get the starting bomb at 2:00 and 8:00 o'clock. The Chitwood speed and thrill spectacle, which rated a three-page spread in Life magazine recently, and is currently featured in a Paramount Pictures film release has a running time of two full hours of thrill-packed entertainment hardly designed for spectators with weak hearts.

Daredevil Stunts

Carrying and using an entire fleet of 1949 Ford automobiles in the presentation of Roman racing and hell-driving events, slide-for-life features, deliberate crash snap-rolls with racing automobiles, aerial criss-cross features in which a new car is hurtled through space in a ramp-to-ramp leap while a second new car, racing at its side, is broadsided between the ramps and immediately underneath; blazing barrier crashes and other equally hazardous feats round out the speed and thrill spectacle.

Motorcycles Too

A repertoire of stunts astride roaring motorcycles combined with the auto stunts offer a variety of action for the devotees to the two-wheelers as well as to the average auto stunt racing fan. Heading the list of motorcycle daredevils is none other than Ellis "Buttercup" Pierce, Jacksonville, Fla., speedster who has held numerous national motorcycle racing championships and rates on the same high plane in the motorcycle speed world that Joie Chitwood ranks in the auto speed sport.

Following the Chitwood World Champion Auto Daredevils stunt program at the fair, the organization will head westward, playing engagements at Houston, San Antonio, Phoenix and San Diego enroute to Hollywood where the Chitwood Daredevils will be featured in the thrill sequences of a forthcoming film tentatively titled "Thrill Show."

Merchants Lose 17-3 To Windsor

The Sedalia Merchants softball team suffered the worst defeat of the season, Friday night, in dropping a pre-tournament warm-up game to Windsor, 17 to 3.

The Merchants displayed none of the form that enabled them to pile up their season record of 19 wins and three losses. The Merchants jumped to a three-run lead in the first half of the first inning on a triple by Carver, a double by Simon, and a homer by Paul Evans. Windsor came back in their half of the first to score 11 runs on five hits, four walks, and two errors to assure them of the victory.

J. J. Paxton, pitching his first relief role of the season, followed McNeil and Klink to the mound in the third and allowed Windsor only one hit in the four innings he worked.

The Merchants also lost to Manila, Tuesday night, in a game played on the Green Ridge diamond, by a score of 10 to 5.

The Merchants have entered a state district tourney at Marshall and drew Concordia as their first opponent in a game to be played at 7:30 Monday night. They will leave from the corner of Vermont avenue and Wilkerson street at 6 o'clock that evening.

Curtice Wins $72,750 Futurity

CHICAGO, Aug. 13—(AP)—Curtice, a fast finishing son of Roman, today carried the colors of Mrs. Emil Denemark, Chicago, to a surprising three-quarters of a length victory over the Calumet farm's Re-armed in the $72,750 Washington park futurity.

It was the first victory for the $13,700 yearling purchase, although the colt had never been out of the money in six previous races. It also was the most important event ever won by the Chicago sportswoman, who collected $57,850 first prize.

Curtice, ridden by the veteran Ovie Scurlock, sprinted the six furlongs in 1:10 1/5 to clip a fifth of a second off the best time ever recorded for the juvenile test, the 1:10 2/5 established by Calumet Farm's Bewitch two years ago.

Third place in the 11 horse field went to William M. Peavey's Wisconsin Boy, winner of the Arlington Park futurity. Wisconsin Boy, ridden by Jack Chestnut, finished only half a length in back of Re-armed which went to the post an even money favorite.

Floral finished fourth. The six other two-year-old colts were outdistanced and never in the running.

Sport Scraps

By D. KELLY SCRUTON

TIME passes on—new faces are seen from time to time in auto racing. Coming this next Sunday to the Missouri State Fair will be the old "Buddy Callaway," Curtiss-powered racing car to be piloted by 23-year-old Stan Callaway. The youthful driver is a nephew of the former favorite on the local track, the late Buddy Callaway of Miami, Fla.

Buddy in his career thrilled the racing thrill seekers with his big high-powered motor and was always a contender with the late Gus Schrader. He will also be remembered as the race driver who had more bad luck in Sedalia than any other driver. He has crashed the local fences not once, not twice, but several times. However, his wrecks never kept him from competing the following year.

Stan Callaway

About four years ago Buddy died after an illness of two years. His illnes was brought on by his injuries suffered in the numerous crashes he experienced during his career. After his death his brother, L. J. "Foggy" Callaway, a race drived, put his helmet on the hook and called it quits.

Then "Foggy's" son, Stan decided he wanted to carry the Callaway name back to the dirt tracks in automobile racing. He slipped away and entered several meets. Stan, like Uncle Buddy, met with some tough experiences early this season. Twice he has crashed the fences—but he still races on. He has steady nerves, the kind that make great drivers, and its predicted Stan Callaway will be as good a driver as either his father or uncle. Racing promoters say he will be even greater and should be one of the country's top-notch dirt track drivers in a short time.

We who knew Buddy and Foggy all wish Stan a lot of luck.

THERE isn't any doubt that the Missouri State Fair is close at hand. The advance men for auto races, thrill shows, carnivals and what-have-you, have arrived and are giving us all the dope as to what to expect at the Missouri State Fair. In fact, late Saturday night, John Engel, who is the public relations advance man for the Joie Chitwood World Champion Auto Daredevils, stated his show is the greatest on the road today in the United States and elsewhere.

There will be no argument with Mr. Engel, who came in advance to our good friend Aut Swenson—due in Tuesday—as to what type of show he represents. Life Magazine, Time Magazine and the Billboard Magazine, have carried reams of press notices supporting his statements.

Jay Leipzig, who represents the Johnny J. Jones Exposition, Inc., the carnival, likewise, feels the same about his midway shows. Jay tells us it is a train show and not to be confused with the small truck carnivals, and has everything anyone would want for an evening of enjoyment.

Roy Kemper, secretary of the State Fair, sums it all up with: "We are bringing to the Missouri State Fair the best in entertainment for fair goers and everybody can expect to find just about any type of fun they desire."

Bearing out his statement, Mr. Kemper secured the Grand Circuit of harness racing for Missouri this year for five days—hence horse race lovers can see the best of horses on the Missouri track this year.

The horse show comes in for a plub with more entries this years than have appeared before lovers of show horses in several seasons.

GENE Williams, manager of the Junior Athletics, was about the most disappointed young man in Sedalia, Saturday night. His game with the Blue Valley Merchants of the "3-2" league was called off because of rain. He is looking forward to Tuesday night when they will play the game—if rain doesn't fall.

Gene is about the most interested young man around Sedalia in baseball. He hopes himself to try out for the Junior Legion next season. If he don't make the grade he'll manage another Junior team.

He loves baseball, he loves to play, if he can't play he makes a great little manager, and certainly has the push to keep his fellow team members hustling. He has a good word for every member of the squad from the bat boy on up. If some of the older baseball boys had the sportsmanship of Gene, Sedalia would certainly have something along that line.

Grand Circuit Rivalry Here For State Fair

$11,000 Trotting Club Stake Features Former Winners

A rivalry which started early this year and has continued throughout the Grand Circuit will flare up again at the State Fair here, August 25, when the nation's crack two-year-old pacers mix it up in the $11,000 Trotting Horse Club Stake.

Since the first "Roaring Grand" session, at Fairmount Park, earlier this year, Castleton Farm's Seattle Hanover and K. D. Owen's Irish Hal have raced away from the rest of the juvenile sidewheelers to develop a two-horse rivalry in the division.

Four Quick Wins

At Fairmount, Irish Hal raced to four quick wins and left the Illinois plant undefeated. He continued his winning ways in his section of the $15,000 Village Farm Pace at Roosevelt Raceway, N. Y., and then seemed to falter somewhat as Seattle Hanover, half-brother to Demon Hanover, last year's Hambletonian winner, started to come on. At Old Orchard Beach, Maine, the two youngsters faced each other in three races at two-heats each. Seattle Hanover was the victor in five attempts while Irish Hal took the other.

The two top challengers for the crown sought by the Owen and Castleton colts are W. H. Cane's Our Time, a filly who has won six out of nine heats, including four stake victories, and W. T. Maybury's His Brother, who has stepped to the front recently with several fine performances. Cleo A. Young's Quilla Hanover, winner of several heats this season, must also be regarded as a top contender.

Five Others

Scheduled to face these five are other top-notchers including Sol Camp's Adios Hal, and Mighty Sassy; Gray Brothers' Lord Volomite, and E. J. Hayes' Dudley Hanover and Mighty Grattan.

The Grand Circuit meeting at Sedalia August 22-27 will be the first visit of the major league to Missouri in its 76-year history.

Sedalia Blues Game Postponed

The Sedalia Blues and the Centropolis Transfer baseball game which had been scheduled for this afternoon at Housel park has been postponed, due to the Centropolis club playing in a tournament at Keys stadium, Kansas City, today. Because of other sport events being held in Sedalia today, the Blues made no attempt to schedule a substitute game.

Next Sunday the Junior Blues will meet the Miller Motors team of Kansas City. These two teams are composed of boys between the ages of 13 and 17. The game will be played at 2:30 o'clock that afternoon at Housel park.

The Junior Blues are sponsored by the Northeast Athletic Association, and are winners in the Boys League. This will be their first game with a visiting club, and much interest is being shown in the game.

The Junior Blues are managed by Billy Watson.

Lincoln Wins Tri-County Tournament

K. of C. of Sedalia Is Second After 8-6 Loss To Lincoln

Lincoln won the 1949 Tri-County league softball tournament at Lincoln, Saturday night, by defeating the Knights of Columbus team, 8 to 6.

Schwermer pitched for Sedalia, allowing seven hits. D. Weller caught for the Knights.

Not All Players There

Due to the bad weather, some of the K. of C. players did not make the trip, and a full team was not on the field for the start of the game.

Ionia defeated Warsaw, 18 to 8, to take second place honors.

The score by innings:

Lincoln	402	100	1—	8
Sedalia	00	040	2—	6

Defeated Ionia 10-6 Friday, In Semi-Finals

The Knights defeated Ionia in the tourney, Friday night, by a 10 to 6 score. This victory placed them in the Saturday night finals against Lincoln, after that team defeated Warsaw, 6 to 5, also on Friday.

The Knights, in their game, which was played before a crowd of over 600 people, jumped in the lead by scoring three runs in the first and four runs in the second against Hayes, the Ionia pitcher. Ionia scored one in the first inning on a home run by L. Alderman and two in the third on a home run by Williams with one on, and then crept to within one run of the Knights by scoring three runs in the top of the fifth on two hits, two bases on balls, and one error. Lyles relieved the starting hurler, Cramer, for the Knights at this point, and pitched the last 2⅓ innings without allowing a hit.

Three Runs in Sixth

The Knights sewed up the game by scoring three runs in their sixth on hits by Lyles, Means and Bergman, an error, and a base on balls. D. Weller for the Knights scored three runs and had two hits. R. Dick also had two hits.

This game as well as the Lincoln-Warsaw game was well played, with fast base running and fine fielding plays, the teams being very closely matched.

The score by innings:

Ionia	102	030	0—	6-6-3
K. of C.	340	003	x—10-9-2	

Batteries: Ionia, Hayes and Keyte; K. of C., Cramer, Lyles 5th and Ash.

Lincoln	301	200	0—	6-7-3
Warsaw	102	000	2—	5-8-3

Batteries: Lincoln, Eken and Brown; Warsaw, Interman, Thomas (4) and Lavelle.

Chiefs Meet Boonville In B-J Game Here

Tonight At 8:00; Imhauser To Pitch For Sedalia Squad

The Sedalia Chiefs will send their ace right-hander, Joe Imhauser, to the mound tonight in a Ban Johnson league game with Boonville. Game time is slated for 8:00 o'clock at Liberty park. Either Whitworth or Barbour will catch.

The Chiefs enter tonight's game tied for first place in the league. Both Sedalia and Moberly have won eight games and lost one to date. Both have two games to play before Moberly comes to Sedalia, Friday night.

Wednesday night, the Chiefs will meet Jefferson City here for a league game.

Moberly Here Friday

Friday night, Moberly will be here for what may be the championship game of the second half of the season. If both teams win their two games, it will be the championship contest. If Moberly wins both of theirs and Sedalia wins one and loses the other, the Chiefs could still tie for the league championship.

In any event, the game should be a thriller.

Lost 5 to 4 Friday

Friday night the Chiefs dropped a heart-breaker in an exhibition game with the Katz Ban Johnson team of Kansas City, 5 to 4.

Both teams collected ten hits, but the Chiefs failed to make the most of their scoring opportunities. May started for Sedalia, was relieved in the seventh by Brown, who pitched two innings, with Egbert finishing the game.

Sedalia missed two golden chances for scoring runs in the sixth and eighth innings, when the bases were left loaded after a batter struck out. They muffed another chance in the ninth. Imhauser and Dillard opened with singles, and were sacrificed on by R. Waters. Imhauser scored on a fly out by J. Waters, making the score 5 to 4. Vilmer then walked, but Holst fanned with the two men on the base-paths to leave the final score at 5 to 4.

J. Waters Led Hitters

J. Waters led the hitting for Sedalia, with three for five, while Walker had two for four. Fuster, B. Rellihan, and Mills collected two hits apiece for the visitors.

In the six innings he worked, May fanned five and walked three, while allowing six hits. Brown relieved for two innings, fanning three, walking none, and allowing three hits. Egbert pitched the ninth, fanning one, walking one, and allowing one hit.

Assault Fails In Mass. Handicap

BOSTON, Aug. 13—(AP)—Mighty Assault, the King Ranch's 1946 triple champion attempting a comeback, wound up out of the money in a five-horse field today as the Cherry Oca stable's four-year-old First Nighter stormed into a head victory over Brookmead's Going Away in the $50,000-added Massachusetts handicap at Suffolk Downs.

When Assault was brought back to his stable, it was discovered he had bled during the race.

Robert Kleberg, one of the owners of King Ranch, said "It is doubtful whether Assault will ever run again."

After First Nighter finished the mile and a quarter of heavy going in 2:04 3/5, Assault, who went off at 2-5, trailed the show horse, the Nor Mill farm's Michigan 3rd, by two and a quarter lengths.

Sends $300 To Aid Polio Fight

TRENTON, Mo., Aug. 13—(AP)—The Grundy County Chapter for Infantile Paralysis has sent $300 to the National Infantile Paralysis Foundation in answer to a plea for additional funds to aid sufferers in other communities.

Mrs. J. Ward, chairman, said the amount was sent to aid in an emergency drive for funds as a result of the fund-depleting nationwide epidemic.

Grundy county's chapter still has three patients under treatment, all victims of a 1946 attack here, but chapter officials felt the $300 could be shared to aid polio sufferers elsewhere.

In 1946, Grundy county depleted its own funds and received $3,600 from the National Foundation.

Mrs. E. W. Pizer

In the presence of the immediate families Miss Maeclean Enke and Francis Earl Filler, Jr., of Bunceton were united in marriage with a double ring ceremony Sunday, July 24 at 4:30 o'clock by the Rev. E. F. Abele at the Envangelical church in Boonville.

Miss Enke is the daughter of Mr. and Mrs. Fred Enke of Linn, and Mr. Filler is the son of Mr. and Mrs. F. E. Filler of Bunceton.

Miss Clara Maire Enke, sister of the bride, was bridesmaid.

The best man was Cliffor Enke, brother of the bride.

The bride wore a white faille suit with navy accessories Her corsage was of white carnations tied with navy blue ribbon. A matched necklace and earrings of seeded beads were her only ornaments.

The bridesmaid's suit of aqua faille with white accessories. Her Corage was of pink carnations.

Following the cermony a receptiion was held at the home of the bride groom's parents, Mr. and Mrs. F. E. Filler at Bunceton.

The couple left immediately for a trip to Flordia and the southern states.

On their return they will make their home in Bunceton where Mr. Filler is agent for Sinclair Refining company.

A Song and Dance Man, Joe Howard Begins at 50 Years

By Mark Barron

NEW YORK, Aug. 13—(AP)—It is just fifty years ago this week that Joe Howard began his theatrical career, and that is an epoch in Broadway show business which should warrant a tip of his straw "Katie."

Today, only 83 years of age, he is as agile as a youngster trying to swim the English channel—and that straw hat is still tipped jauntily over one eye as he sings the lavender age lyrical favorites and especially his own song, "I Wonder Who's Kissing Her Now."

At the age of 83 Howard stands steady, still has his glorious Irish chords for the songs which delighted Broadway since the days when Broadway was a "downtown" attraction.

But, when Howard celebrated the 50th anniversary of his professional stage career the other night. It was to the Steel Pier in Atlantic City he went to mark the spot where he once arrived on a slow, but accomodating, freight.

Had Only Two Dollars

"I had exactly $2 in my pocket when I arrived in Atlantic City," Howard said, "and I had to walk from the railroad station to the board walk where the steel pier goes out a mile or more over the Atlantic. I needed that $2 for a hamburger and a place to sleep."

Howard said he looked like a typical song and dance man with his striped blazer and straw hat, and with a dozen of his songs which he hadn't been able to sell tucked into his coat pocket. Incidentally he explained, the best way to locate Tin-Pan Alley in the Broadway district is to look for the couple of blocks where you find the boys with their pockets bulging with their unpublished songs. This is sometimes confusing to the Broadway detective squads who pounce on a fellow they think is a bookmaker and find only slips of paper which verify that "June" and "moon" rhyme if sung by the right boy and the right girl.

Still Sings

So Howard, who has written more than 500 songs which have been sung in various Broadway musical shows and night club revues, marks his 83rd birthday and still sings with bell-ringing voice in some of the Broadway night clubs.

"But, I just use Broadway as a way stop," he said. "I really do my best singing and get most appreciation out in the one-nighters. I just did a one nighter in Altoona, Pa., and came back to Broadway the same night to start out again."

Joe Howard says he doesn't know how much royalties he got out of "I Wonder Who's Kissing Her Now." But, he suspects it wasn't much.

"Song royalties didn't mean so much in those days," he said. "We wanted enough to eat, but we were more interested in writing songs . . . after all. Johnny Black only got $100 for his 'Dardanella.'" James Thornton sold his 'When You Were Sweet Sixteen' for $15, and Maude Nugent got only $200 for 'Sweet Rosie O'Grady' in 1901.

"It was only money. The song was the important thing."

AGRICULTURAL LIME USERS IN PETTIS AND BENTON COUNTY

As we, the Lime Products Co., were not the successful low bidder on 1949 Pettis or Benton County AAA Contracts, we will however, furnish you with lime, guaranteed by us to be U. S. Govt. tested and approved through the local AAA office of Pettis County.

We have heard from various farmers throughout our trade territory that they were in doubt as to whether we were still accredited and approved lime distributors by the AAA set up.

We have a State-wide AAA contract for 1949 which is evident that we are approved lime distributors, not only for Pettis and Benton counties but for the entire State of Missouri.

In getting your lime through AAA in Pettis County you pay to the contractor cash upon delivery $1.50 per ton, AAA pays $1.45 and in Benton County you pay contractor $1.52, AAA pays $1.50.

Now, we will furnish you lime on the same basis, that is, we will carry the AAA part, until such time as you can procure the refund on the AAA part by submitting our truck weight tickets and cash receipt for the entire transaction, which refund will be made on or about March 1, 1950.

Now, to you, who live in the south half of Pettis county and the three north townships in Benton county, and wish to pay all cash upon delivery, we will give you a 10c per ton cash discount until further notice.

Bucher Orange Bar Reopens Monday at 9:00

After six weeks of re-modeling and re-decorating at Bucher's Orange Bar, 508 South Ohio, Chester L. Bucher, proprietor said his new renovated and enlarged eating establishment will be open to the public, Monday morning at 9:00 o'clock.

The owner said by remodeling and tearing down a partition, the seating capacity has been tripled, due to the adding of 20-feet of floor space. New fixtures and equipment have been added, in addition to a new plastic linoleum and new wall-paper.

Mr. Bucher said his restaurant would specialize in home cooked meals, but will serve sandwiches and fountain drinks. The store hours will be between 9 a. m. and 8 p. m., and seven employees will be used.

Mr. and Mrs. Bucher and sons, Dale and Ted, 1830 South Carr avenue have resided and operated an eating establishment for the past three and half years in Sedalia, following Mr. Bucher's discharge from the army, where he served for four years.

All re-modeling and construction work on Bucher's Orange Bar was done by union labor, according to Mr. Bucher.

Attended Funeral Service

Mr. and Mrs. Leland Coontz, route 1, Sedalia, attended the funeral service, Friday afternoon for Reuben Walker Wisner, of near Bunceton, held at the Mt. Nebo Baptist church. Mrs. Wisner, the former Miss Eva Gehlken, lived for several years in the Coontz home.

Four Years Ago Today---

DESOLATION marks the site of Hiroshima.

ROW ON ROW, graves mark path to Japan.

AP Newsfeatures

Four years ago today, Japan called quits in the war. She still had 2,000,000 men under arms in her home islands. She had another million in China and perhaps 700,000 more in other parts of the empire she had carved for herself in the Pacific.

"The enemy has begun to employ a new and most cruel bomb. This is the reason we have ordered the acceptance of the joint declaration of the powers," said Emperor Hirohito. But there was much in addition to the A-bomb.

Long before the first A-bomb was dropped on Hiroshima, Aug. 6, 1945, other types of bombs had been devastating Japan. Her war industries were at low ebb. She could not repair, much less rebuild her shattered fleet.

Giant U. S. fleets roamed the Pacific at will, hammering at Japan with bombs and shells. British ships also were in action. Germany and her other Axis allies had been defeated.

Aug. 7, 1942, U. S. Marines first landed on Guadalcanal. Since that time, U. S. forces had advanced step by step across the vast reaches of the Pacific. Now they were on Okinawa, 325 miles from the Japanese homeland.

Russia had declared war Aug. 8 and her troops were sweeping down through Manchuria.

Japan's vital supply lines had long been cut. Submarines, airplanes, surface ships were hunting down the last of the ships needed to bring in supplies.

What did Japan have besides 3,700,000 troops? Her navy could put to sea only two light carriers, two cruisers, 26 destroyers and 22 submarines. Except for the Kamikaze (suicide) corps, her airforce was virtually out of action. Radar, proximity fuses which exploded shells when they approached a plan and fighter opposition were getting 98 out of 100 suicide planes. Although the two out of 100 that got through did damage, they did not stop the vast Allied fleets.

Equipment for Japan's still large armies was in almost as sad a state as her fleet and her airforce. Replacement was impossible.

Japan no longer had the means to fight a major war when the second A-bomb fell on Nagasaki Aug. 9.

V-J Day Heroes Grapple With Life 4 Years Later

By the Associated Press

Where are the heroes today?

The pharmacist's mate who made two trips across 200 feet of fire-swept Iwo Jima terrain to evacuate wounded? The young Marine who hurled himself on a Jap grenade to save three buddies? The first flyer to shoot down 26 Jap planes? The other men who achieved special glory in the Pacific war?

Four years ago today the war ended and these men could begin thinking seriously of peace. Of the girls they would marry, the jobs they would do, the houses they would live in.

How are they doing now?

To get some of the answers, the Associated Press drew a group of Congressional Medal of Honor winners from the files of the Navy Department and Marine Corps and traced their careers four years after. Here they are:

Pharmacist Mate Francis J. Pierce, Jr. It was he who evacuated the wounded under intense fire. Before that, he stood in the open to draw Jap fire away from the casualties. After that, he led a combat patrol to a sniper's nest and was seriously wounded, but refused aid until others were treated.

Today Pierce lives with his wife and two-year-old daughter in Grand Rapirs, Mich., where he has been on the police force for three years. He is now a motorcycle officer, earning $3,280 a year. His war record didn't get him the police job. He obtained it through routine examination and qualification.

Raised Cash Gift

The community raised a cash gift of $1,500 for Pierce a year ago, when his medal was awarded by President Truman in Washington. At a public gathering, on patriotic occasions, he still sits on the platform with two other local Congression Medal of Honor men and other Grand Rapids notables.

A big day in his life occurred last fall when he shared the platform with Mr. Truman in Grand Rapids.

Bought Home in Kansas

Jack Steele, a former Sedalian, now attending the University of Kansas, at Lawrence, and Mrs. Steele, have bought a home there at 2137 Rhode Island, and will remain there while Mr. Steele further's his education. He is a son of Elvin A. Steele, 301 West Seventh street, and a nephew of Mrs. A. L. Lacer, 315 East Broadway.

During 1946, there were 2,300,000 weddings and 622,000 divorces in the United States.

Red Cross Corner

Cognizant of the fact that the 1949-1950 school year is about to begin, Miss Margaret Egan, chairman of Junior Red Cross, is well into the program outlined for her Juniors by National Red Cross. Last Tuesday morning Miss Egan spoke to the county teachers at their regular meeting at the court house. She emphasized the importance of the static activities of JRC, as well as the projects which will take shape early in the fall. Following this meeting, the Chapter had requests from Tanglewood and Pin Oak schools to have their First Aid kits replenished. It is a satisfaction to know that Junior Red Cross continues to expand, and that the interest of the school children does not lag, but increases with each succeeding year.

Calling for Volunteers! Mrs. Arthur Hoffman, chairman of Staff Aides, is planning for the Red Cross booth at the Missouri State Fair. Staff Aides are urged to serve in this capacity during fair week. Call Mrs. Hoffman, 3046.

When the justly famous 4-H clubs hold their achievement day at Convention Hall, on Thursday, August 18, the American Red Cross will be represented by a First Aid booth, with Mrs. Lawrence Wolf in charge.

Delmas W. Heckart, of Gillespie's Funeral Home, has presented the chapter with an inhalator which will be used by Michael Wolfel, chairman of First Aid, in the Safety training classes. Our very sincere thanks to Mr. Heckart for his cooperation with ARC.

Enlisted in Air Force

Larry J. Brosch, son of Mr. and Mrs. Lawrence Brosch, 239 South Grand avenue, and Edward W. Staley, 228 South Stewart avenue, have enlisted in the United States Air Force for a period of one year.

The recruits were sent to Lackland Air Force Base, San Antonio, Tex., for 14 weeks basic training.

THE SEDALIA DEMOCRAT

In Combination With the Sunday Morning Capital

Volume Eighty,one, Number 191 | Section Two | Sedalia, Missouri, Sunday, August 14, 1949 | Six Pages | Full Associated Press Leased Wire and Wide World Features

Sedalians' Son is One of The Most Traveled Executives

SOUTH BEND, Ind.—One of the most traveled executives in The Studebaker Export Corporation is vice president Dewey W. Smith, according to R. A. Hutchinson, president.

Dewey W. Smith, vice-president of the Studebaker Export Corporation, boards a Pan American Clipper in San Francisco for a round-the-world business flight. Since the war, Smith has traveled a total of 203,218 miles with Pan American World Airways. He is a son of Mr. and Mrs. W. D. Smith, 405 West Fifth street.

Smith, who just a few days ago boarded a Pan American Clipper in San Francisco for a round-the-world business flight, has traveled the equivalent of 10 times around the equatorial circumference of the earth since the war.

On one airline alone, the Pan American World Airways, Smith has traveled a total of 203,218 miles since his return to The Studebaker Export Corporation, after having been interned at Manila throughout the war by the Japanese.

Also a Trouble-Shooter

Although in charge of Studebaker's Latin American activities, Smith is also President Hutchinson's No. 1 trouble-shooter. In his roving capacity, he is called upon to handle every and any type of assignment in almost any part of the world.

His longest stretch, via Pan American, was 67,944 miles, which was made in four different trips each way. The route covered Manila-Guam-Wake-Midway - Honolulu and San Francisco and return. His second longest stretch was 45,690 miles which was made twice and covered Buenos Aires, Rio de Janiero, Lisbon, Rome, Istanbul, Karachi, Delhi, Calcutta, Bangkok, Hong Kong, Manila, Honolulu, San Francisco.

Other Stretches

Other stretches, via air, were New York, London, Brussels and return, two times, 14,672 miles; Manila to Hong Kong and return, eight times, 11,184 miles; New York, Rio de Janeiro and return, 9,958 miles; New York, Panama and return, two times, 9,064 miles; Hong Kong to Ragoon and return, three times, 7,048 miles; Manila to Singapore and return, two times. 6,760 miles; Hong Kong to Chungking and return, four times; 6,480 miles; and Rio de Janeiro-Caracas-Panama-Mexico, 5,088 miles.

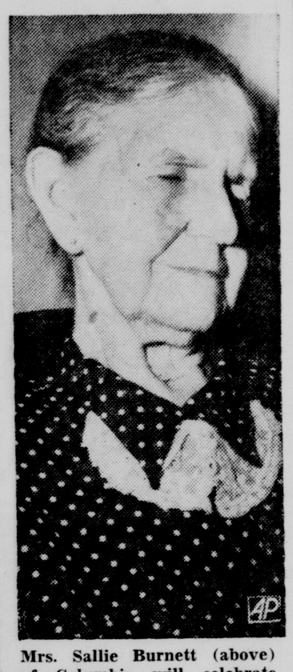

Air tripst less than 5,000 miles included New York-Caracas and return, 4,508 miles; New York-San Juan and return, 3,224 miles; Los Angeles to Honolulu, 2,588 miles; Rio de Janeiro to Sao Paulo and return, six times; 2,556 miles; Rangoon to Calcutta and return, three times, 2,556 miles; Shanghai to Hong Kong and return, 1,536 miles; Shanghai to Peping and return, 1,468 miles; and Shanghai to Tsingtao and return, 924 miles.

Some Used Cars Are Like That

CINCINNATI, O — (AP) — Joseph Decker decided he wouldn't buy the used car he inspected. When he took hold of the handle to open a door, he wound up in a hospital. The door fell off and hit his left foot.

Opposed to Pay Raises

NEW YORK, Aug. 13—(AP)—The chairman of the American Management Association told presidential fact-finders today that if steelworkers win their pay demands it could plunge the United States into a depression.

That any wage increases granted the CIO United Steelworkers is likely to "go through the whole economy" and would lead "to a national pattern of another round of wage increases."

He said "the issue facing the country—and this board—is: Does America want more inflation? Can America stand more inflation?"

If the economy proceeds along lines that "will surely cause inflation," Hancock said it would mean "the end of our kind of economy."

The small amount of steel made in U. S. colonial days was used mainly in bayonets, swords and cutting tools.

Sedalian Has Collection of Foreign and American Coins

With two sons, two stepsons and a son-in-law in service during the war, Luke J. Miller, 1902 South Prospect avenue, found that the collection of foreign and American coins he started for pastime, grew in leaps and bounds. Going to all parts of the world, each boy made a habit of keeping a coin of each kind they happened to run across for Dad. The older the coin the better they liked it and the more they went after it. Consequently Mr. Miller has a rare collection which includes various kinds of German marks, English shillings, crowns and other English coins, French franc, a piece of paper money from Italy which was one lira as well as other coins from Italy, Chinese money, Mexican money, South American money, and coins from many other countries, some so old the date or the country could not be distinguished.

Mr. Miller's most prized coin is an Egyptian coin which was in use before the time of Christ. The coin was found as 19 American soldiers, one of whom was Mr Miller's son, were going through an old building. They saw a small box, looked into it, and found it filled with ancient Egyptian coins. They counted the coins and found 19 coins, one apiece for each boy.

Mr. Miller also has an American half dime dated 1856, and a Sedalia penny, put out by the Masonic Lodge in 1887.

Soviet Backs Letter to Editor

MOSCOW —(AP)— "Culture and Life" reported that the Central Committee has published a decree on shortcomings in the work of the editors of the newspaper Soviet Siberia with letters from the working people.

Many writers, it was brought out, receive no replies and certain ill-considered replies from the editors repel the writers from participation in the newspaper.

The Central Committee, said "Culture and Life," has directed the editors to alter their attitude.

White Lines Have a Purpose—

Now that the white lines have been laid down at Sedalia business street intersections, let's see what happens.

These lines are for the benefit of pedestrians and motorists alike, primarily the former. People on foot should stay within the lanes when crossing the street with the green light.

The white lines offer a guide to motorists to limit their stop on a red light. Bumpers should not extend into the pedestrian lane.

The new lines can be a safety factor, and that's the reason the city put them there. To make the lines function is up to the citizens both on foot and on wheels. There still needs be a lot of cooperative courtesy to reap major benefits.

White lines offer no fool proof protection. Pedestrians should continue to be on the alert, motorists too. You might be right but dead; yet who wants to die now when one can look forward so expectantly to drawing down social security benefits at 65.

Resents Farmer Criticism—

Only an ignoramous will disagree that the men and women who till the soil are the most important people in this man's world. Man's destiny starts down on the farm where sustenance begins without which there wouldn't be any who's who.

Congressman George H. Christopher, representative from our own Missouri district, has an individual style of expression. A story is being told that he recently got mad in Congress after hearing the American farmer ridiculed. Christopher replied:

"Your office may be located on the thirty-third floor of a New York skyscraper, but the soil of our land will either support your body or it will perish. Kings and potentates may wear robes of the richest satin trimmed in ermine. Their crowns may be fashioned of gold and encrusted in diamonds, but the vegetables that give them health and life will continue to come from plots of soil fertilized with droppings from the pigeon cote. The eagle that looks into the eye of the noonday sun must seek his food on the ground. The farmer feeds and clothes the world, and when any man makes disparaging remarks about the soil or the people who till it he is talking about the thing that gave him birth and without which he cannot live."

—O—

What! Gambling Lore Sought—

A letter addressed to me as the "Literary Editor" comes from a New York book publisher. Says he:

"I should like to obtain, for a book that I am in process of doing, legendary accounts and actual anecdotes of gambling incidents that have taken place in Missouri wherein great sums of money, life, and other unusual stakes have depended upon the turn of a card, the tossing of dice, the running of horses, or any other gambling customs."

If readers know of any such historical gambling lore send it in. Otherwise I'm going to send this publisher's appeal to Mayor Lawrence Lutkewitte, of Jefferson City, who knows something more about the subject than I do. He announced Friday that commercialized gambling is moving back "furtively and slinkingly" into Missouri's capital city.

Nothing like that "hoppens" in Sedalia—at least not "furtively and slinkingly."

—O—

No Sudden Revolution

Freedom-loving Americans are not going to tolerate having their liberties taken away by a sudden coup of a strongly organized and armed minority. Violent resistance would ensue. It is almost incomprehensible to believe anyone would harbor the idea of overthrowing our government by an impetuous revolutionary movement.

Most Americans have this feeling of security their republic cannot be overturned. And it is a reasonable feeling, so much so that any discussion of the possibility of the United States of America abruptly becoming totalitarian, socialistic, communistic or what have you, is considered drollery.

Knowing this, those who have a mania for authoritarian controls seek their objective by devious means. These shifty individuals have been at work a long time now obtaining governmental and administrative controls through legalized methods, bating the gullible with the catch-all word inducement "security."

America can be made ready for collectivism, or some other ism, by the creeping paralysis of indifference to the pipers of hypnotic "security" tunes.

Some say that educated masses cannot be taken in that way. The German people are not intellectual morons. Yet Bruce Biossat, whose editorials appear from time to time in the Democrat, comments:

"The Germans are brave no doubt. But politically they are too often either indifferent or somewhat naive. Few of them have any great love of liberty. They care more for security; they like to be led. Many of them question their ability to govern themselves democratically, but it doesn't seem to worry them."

Continuing to follow the line of least resistance to governmental and administrative controls, Americans may in the years to come furnish a case history, like the German people, of how the masses "can get that way."

Progress report on the administration's effort to balance the budget:

The bunting flag on the Capitol in Washington lasts about a month. This is going to be replaced with one made of nylon which is expected to last at least twice as long.

• The Washington Merry-Go-Round

By Robert S. Allen

WASHINGTON — This is a long-deserved public tribute to a man of great courage and great humanity.

He is Paul Strachan, tall, deaf, and impassioned father of National Employ the Physically Handicapped Week.

Strachan conceived this unique humanitarian institution while flat on his back in Johns Hopkins hospital in September 1940. It took him five years of unremitting effort to win congressional approval. Now firmly established and warmly supported by leaders of government, industry and labor, NEPHW has made it possible for more than 500,000 handicapped men and women to obtain gainful work and the inexpressible satisfaction of being self-sustaining members of society.

In a few weeks, the 1949 NEPHW drive will be launched at a Washington meeting that will be addressed by President Truman. He has sincerely backed NEPHW from its start. Last year, both the president and then-secretary of state George Marshall took part in opening the drive.

New Dream

Strachan will be in the forefront of this year's campaign as he was in all the others. Discussing the conception of NEPHW he says:

"It was born of recollections of World War I, when disabled veterans were pushed around and ignored as soon as the parades stopped and the bands no longer played. It was born of vivid and poignant recollections of thousands of other handicappeds I had seen who were the discards of society. It was born of personal experience, as one 85 per cent physically disabled, and who, because of that disability, was cast upon the human scrap pile, despite a fierce and intense desire to live, to work, and to achieve."

But while laboring devotedly for NEPHW, Strachan is passionately battling for a new dream.

It is a plan for a great national program of rehabilitation, training and aid for physically handicapped of all kinds. The project would completely revolutionize the handling of this problem in the U. S. More than two-score senators and congressmen are sponsoring the bill drafted by Strachan.

Rep. Gus Kelley, D., Pa., senior member of the House Labor committee, has already held hearings on the measure. But despite strong support in and out of Congress, the proposal is a long way from enactment. It is encountering vigorous bureaucratic resistance.

But that is not daunting Strachan. All his life he has had to fight for his ideals. It took him five years to make NEPHW a reality, and he is prepared to battle the remainder of his days for his new dream.

"It will be worth it," he says. "We can't lose. Even if this program is not adopted in its entirety to start with, it will force advances that would otherwise not be achieved. Time and the cause of humanity are on our side."

Rankin's Enlightened Constituent

Proof that Congressman John Rankin's views aren't shared by all his constituents is a prize-winning essay, written by Jennie Edwards, a graduate of the Tupelo, Miss., high school.

It will burn up Rankin to learn that these enlightened ideas are held right in his home town, but the prize-winning essay on Americanism that Jennie Edwards wrote contained the following:

"Americanism is the opportunities so freely given to every man, regardless of his birth, to live, to work, to become whatever his manhood can make him. It is the fact that no man is excepted from his chosen field but is given an equal chance to succeed if he has the willingness to work hard and the backbone to stick it out . . .

"(Americanism) is our government, which decades ago granted to the future generations the noblest gift of mankind—liberty. It is openly voicing our honest opinions, giving our criticisms, exercising the privilege of voting and being given equality before the law and just trial by jury for crime . . .

"The failures and conquests of yesterday, the problems of today and the destinies of tomorrow—these to me mean Americanism."

Medical Opinio n Divided on Male Change of Life

By Edwin P. Jordan, M. D.
Written for NEA Service

Medical opinion is divided as to whether or not there is a rapid decrease in the function of the sex glands in men and if so at what age it occurs.

Some authorities claim that while the activity of the male sex glands does slow up with advancing years, it is too gradual to be a true change of life.

Others believe that at least in some men a decrease in functioning of these glands may come fairly rapidly and produce symptoms which justifies speaking of a male change of life. They believe that men go through this period somewhat later than women do—usually between 45 and 55.

Symptoms May Develop

Many men do not have any symptoms at all which can be attributed to decreased functioning of the sex glands. Some, however, describe a distinct feeling of tension with a sort of inward feeling of trembling, which is made worse by excitement or fatigue.

Some men around 50 may be restless and complain of sleeping poorly. Numbness and tingling of the hands or feet may be present. It is claimed that the memory becomes poorer and the ability to concentrate impaired. A mild feeling of depression also seems to be common.

Dizziness, palpitation of the heart, cold hands and cold feet, slight shortness of breath and sudden flushing of the face, neck and upper part of the chest are also mentioned. Easy fatiguability may be present. Waning of the sexual powers, real or imaginary, frequently causes men of this age to consult their physicians.

Any of these symptoms may be the result of gradual rather than sudden change. Any of them also could come at other ages and from other causes. Also it must be remembered that many men do not develop any of these symptoms at all.

Authorities have studied the effect of injections of the male hormone—testosterone propionate—in men complaining of such symptoms as those mentioned. The value of this is still doubtful.

The Doctor Answers

By Edwin P. Jordan, M. D.

QUESTION: I have been drinking a quart of milk a day and since doing so have developed rheumatism in both knees and shoulder. Could milk have caused this trouble?

ANSWER. This is almost certainly a coincidence. There is no reason to believe that the drinking of milk wil cause any form of rheumatism.

It's a Smart Husband Who Knows When to Say 'Yes'

There are times in every husband's life when it pays to be a "yes-man."

In any and all of the following situations it's the better part of wisdom for a husband to agree with his wife, instead of expressing his own ideas.

One is when she models a new dress or hat she bought on sale and can't return. If he says he doesn't like it or douses her enthusiasm with faint praise, then his wife is never going to want to wear it—and his money has been wasted.

Another is when she points out some flaw in a woman who is getting more than her share of masculine attention. This is no time to remark: "I don't see why all you women have it in for her," or act unconvinced by the criticism. Agree without reservations.

When she has a grievance against a third person is no time to strike a judicial attitude and open-mindedly see the other person's point of view. At this moment the only point of view your wife wants you to see is her own outraged one.

Let Her Tell Own Story

Or take this common situation. She is leaving out part of a story in order to make it sound a little more impressive. This is not the time to jump in with, "Why don't you tell the whole story?" "or "That's not the way I remember it."

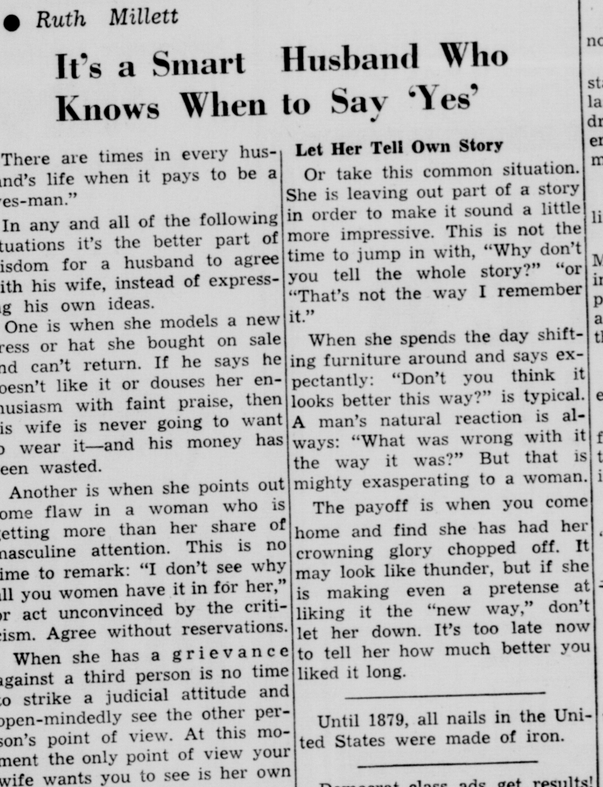

When she spends the day shifting furniture around and says expectantly: "Don't you think it looks better this way?" is typical. A man's natural reaction is always: "What was wrong with it the way it was?" But that is mighty exasperating to a woman.

The payoff is when you come home and find she has had her crowning glory chopped off. It may look like thunder, but if she is making even a pretense at liking it the "new way," don't let her down. It's too late now to tell her how much better you liked it long.

Until 1879, all nails in the United States were made of iron.

• REFUGE

By Mildred Crain and Harwood White
Copyright 1949 by NEA Service, Inc.

THE STORY: A wealthy widow, Mrs. Everson, has fled with her servants in two giant trailers to escape destruction in an atomic war which she believes is impending. In the party, which at last has reached a canyon in the mountains which Mrs. Everson says is safe, are Mrs. Malone, cook and housekeeper; the Marchese Dellacasa, Mrs. Everson's companion; Rudy, the handsome chauffeur, and Victor, the houseboy. Mrs. Everson is in love with Rudy, who thinks of her only in terms of her wealth. Mrs. Everson has purchased two rabbits from a hunter for a dinner celebrating their arrival at "a place of safety," and now she is dressed in her best dining with the Marchese. But outside the atmosphere is heavy, as if the blow had fallen. Mrs. Malone wonders will there be a world after the atom bombs fall?

* * *

XXII

MRS. MALONE groped up the steep bank and toward the glow of green light that indicated the small trailer.

"Dinner," Rudy announced. "Where's Victor?"

"He's coming as soon as Mrs. Everson and the Marchese have finished their coffee. Do you know what time it is?"

Rudy glanced at his wrist.

"Eleven-ten. Sit down. You look all in. Don't wait for Victor."

While she ate, Mrs. Malone described the dinner party and Mrs. Everson's costume.

Rudy listened, the dents in his cheeks deep with contemptuous laughter, his eyes cold.

"Imagine! Out here in the wilderness," Mrs. Malone said. "A hundred miles from anywhere! Putting on a show like that! Who's it for? Us?"

Rudy shook his head. He was about to answer when Victor came in. The little Filipino, paler than usual, slipped into his place at the table.

"Mrs. Everson has gone for a walk," he said.

"Alone?"

Victor smiled with a trace of sweet malice.

"Of course, alone! She hopes you will follow her, Rudy!"

"Me?"

"You. Now is your chance, if you want to make love to her."

"I don't."

"She likes you. Malone and I have both noticed. She did not dress up tonight for the Marchese! She is out there waiting for you, Rudy. Go after her, why don't you? You might be Prince Consort, if you watch your step."

* * *

RUDY said nothing. He put Victor's dinner before him, filled the coffee cups, then removed his apron, reached for his sweater and leaned down to look at himself in the mirror over his bunk. His gestures were deliberate, his expression was enigmatic. With both palms he smoothed down his short, thick hair.

Then he picked up a flashlight, went to the door and swung himself out into the darkness. They heard his footsteps padding rapidly and purposefully away.

"Do you think he'll find her," Mrs. Malone said.

"Of course," Victor said. "She will make certain that Rudy sees her, and then she will be so surprised!"

Mrs. Malone and Victor finished their meal in silence. She wondered what was going on in his mind. At last she spoke.

"You're a cynic, Victor."

"No. I am a mathematician. I put two and two together." Then he added: "You look tired, Malone. Don't you feel well?"

"I'm all right."

She reached across the table and patted the Filipino's shoulder.

"You're a good boy, Victor. I'm glad you're along."

"Thanks."

She pushed her chair back.

"I'm going to bed," she said. "Good night."

"Good night."

He got to his feet politely.

"Sleep well, Malone."

Mrs. Malone opened the door of the smaller trailer and prepared to go back to the big trailer. It was still, dark and ominous outside. There were thick clouds overhead that seemed to oppress her. The air felt deprived of oxygen. It was hard to breathe.

But, Mrs. Malone told herself, days of humid heat were usual in the autumn. Perhaps a storm was on its way. Yes, Mrs. Malone decided, that was it. A storm—she would not let herself think of The Bomb.

* * *

OUTSIDE it was darker, if possible, than before. There was no chink of light anywhere. No wind. No sound. No movement of any kind. Mrs. Malone listened for voices . . . Rudy's . . . Mrs. Everson's . . but they must have gone beyond earshot.

The music within the big trailer guided her through the woods. Then, at the top of the river bank, the glow of light from its open door came in sight. Mrs. Malone paused to take in the music—the soaring conclusion of the Death and Transfiguration of Strauss.

Suddenly, like a projection on a motion picture screen, the entire scene leaped into view—the trailer on its sandspit, the forest trees, the looming mountains beyond. For an instant they stood revealed in a spectral light. Then once more the crushing blackness . . .

A terrible fear gripped Mrs. Malone. In her mind a single thought blazed: "The Bomb! This is it!"

An age passed, then, low but unmistakable, came the roll of distant thunder. The portent of storm evidently was being fulfilled.

(To Be Continued)

Remember the "It" girl of the 1920's? Dan Dailey, back in the type roll his fans like best, and Anne Baxter, in her first song-and-dance role, romance and dance their way through "You're My Everything," new Technicolor musical featuring fifteen nostalgic musical hits of yesteryear, starting today on the Fox screen.

Howard Duff does a fast thinking act to get himself out of a hot spot in the above scene from "Illegal Entry," trigger-fast story of traffic in human contraband which opens today at the Liberty. In addition to Duff, George Brent and Marta Toren are starred. The co-feature is "Hideout" featuring Adrian Booth and Lloyd Bridges.

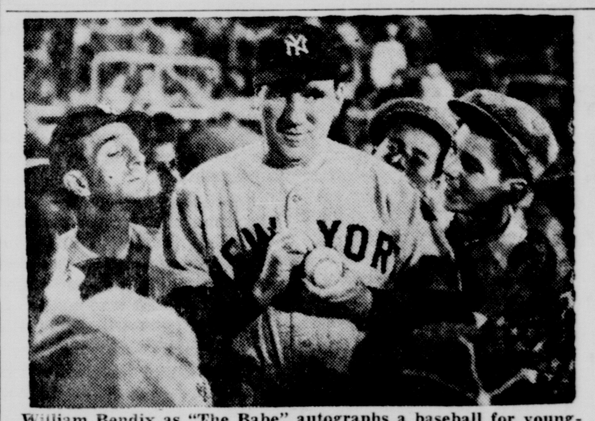

That Two-Gun Jane Russell gives Bob Hope plenty of trouble in their co-starring Technicolor comedy, "The Paleface." The Paramount picture arrives Sunday at the Uptown Theatre with plenty of Indians, action and laughs.

SHE KNOWS A BETTER WAY—While Shirley May France and other swimmers train for the grueling task of swimming the English Channel, Mrs. Eetta Hills, above, of Southsea, England, prefers to make the crossing in a more leisurely manner. Astride her "waterbike," Mrs. Hills chats with radio announcer Derek Roy, who has arranged a race across the Channel between Mrs. Hills and a gentleman challenger. The English housewife pedaled across the Channel as a young girl, and is confident she can beat all comers.

THREE OVER, CARRY ONE — Jimmy Murphy, of Wisner, Neb., puts three albino horses abreast, Roman style, over a hurdle in the rodeo arena of the Railroad Fair in Chicago.

William Bendix as "The Babe" autographs a baseball for youngsters in this scene from Allied Artists' "The Babe Ruth Story," which plays Sunday and Monday at your Hi-Way 50 Drive-In Theater.

Hal Boyle Says

By Hal Boyle

NEW YORK, July 12—(AP)—Junior, get papa the kneecap oil—the Charleston's coming back.

What's the Charleston?

Why, son, the Charleston is the granddaddy of the jitterbug. Back in the mid-1920s, when everbody had to take shower baths because the tub was full of hand-made prohibition gin, you couldn't even deposit money in the bank unless you proved you could do the Charleston. It showed you were alive.

Do I mean it was a dance? Junior, no dance ever hit the country as hard as the Charleston. It was THE dance. If a man wasn't willing to shimmy-shammy back and forth and then risk his right tarsal bone by throwing it over his left femur, he was strictly a cad out of tune with his time.

Everybody Did It

Everybody did it. La Belle Joan Crawford started her name as a dramatic actress as a result of a fancy prize-winning, hip Charleston movement. And Ginger Rogers was able to get her independence from Independence, Mo., because of the same swivel swing. Later some movie critic mentioned that both girls had sparkling eyes. This was a sad discovery.

It changed them from hoofers into actresses. And after that a gal covers up her legs, exposes her bosoms like a half-shucked corncob, and begins emoting about socially significant themes she doesn't know from dime store jewelry.

Back to the Charleston

But to get back to the Charleston. — Charleston, a simple, primitive, agile movement based some distance below the bust.

"So many young people have come in wanting to dance the Charleston that I have had to teach it to all our instructors," said Charles Columbus, dance director of the Fred Astaire studios here.

Columbus says the dance originated among South Carolina Negroes. He can trace the sequence from the Charleston down thru "the Varsity Drag, the Shag, Truckin', the Lindy Hop, and Jitterbugging." But it leaves him a little leg weary — when he demonstrates.

Veteran Dancing Star

He is a veteran dancing star himself who twinkle-footed some 25 years on Broadway. He has done the ballroom specialties, thrown the girls over his back for oldtime Palace theatre vaudeville audiences in adagio routines. And like any showman he still wants to give the paying customer any particular muscular madness he prefers. The studio has a $40,000 machine to whir any desired musical rhythms to each of 34 separate dance rooms.

"There was nothing like the Charleston for popularity," Columbus said. "They danced it in the living rooms, the kitchens, the back porch and standing up in the rumble seats.

"Its popularity now is part of the current revival of old tunes. They show it in the movies with the music of that time — and people want to dance it again.

Bones Are Older

"But it is really a dance for people from 12 years old to 35. The people who used to enjoy it don't want it anymore, generally. They feel it is too undignified. Their bones are older."

Columbus thinks the American public is more dance crazy now than it has ever been. The pupils, he said, range from Eleanor Roosevelt, a longtime patron of the dance, down to gangsters.

"The gangsters," he said, "specialize in the rumba. The rumba is a showoff dance. It makes a man feel he is somebody."

Mrs. Roosevelt, incidentally, is strictly a conservative ballroom dancer. She hasn't come in to freshen up her Charleston — if she ever danced it.

"But we're also teaching the Castle Walk and the Bunny Hug again," said Columbus. "Anything to exercise the feet — and the memory."

Rubber now may be made to stick to magnesium and its alloys. A recently devised method first treats the metal with ethylene glycol, then bonds on and vulcanizes the rubber layer.

An effort to form a working vocabulary of the 5000 words most clearly understood when a speaker is surrounded by the noises of combat airplanes is being made by the U. S. Navy.

Eddie Edwards celebrated 20 years with KMBC on Friday, August 12. Eddie joined the company as a young man in his teens in the role of entertainer and actor, and has continued on the staff ever since, with the exception of three years in the Maritime Service as a Warrant Officer. Eddie is producer of Brush Creek Follies, Rhymaline Time, Of Health & Happiness, and several other KMBC-KFRM features. He does a few acting roles each week, and is heard as George Washington White in a comedy routine on the Saturday night Brush Creek Follies.

The All-American Soap Box Derby, direct from Akron, Ohio, will be heard on KMBC this Sunday at 4 o'clock. Approximately 150 entrants from all over the country, including the Kansas City winner George Nixon, will compete for the national title and a four-year college scholarship.

Two popular KMBC entertainers who get up mighty early every morning are Millie & Sue, heard on their own program at 5:30 each week-day morning. This entertaining twosome also appear regularly on Dinnerbell Roundup and Brush Creek Follies. Their hillbilly and western songs, with some yodeling and cakle-singing thrown in for good measure, are popular with midwestern audiences. The girls have been making a good many personal appearances this summer and they're always greeted with lots of enthusiasm and applause.

Millie and Sue

"The Return of Frank Higgins," a true story of a disabled veteran who fought for and won a normal peacetime life, is to be dramatized over KMBC on Wednesday of this week at 9 p. m. The program will be presented in cooperation with the Disabled American Veterans, now holding their national convention in Cleveland.

We were talking with Jimmy McConnell, director of the KMBC-KFRM Artists Bureau, the other day and he told us that requests for members of the Talent Staff for personal appearances have been greater this summer than at any time in recent years. Picnics, fairs, local and county celebrations and many other types of personal appearances have been made by the more than two dozen KMBC stars. Jimmy says that he's got to be careful in making these arrangements, because he's continually being asked to fulfill Saturday engagements. And with the entire "gang" playing to capacity crowds at Brush Creek Follies each Saturday night at Memorial hall, Jimmy's got to make sure that they are all on hand for the biggest radio-stage show in the Middle West.

Ups and Downs in the U. S. A.

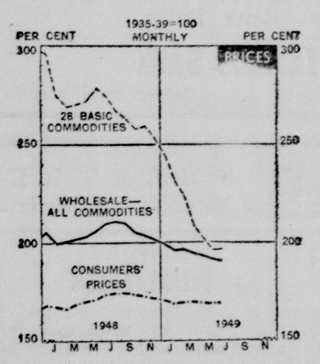

Changes taking place in this country's economy are graphically shown in the charts and map below. Based on the latest available Federal Reserve statistics, through July, 1949, the charts show a general decline in industrial production, with a corresponding rise in unemployment. Prices appear to be leveling, while consumer credit, spurred by the release of government controls, is taking a rapid rise. Seriousness of the unemployment situation is seen in the government's listing of 11 areas as emergency unemployment regions (see map).

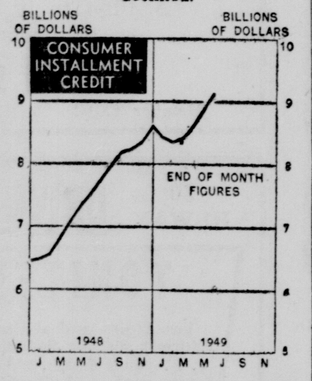

PRODUCTION—On the downgrade since last fall, industrial production in the United States continued to drop in June and July. The index of 169 was recorded for June, with July's figure placed tentatively at 162. This compares with a figure of 195 last November. Vacation season is responsible for part of the decline.

UNEMPLOYMENT — Joblessness has increased sharply since last fall. In June this year it was 3,800,000, or higher by 1,600,000 than a year ago. Part of the steep rise in May and June was caused by influx of thousands of graduates seeking jobs. July figure is slightly over 4,000,000. Average hours of work also have declined.

PRICES — Little change in prices occurred in July, after slight declines in June. Basic commodities rose one per cent, and at the end of July were 19 per cent lower than in January. Wholesale commodities declined one per cent to a point five per cent below the January level. Average consumers' prices showed slight change.

CREDIT — Consumer installment credit outstanding reached $9,100,000,000 in July, 1949, for an all-time record. Release of government curbs on installment buying helped send the figure up. The largest part of recent expansion stems from the boom in automobile sales. Automobile credit has been increasing at the rate of $150,000,000 a month.

Czechs Still Carry Nazi Cards

PRAGUE—(AP)—Although living under the hammer and sickle of a Communist government since February, 1948, Czechs are still carrying official identification cards which bear the stamp of the Nazi swatstika.

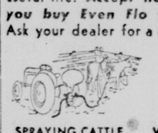

But they now have an official promise that by the end of 1950 the last of these will be junked and replaced. After that date all identification papers with the German-Czech text and the Swatstika insignia will be invalid.

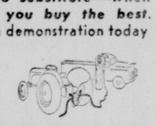

High-speed travelers will be interested in a new time-zone watch. The invention provides a mechanism whereby the dial can be shifted under the hand, without involving the works of the watch at all.

AREAS "BLIGHTED" BY UNEMPLOYMENT—The U. S. government has named 11 areas, indicated by crosses on map, as emergency unemployment regions, and has ordered federal agencies to give these areas as many government contracts as possible to help get them back on their feet. These areas, according to a government survey, have 12 per cent of their labor force out of work. Other regions may be added as soon as full reports are in.

To Choose Site For State Bldg.

JEFFERSON CITY, Aug. 13—(AP)—Gov. Forrest Smith said the board of public buildings will choose a site late today for a $3,500,000 state office building here.

Smith, as the state's executive, is a member of the board. Other members are Lt. Gov. James T. Blair, Jr., and Attorney General J. E. Taylor.

The Governor said he has called a meeting of the board for this afternoon. He said before the meeting ends a site will be chosen.

Reports circulated in the capital indicate the Governor favors a location at the southeast intersection of East Capitol avenue and Jefferson street. That would be just west of the Governor hotel, one of the two larger Jefferson City hotels that cater to legislators and political visitors. It is a block east of the capitol.

Should that site be chosen, condemnation proceedigs probably would be necessary. Now there is a filling station, a privately operated parking lot and a lumber yard occupying the area.

Child Swims at Seven Months

LOS ANGELES, Aug. 13—(AP)—Little Robin Leigh Whitford is a veteran swimmer—at the age of seven months.

If you think that's unusual, listen: She started learning by paddling in her bathinette, when she was but four days old!

Robin put on a demonstration for photographers at the Ambassador hotel pool yesterday. Her swim coach, Mrs. Crystal Scarborough, tossed her in the pool.

Robin sank and a photographer started peeling off his coat. But the infant emerged without a splutter and swam to the edge of the pool, using a junior version of the Australian crawl.

But her mother, Mrs. Marie Whiteford, said Robin can't yet crawl on a floor. But she's been swimming for three months.

When cameramen asked Mrs. Whitford to sit Robin up beside the pool, the mother replied:

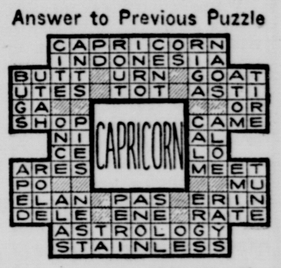

"Oh, she can't do that yet—she's too young!"

Giddier Ideas of America Are Being Used by Communists

By James D. White
(AP) Foreign News Analyst
(For DeWitt MacKenzie)

Some of the giddier ideas abroad about America are being hopped up by Communist propagandists.

Samples: A recent Moscow cartoon shows an American football game so violent that the referee operates in an armored car among players and fans armed with guns and clubs. A recent article in "Rude Pravo," the official Communist newspaper in Prague, Czechoslovakia, depicts America as a place where sitting on flagpoles is common.

According to AP's Prague correspondent, Richard Kasischke, Rude Pravo's argument runs like this: America is so full of contradictions and frustrations that one out of thirty Americans blows his top and climbs a flagpole or does something equally odd to get away from it all.

Hard to Keep Mental Balance

"Apparently," says Rude Pravo, "it is really hard for an average American today to keep his mental balance. Some of them—they are called pole-sitters—sit on high poles and try to keep their perch there as long as possible. Pictures are made of them and newspapers write front page stories about them.

"Then, soap, soft-drink and soup manufacturers ask them to endorse their products. Hollywood companies offer them screen tests. Political correspondents ask their opinions on the international situation. . . ."

Rude Pravo shows it's abreast of developments by reporting that Chicago "used to be" famous for its gangsters. But it says Chicago recently announced that during a single year more than 2,000 Bibles had been stolen "from the luxurious Palmer House hotel." Hostels belonging to the Statler "monopoly," says the paper, show a loss of 70,000 towels a year.

Criticizes Dead-Pan

Rude Pravo then criticeses Dead-Pan, the American press for not telling the truth about Czechoslovakia.

While the American press isn't exxactly troubled by an inferiority complex, at the same time it doesn't claim to be perfect. Some of it may have done wrong by Czechoslovakia, but the picture could scarcely have been as distorted as Rude Pravo's own blow-up of past or present American half-truths presented as the whole truth about America.

We have our goofy element, and I once heard a very sober economist (a loyal Republican, by the way) argue seriously that one of the basic liberties is the freedom to make a fool of yourself if you don't hurt somebody else in the process. Maybe very few Americans can say honestly that they never swiped a towel. Very few of us even want to be supermen, much less think we are.

Communists Are Working

But the Communists are working on a mean little quirk in people everywhere, including ourselves.

That's their prejudice about others, their acceptance of everything that supports the prejudice, and their disinterest in anything that might upset the prejudice.

Any editor who ever filed news from this country abroad can tell you. The great demand abroad is for the freakish in American life. This situation is better than it used to be, since so much news of vital importance to the rest of the world originates here. But the goofy story from this chromium-plated wilderness is one that always wows the foreign reader.

I knew one editor who threw a story in the wastebasket the other day. It was about a movie actress who lost her bathing suit in a big wave. He thought it was a press-agent's stunt. The same story was a big hit in Latin-America.

"Home of Abnormal"

There was another editor who was filing a news service to Britain and threw out a story about one of our more extreme religious cults. He thought it couldn't possibly interest the staid British. Another editor who had worked in Britain snatched the story up and sent to England in full.

"They love that stuff over there," he said severely.

In short, the world outside tends to think of America as the home of the abnormal, and therefore is not much interested in what is normal.

This is what the Communists are working on.

Large Retinue

GLOW OVER TOKYO—Japanese skies are ablaze during the second annual Sumida contest of fireworks display. Several hundred thousand Japanese and American GIs crowded the banks of the Ryogoku River for the night-long show. The fireworks display has been held each year for centuries except during the war.

COOL NOW BUT FORECAST WARMER—Tequila, a 7-month-old St. Bernard puppy, is on his vacation but doesn't look too happy about it. He was flying from Ottawa, Canada, to Mexico with his master, the Mexican ambassador to Canada. But when Tequila landed in Dallas, Tex., and found the thermometer at the 100-degree mark, he just plopped down by these two cakes of ice and refused to move.

Takes Responsibility

Robert P. Patterson, former secretary of war, stands at the witness table before the House Armed Services committee and, gesturing toward himself, takes "full responsibility" for ordering 100 B-36 super bombers in 1943 before the ship was tested. He denied being motivated by interest in any of the individuals connected with the Consolidated Aircrafts Company, makers of the plane. (AP Wirephoto)

Plague Returns to Calcutta

CALCUTTA — (AP) — Plague has rejoined the ranks of the many endemic diseases of Calcutta after an absence of 42 years. Last year there were 254 cases and 14 deaths during the 17 weeks ending July 31. But this year it started early in January and already it has killed 30 out of 366 cases.

Except for stray imported cases, Calcutta was free from plague since 1906. In 1899, about 60,000 were reported to have died of plague in Calcutto alone.

THE SEDALIA DEMOCRAT

In Combination With the Sunday Morning Capital

Volume Eighty,one, Number 191 | Price Five Cents | CITY EDITION Democrat Established 1868 | Sedalia, Missouri, Sunday, August 14, 1949 | 2 Sections—22 Pages This Section—16 Pages | Full Associated Press Leased Wire and Wide World Features

Candles Were In Evidence

Saturday Night In Some Business Houses; Power Off At Two Theatres

Candles were sold like hot cakes, and it looked as if candle and coal-oil lamp days were here again in portions of Sedalia, Saturday night.

A three-face power circuit, providing electricity for business establishments on West Main street, on the north side of the street between Ohio avenue and Kentucky avenue, and the Fox and Liberty Theatres, went out between 6:28 and 6:30 p.m. The lights came on again at 10:15 o'clock.

C. F. Black, district engineer for the Missouri Public Service Corporation, attributed the blackout to three 1-0 copper wires burning, and separating atop a tree, located on the east side of the center part of Osage avenue, between Fifth and Sixth streets.

Proprietors had to blow candles out and lock up in the dark when they closed their stores at 9:00 o'clock on West Main street. Taverns and eating establishments remained open with the use of candles and gas pumped lamps. It was very fortunate for all that it wasn't quite dark when the lights went out, although this didn't help matters much at the Fox Theatre, because at 9:00 o'clock it was completely black there, and all movie-goers had left. The Liberty theatre had lights, but did not have power to run its movie projector. Attendants at both theatres were given emergency tickets to return to a later engagement.

Crewmen Busy at Once

M-P-S line crewmen were immediately called to the impaired scene, many of them being called from home. Two trucks, each having a light attached, supplied light for the crew while they spliced the wires together. Mr. Black said the lines were evidently against wet limbs of the trees and finally shorted out. He said lightning did not cause the break. Men trimmed the trees and filled a truck with limbs that were chopped off.

During the time workmen were making repairs on the line, police kept the one block cleared of vehicle traffic. Many persons watched the crewmen repair the line.

Merchants who were ordinarily closed on Saturday nights on Main street, were fortunate in one respect, because they did not have to report a bad business night, like many of the proprietors reported, due to having the lights go out.

Lights Out in Rural Areas

The blackout was not centered in the downtown area alone, but lights went out in sections east and south of Sedalia, in addition to North Grand avenue all the way to Georgetown.

Green Heads CBI Vet Assn.

FREEPORT, Ill., Aug. 13—(AP)—Ellsworth Green Jr., executive secretary of the Kansas City, Kas., Chamber of Commerce, today was elected commander of the C. B. I. Veterans Association.

Green, 42-year old former major in the supply service in India, served as vice-commander of the organization last year.

The association is composed of veterans of the China-Burma-India theater of World War II.

The three-day national reunion drew 280 ex-servicemen. Prominent among them was Gov. Val Peterson of Nebraska, who flew here from Lincoln.

Green was formerly secretary of the Chamber of Commerce, in Sedalia. He was accompanied to Freeport by Wm. F. Brown, of this city, both having served in the C. B. I. theatre during the war.

An Insect War At The State Fair Grounds

Flies and other disease-carrying insect pests have been the targets of an all-out fogging and spraying campaign at the Missouri State Fair grounds, last week. Pictured above is a Jeep equipped with one of the latest type fogging machines, being used to rid one of the livestock barns of insects. All the buildings of the Fair have been sprayed in the same manner. The Fair opens next Sunday, August 21, for an eight-day run. (McVey-Zoernig Photo.)

Fair Grounds, Buildings, DDT Fogged

Action Taken To Protect Health Of Fair Guests

The entire 276-acre Missouri State Fair grounds, with its permanent buildings and appointments numbering over 60, has been subjected the past week to the most intensive spraying and fogging against flies and other disease-carrying insects ever accomplished in this area. The fogging has been done by R. B. Browning, of Fog, Incorporated, of Kansas City, with the use of equipment quite new in this area.

All horse stables and livestock barns, exhibition buildings, rest rooms, the coliseum, the woman's building, the administration building, food stands, and other structures are being fogged with DDT, chlordane, and pyrethrum. This method of insect control is said to have accomplished very satisfactory results in the East and South, where it is quite popular.

Spraying and other precautionary measures will be carried on throughout the fair week, which starts Sunday, August 21, for an eight-day run.

Fogging Is Thorough

Fogging differs from spraying in that it is more thorough, more penetrating, and the liquid is vaporized much finer, being ejected from the machine literally in a great cloud. The chemicals are mixed with a de-odorized kerosene base, which is completely harmless to humans, fabrics, furniture, or materials.

The entire grounds at the Fair are sprayed periodically to kill weeds, insects, and disease germs, so that the public health in general is as well protected there as almost anywhere in the state.

Suffers Foot Injury

Monroe Carter, manager of the Massey-Harris Farm Implement, company on West 50 highway, suffered a crushed right ankle about 2:00 o'clock Saturday afternoon when a steel pole he was helping to put up for a tent, struck his ankle and part of his heel crushing the bones. Carter was taken to the Woodland hospital where his condition Saturday night was satisfactory.

Four Years Ago Came Surrender Of The Japanese

TOKYO, Sunday, Aug. 14—(AP)—Four years ago tomorrow, (Aug. 14 U. S. Time) policemen dutifully made their rounds in every Japanese village and town, proclaiming: "Listen to the radio at noon! An important announcement from the emperor. Listen carefully at noon!"

In whispers—lest the ever-present "thought police" might hear—citizens speculated on what it might mear Few guessed right.

Japanese listened incredulously as the strained voice of the emperor came over the loudspeakers, announcing his decision to surrender to the allies and admonishing his subjects to accept defeat calmly.

Some were convinced only when Army and Navy supply depots threw open their gates and invited all comers to carry off what they liked.

Barkley Takes Mrs. Hadley To Paducah, Ky.

PADUCAH, Ky., Aug. 13—(AP)—Vice-President Alben W. Barkley brought Mrs. Carleton S. Hadley from St. Louis late today to attend a dinner party with him tonight.

The Vice-President, whose name has been linked romantically with that of the attractive St. Louis widow, flew here this morning from Pennsylvania. He left shortly afterwards by plane for St. Louis to bring Mrs. Hadley and her daughter, Anne, to the party.

On their arrival from St. Louis, accompanied by Barkley's daughter, Mrs. Max Truitt, the party was met by a group of spectators, including photographers and newsmen.

Barkley shook hands with members of the state police as he left the plane and later said "wre're glad to be back home."

Hopes For "Justice"

Smilingly graciously for photographers, Mrs. Hadley commented, "I hope they do us justice."

The party then drove to "Angles," the Barkley country home, for a buffet supper.

This is Barkley's home town. He is to speak tomorrow at a program dedicating the Paducah airport as "Barkley Field." Mrs. Hadley will stay over for tomorrow's program.

The Vice-President has denied rumors he and his St. Louis guest will be married here.

Millionaire's Dream Becomes Reality, Estate a Public Park

CENTERPORT, N. Y., Aug. 13—(AP)—A millionaire's dream came true today. The beautiful 43-acre estate and marine museum of the late William K Vanderbilt became a public park.

Deed to the property, known as "Eagle's Nest" was turned over to Charles Duryea, chairman of the board of supervisors of Suffolk county, by Barclay Warburton, of Ipswich, Mass., stepson of Vanderbilt.

He recalled how Vanderbilt, great grandson of Commodore Cornelius Vanderbilt founder of the family fortune, planned for many years before his death Jan 8, 1944 to make the estate and museum available to the public.

For its enjoyment the public will have not only the landscaped acres but also a bathing beach on Long Island Sound. There's a swimming pool and a tennis court and an airplane hangar, too.

In the mansion overlooking the Sound and built around a quadrangle visitors will find a shop model room and an organ room Furniture valued at $125.000 goes with the house.

A two story museum on the property and two rooms in the house hold the rare marine specimens which Vanderbilt brought back from all corners of the globe. An avid yatchsman and amateur scientist, Vanderbilt sailed the seven seas collecting their mysterious inhabitants.

Suggestions For Improving City To C of C

Writing In to Tell Their Ideas For A Better Sedalia

Questionaries which were recently mailed out by the Sedalia Chamber of Commerce are being returned with many good suggestions for the improvement of Sedalia. The questionnaires requested the listing of three or more projects which should be undertaken by the Chamber of Commerce during the next year and committees on which they would like to be a member.

The greatest interest on most of the questionnaires is the con-Academy.

Next on the list was city planning and beautification and industrial development, with suggestions to clean up the city, widen Lamine and Osage avenues from Third to Broadway, extending necessary utilities such as water and sewerage, take highways off residential streets, improve streets, and parking lots.

Urge More Meetings

A number of persons urge more Chamber of Commerce membership so that everyone may have a chance to give their opinions and ideas. Luncheon or dinner meetings were suggested at least once a month.

Several suggestions were for development of the dairy industry.

Among other suggestions was the building of an auditorium, playgrounds for the children, an annual promotional activity, athletic promotions and a proposal to advertise Sedalia as the "Gateway to the Lake of the Ozarks."

Some Are Underway

Many of the projects are already underway and some now under consideration, but the answers to the questionnaires have proved very helpful. John F. Zander, secretary of the Chamber of Commerce is anxious that all Sedalians take this opportunity to make suggestions for the betterment of the city whether they are members of the Chamber of Commerce or not. Anyone who has not received a questionnaire may obtain one from the Chamber of Commerce office or just write their suggestions in a letter.

The giving a preference for certain committees is also helpful that persons may be put on the committee they like. Too often they are appointed to committees in which they have no interest, Mr. Zander said.

Out-of-town people are also writing in. A letter from Versailles suggested parking lots and another traveler suggested a route outside the city for trucks.

Democratic Women's Club To Meet

The Democratic Women's Club will meet Tuesday, August 16, at 8:00 p. m. at the Legion Hall, 114½ East Fifth street.

Fire Destroys Landmark

DES MOINES, Aug 13—(AP)—A spectacular fire today destroyed the Des Moines coliseum where Presidents have campaigned, matinee idols performed and, in recent years, wrestlers grunted and groaned.

The 41-year-old landmark in downtown Des Moines was not in use when flames roared through it. No one was reported injured.

Cause of the fast-moving fire had not been determined It was estimated it would cost $1,000,000 to replace the structure which had a seating capacity of 10,000.

Air Show At Municipal Airport Today

Events Start At 11:30; Parachute Jumper; Jet Aircraft

Four F-80 jet fighter aircraft will make several "passes" over the Sedalia Municipal Airport at 4 o'clock this afternoon. Col. I. A. Dregne, commanding officer of the 56th Fighter Group, Selfridge Field, Mich., notified the Lions, the formation would fly to Scott Field, Ill., and take-off from there to make the flight to Sedalia. The number of passes over the field will determine on the amount of fuel they have upon arrival and that needed to fly to Sherman Field, at Ft. Leavenworth, Kansas, from Sedalia.

The Sedalia Municipal Airport, west of Sedalia on highway 50, will be a busy place today with the annual Air Show conducted under the sponsorship of the Sedalia Lions club. Thousands of persons from all over Central Missouri are expected to be on hand to see the thrills in the air, starting at 11:30 o'clock this morning and continuing on through 6:30 o'clock this evening.

The program includes an exhibition of bomb dropping, balloon breaking, aerobatics, paper cutting, model plane flying contest, spot landing and several feature acts.

Highlighting the program will be a fly-over demonstration of a group of jet aircraft from the United States Air Forces. According to information received here there will be a formation of four such planes. The exact time of this flight has not been announced by the Air Force, but will be sometime during the afternoon.

Parachute Jumper

A parachute jumper has been added to the program to thrill the crowd with a jump from a plane several thousand feet in the air and landing on the grass runways in front of the hangers. The jumper is "Bob" Willis, a parachutepacker at the Municipal Airport in Kansas City.

The various Lions committees worked Saturday making preparations for the big day, building stands to handle refreshments and arranging the parking facilities for hundreds of automobiles. Roping off various locations for the crowd to stand and watch the many events.

Jack Funk's Flying Service at the field has completed arrangements to carry passengers. Funk is furnishing the planes and gasoline for local planes which will be used in the various events.

Emery L. Ellsworth, chairman of the Public Buildings and Grounds committee of the City Council announced sanitary conditions at the field are in excellent condition as to the toilets. Work on repairing and improving the existing toilet facilities was completed Friday.

The Program

The program as completed other than the jet aircraft flight, and surprise events is as follows:

11:30 A. M. Mass flight of airplanes.

12—Noon. Parade of planes and introduction of pilots.

12:40 P. M. Balloon bursting. (Three passes, five minute limit) Pilots entered: Bob Younger, Ralph McCarty, James Durrell, Kenny Williams, Gerald King, Dale Turner, Bill Wilson, Ted Gardner and Pat Darnell.

Examinations For Guards

JEFFERSON CITY, Aug 13—(AP)—A new set of merit examinations will be held for jobs as guards at the state penitentiary, Ralph J. Turner, state personnel director, announced today.

The jobs pay $147 to $187 a month. Anyone with an eighth grade education or its equivalent may apply.

John R. Van Dyne Is Named On District Boys' Work Group

John Rudd Van Dyne, 1220 South Barrett avenue, has been named a member of the Boys' Work committee, tenth district, Optimist International, according to notification he received last week. This district covers half the state of Missouri, Kansas, and Colorado.

The boys' district committee will plan and serve as counselor for all the Optimist organizations in this (10th) district. Jim Reed, chairman of boys' work in Sedalia said "the appointment is quite an honor and very important."

The Sedalia Optimist club has divided its group of 75 boys into two units that meet once a week. The Mark Twain unit of boys meet at Mark Twain school on Wednesday nights, with Jim Reed in charge, and the Washington unit gathers at Washington school on Monday nights with Bob Phillips in charge. Optimists other than Reed and Phillips, who are on the boys work committee are, Ernest Cummins, John Hill, Dr. Ben Cline. These two schools,

Fire Fighters Convention Ends Saturday

Officers Elected, Installed; 1950 Meeting In J. C.

The seventh annual convention of the Missouri State Council of Fire Fighters shortly after 4:00 o'clock Saturday afternoon, with the attending delegates, officers and guests claiming this convention a very successful one, and expressed their thanks to everyone concerned for cooperation.

Saturday's program commenced at 10:00 a.m. at Bothwell hotel. Rev. A. J. Brunswick of Sacred Heart church, gave the opening invocation, and was followed with a labor talk by Harry Hull, president of Sedalia Federation of Labor.

Just before recess at noon, William D. Buck, vice-president, Second District International Association of Fire Fighters, gave a pep talk, and outlined his duties for th four state area during the past year.

Rev. Arnold Spoke

Rev. Walter P. Arnold, pastor of the East Sedalia Baptist church was the afternoon speaker. He gave an impressive talk and complimented the firemen in general on their accomplishments.

Officers and executive board of the association were elected and installed. William D. Buck had charge of installing the following officers and executive board: Richard Zammar, of Kansas City, president; J. McCann, Hannibal, vice-president; Harlan C. Boehm, Springfield, secretary-treasurer. All officers were re-elected for the ensuing year. Those installed on the executive board wre: Arthur Hohenstreet, Jefferson City; Leonard Grams, St. Louis, Leo Huffman, Sedalia, and William O. Shisler of St. Joseph.

Jefferson City Next Year

The choice of the next convention city was Jefferson City with the convention to be held in August, 1950.

On Friday night, the convention group, in addition to Sedalia guests held a banquet at the Old Homestead, with Rev. A. J. Brunswick, toastmaster for the evening.

Among those from Sedalia attending were: Mr. and Mrs. Earl Lashley. Mr. Lashley is chairman of the fire and water committee of the ctiy; Mayor Julian H. Bagby, Rev. and Mrs. H. U. Campbell, Mr. and Mrs. D. Kelly Scruton and Mr. and Mrs. Harry Hull.

Briefs

WASHINGTON, Aug. 13—(AP) — Maj. Gen. Harry H. Vaughan, President Truman's military aide, acknowledged today that he accepted deep-freeze units as gifts to himself and some friends, but denied there was anything improper in "this courtesy."

He said he spoke for one of the freezers for "the little white house" — the Trumans' home in Independence, Mo.— and others to go to Fred Vinson, John Snyder, James K. Vardaman and Matthew J. Connelly. Still another was directed to the White House staff lunchroom.

Vinson now is chief justice of the United States. Snyder is secretary of the treasury. Vardaman, former Truman naval aide, now is a member of the board of governors of the federal reserve system. Connelly is secretary to President Truman.

Snyder told a reporter that no freezer reached him.

Sen. Mundt (R-SD) immediately called for a check-up on Vaughan's claims.

WASHINGTON, Aug. 13—(AP)—The Hoover commission, whose aim was to save you money through streamlining government operations, today reported a savings itself of $31,000.

It said this was the amount left over from the $1,938,000 congress appropriated two years ago to finance the vast research job on government reorganization which the commission recently completed.

FRANKFURT, Germany, Aug. 13 — (AP) — A German election campaign spiced with violence and anti-allied oratory ended tonight with a sober radio appeal from all parties for a vote for freedom. Tomorrow the 45,000,000 inhabitants of Germany's three western zones will choose a 400-member parliament to set up their new West German Republic. It will be the first federal election since Hitler seized power.

WASHINGTON, Aug. 13.—(AP)—The Democratic National Committee today slammed the door against its "states righter" members, barring them from its next meeting to elect a successor to Chairman J. Howard McGrath.

McGrath himself sent out the blunt notice that the Louisiana and Mississippi delegates have not been invited to the Aug. 24 session here.

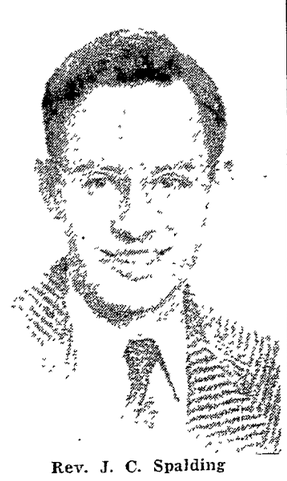

Rev. James C. Spalding, of Marshall, Rotary Speak

"The speaker at the regular Rotary club luncheon Monday at the Hotel Bothwell, will be Rev. James C. Spalding, Professor of Religion at Missouri Valley College in Marshall. Professor Spalding's talk will concern, "Some Problems Democracy Faces in Present-day Europe."

Mr. Spalding and his wife, the former Virginia Burford, daughter of Mr. and Mrs. Phil R. Burford of this city, have recently returned to this country after spending eighteen months in Europe. Most of their time overseas was spent in Switzerland and Germany where Mr. Spalding studied at the Universities of Zurich, Basle, and Tubingen. The couple also spent several months visiting in England, France, and Italy.

In his talk at the Rotary club luncheon Mr. Spalding will give some observations based on his European experience as they relate to the present day political situation over there.

Since their return from Europe last winter, Rev. and Mrs. Spalding have resided in Marshall, where he began his present position as Professor of Religion at M. V. C. on February 1."

Hoover Stricken On Train

Suffers Attack Of Gall Bladder Ailment, But He Rallied Quickly

CHEYENNE, Wyo., Aug. 13— (AP) —Herbert Hoover's gall-bladder attack aboard an eastbound passenger train today didn't impair his skill at gin rummy. When the train stopped here at 4:30 p. m. (EST) the former President had won $1.20 and felt good enough to smile about it.

Hoover was stricken earlier in the day, but rallied after receiving emergency treatment.

His secretary, Bernice Miller, said when the train stopped here: "The boss is feeling fine."

Doctor F. E. Magrath of Cheyenne boarded the train at Hoover's request. Magrath pronounced his condition as "nothing to be worried about."

Hoover "is now up playing gin rummy with friends," his secretary, Bernice Miller, said in a telegram sent early tonight from Rawlins, Wyo.

Hoover is enroute to new York after celebrating his 75th birthday at a public reception at Stanford University, Palo Alto, Calif. Wednesday.

Had Them Before

The form president told Dr. Dale Hadfield at Elko, Nev., "I think I am having a gall bladder attack. I have had them before and I know what they are."

Dr. Hadfield treated Hoover, then permitted him to continue the trip after advising him to seek further treatment at Ogden.

Dr. Stratford met the train and was ushered into the Hoover compartment. He emerged 20 minutes later to announce: "The attack was a mild one and Mr. Hoover will go on to New York."

Hoover left Palo Alto yesterday. The train reached Elko before dawn today and arrived in Ogden at 9:50 a.m. mountain standard time (11:50 a.m. EST).

Had Ambulance Waiting

An ambulance was waiting in the Ogden railroad yards to rush Hoover to a hospital but the Californian did not leave his train.

The former president's train is due in Chicago at 11:45 a.m. EST Sunday. He has a reservation to New York on the New York Central's Century, which leaves Chicago at 5 p.m. EST Sunday. That train is due in New York at 8:30 a.m. EST Monday.

Hoover heads the Hoover commission which is studying reorganization of the federal government.

The birthday celebration, held at Stanford University, was highlighted by a 30 minute speech in which Hoover warned the nation against continuance of present spending policies.

He said that unless present spending trends are altered posterity may be robbed of its inheritance.

Had Spent Weeks in West

Charging that the United States "is blissfully driving down the back road to collectivism at top speed," he said: "We have not had a great socialization of property but we are on the last mile to collectivism through governmental collection and spending of the savings of the people."

Hoover had spent several weeks in the West, during which he inspected mining properties and vacationed for a time at Bohemian Grove, on the Russian river north of San Francisco.

Dr. Hadfield said Hoover was in considerable pain when he arrived at Elko, but responded well to treatment. He said his patient was relieved and resting comfortably when he left.

Civic Clubs to Assist at Fair

A committee composed of T. H. Yount, Ernest Martin, Jack Cunningham and Ray Hunt, with Kenneth U. Love, director of the State Fair division, met Saturday morning in the office of John F. Zander at the Chamber of Commerce, to select workers at the Chamber of Commerce information booth at the Missouri State Fair.

The schedule for Fair week, for civic club workers will be as follows: Lions club, Sunday and Monday; Rotary, Tuesday and Wednesday; Optimist, Thursday and Friday; Kiwanis, Saturday and Sunday each club furnishing 12 men to work three shifts a day, 8:30 a. m. to 1:00 p. m.; 12:30 to 5:00 p. m. and 4:30 to 9:00 p. m.

The Business and Professional Women's club will furnish 16 women to work every day during the peak period from 4:30 to 7:00 p. m.

Zeb M. Cole, Engineer, Retired Has Seen Railroading Change

As Zeb M. Cole, Missouri Pacific engineer, sat in the cab of the diesel engine of No. 12 Saturday morning, August 6, heading toward St. Louis, he was completing his fortieth year as an engineer on the Missouri Pacific railroad.

Starting his railroad career on the Southern railroad in Princeton, Ind., on December 8, 1900, he went to St. Louis as an engineer on August 6, 1909, and has been running on that road since. Although his home has been in that city continuously he has made many friends in Sedalia, having run into this city and spent his lay-overs here many years.

There has been a vast change in railroad equipment and working conditions since Mr. Cole first started as an engineer on the Missouri Pacific. Modern invention has given the diesel engine with the enclosed cab, which is a far cry from the hand fired engines of 1909.

Garb Unchanged

The engineer's garb has not changed. He still wears overalls, often faded light blue from many washings, the high cap with bill in front, the bandana handkerchief, red or blue, around his neck, and the open face watch that is his constant companion. He still stuffs the thin green or white papers, which are his orders that make his journey and yours along the silver ribbons of track safe, in his pocket as he climbs on the engine to make his trip. The difference in his looks is when he climbs down from the engine. No longer is he black with coal dust, smoke and grease as he ends his day's run, looking as if he might be from a black-face minstrel show.

No longer does he sit, one hand on the throttle, his head and shoulders out the cab window watching the track and the signals as the road unfolds before him, the mighty giant of iron he guides roaring along the track through towns and villages, whistling, chugging, steaming along the countryside, its long plume of smoke vanishing in air far behind it. He does not feel today the heat of the sun burning his face and glaring in his eyes on hot summer days, nor the sleet, snow and wind beating against his face in winter as he watches to see that all was clear ahead.

Many Changes

His fireman at his side no longer stands in a half bent position as he shovels with steady precision the coal into the flaming firebox, sweat pouring from his body, an entire railroad car or coal in a single trip, shovel by shovel.

As Zeb Cole rounded out his fortieth year with the Missouri Pacific railroad, he thought, as all old time railroad men do, of the changes that have taken place in railroading. The difference in today's trains and those of 40 years ago, of railroaders he had known in the past and of many interesting experiences he had had, "some good," he smiled, "and some bad."

Nails were scarce in the early American colonies.

Undergoing Amphibious Navy Training

Paul M. Maxwell Second Class Midshipman at the U. S. Naval Academy is now undergoing amphibious training at the Naval Amphibious Base, Little Creek, Va. He is the son of Mr. Paul C. Maxwell of 212½ West Third street, Sedalia.

There will be 880 Cadets and Midshipmen receiving amphibious training during the period August 8 to 22. This instruction will be under the auspices of the Amphibious Force, Atlantic Fleet, and is known as Camid IV ("Camid" is the abbreviation of Cadet-Midshipmen). Camid IV is under the direction of Rear Admiral Jerauld Wright, USN, Commander Amphibious Force, U. S. Atlantic Fleet.

Midshipman Maxwell's instruction will be divided into two phases. The ashore phase will be held at the Naval Amphibious Base, Little Creek, Va., from August 8 to August 17. The afloat training will take place aboard ships of the Amphibious Force, Atlantic Fleet.

Classroom Presentations

The amphibious training will include classroom presentations designed to present the art of amphibious planning and the techniques of amphibious operations, demonstrations by instructing personnel and conducted tours of installations and vessels utilized in assault landings.

The student officer will also witness the 4th Battalion of the Second Marine Division conduct a practice landing on the beaches at Little Creek. These seasoned combat veterans will establish a beachhead and give the Camids instruction and valuable information in assault tactics.

Midshipman Maxwell will witness and participate in the bombardment of Bloodsworth Island, located in upper Chespeake Bay. During this exercise the 4th Marines will be embarked in landing craft and advace to within 1000 yards of the beach and return. Camids will witness from ships of the Amphibious Force. Live supporting fire will be supplied by destroyers and Landing Chip Medium Rockets. Air support will be supplied by Air Force jets and Navy fighters and bombers.

Landing Exercise

Midshipman Maxwell will take part in the final landing exercise at Camp Pendleton, Va. During this landing the Camids will hit the beach and secure a beachhead. Following the assault they will witness paratroop drops of the 82nd Airborne Division and glider and helicopter resupply operations. Simulated gunfire and air support will be utilized for this landing.

The Monday following the final landing operation, the Cadets and Midshipmen will depart; the former for further training at Fort Eustace and Fort Story, Va., and the latter for their summer holiday.

Flat Creek 4-H Club Meeting

The Flat Creek 4-H club met at the Anderson school on Thursday night for its regular monthly meeting. Roll call was answered by reporting on projects. Eighteen members and three visitors were present.

Plans were completed for the tour, on August 7, to start with a basket dinner at Marion and Mary Jeannette Edmundson's home.

Mr. and Mrs. Bryan Phifer were visitors.

The next meeting will be held on Thursday night, September 1, at the school house.

Missouri WAC Reservists in Camp

CAMP LEE, Va.—WAC Reservists attending the second encampment of the first Women's Army Corps Reserve Training Camp at Camp Lee, Virginia, are pictured in a classroom as they take notes on a lecture on "Military Justice." This is one of the courses being given to the citizen soldiers to bring them up-to-date on the many changes that have taken place in army procedures since they returned to civilian status. All from Missouri, they are, front row, left to right: Captain Rose Leibbrand of Sedalia; Sergeant Mina D. Kelly of Joplin Second row. Sergeant Alpha R. Shipp of Mountain Grove They have the honor of being the first women from Missouri to participate in Organized Reserve Corps Training.

CAMP LEE, Va — The first WAC Reservists from Missouri to attend the Women's Army Corps Reserve Training camp at Camp Lee, Va, are Captain Rose Liebbrand of Sedalia, Sergeant Mina D. Kelly of Joplin and Sergeant Alpha R Shipp of Mountain Grove.

In welcoming the 97 women reservists from 30 states, Major General R. C. L. Graham, commanding general of Camp Lee, commended them upon their spirit of acceptance of their responsibilities as citizens and stressed the value of WAC Reserve training to the future security of this country.

To Orient and Train

The WAC summer camp is headed by Florence K Murray, lieutenant colonel, WAC Reserve, of Newport, R I, a member of the Rhode Island State Senate The purpose of the 15-day orientation course is to orient and train WAC Reserve personnel in matters pertaining to the regular army and reserve

The program is primarily intended to bring the reservists up to date in basic common subjects and they will undergo an intensive two-week training schedule that will include indoctrination lectures, field trips, classroom problems and outdoor drill

It is planned to hold future summer training camps for WAC Reservists in the six army areas

Entered in Oregon

Captain Rose Leibbrand entered the army at Portland, Ore in July 1942 After attending the Adjutant Generals school, instructors unit, she was assigned to Sedalia Army Air Field as civilian personnel officer and was discharged in July 1946

CUPID TO POLIO WARD — Being quarantined in the polio ward of St. Luke's hospital in Kansas City, Mo., did not stop Betty Joan Baldus from receiving the engagement ring promised for her eighteenth birthday. Her boy friend, Carl DeWalt, 20, Independence, climbed a stepladder to a window by her bed and put a diamond on her finger. No date has been set for the wedding, but Betty is expected to leave the hospital soon.

Puts Ring On Finger Of A Polio Patient

KANSAS CITY, Aug 13—(AP)—Young Carl Dewalt climbed a ladder to his girl's polio ward window to put an engagement ring on her finger.

Carl, 20, had promised the ring to Betty Jean Baldus on her 18th birthday. But three weeks ago Betty became ill and was placed in the St. Luke hospital polio ward

Carl kept his promise, however Last night, on the eve of Betty's birthday, he climbed a stepladder to her first floor window and gave her the ring

About a dozen other persons were waiting to use the ladder to talk to polio-stricken members of their families But they agreed, under the circumstances, Carl should go first

In order properly to celebrate her birthday today, Dewalt used the same method to present Miss Baldus with an elaborate birthday cake complete with 18 candles

The young man has made four trips from his Independence, Mo, home to the hospital—a round trip of 26 miles—to bring her tokens of endearment

Miss Baldus, who is expected to be released from the hospital next Sunday, has received letters and a "get well" card daily from Dewalt since her admittance to the hospital

Playmates Recover Body Of Boy In River

KANSAS CITY, Kas, Aug 13 — (AP)—The body of a 13-year-old boy was recovered Friday by two of his playmates from the Kaw river where he drowned yesterday while swimming with six other boys

Gerald Corp, 13, and Anthony Flamez, 15, sighted the body of Robert Vargas floating on the surface about 500 feet south of where the youth went down in deep water. Firemen removed the body from the driftwood.

Dr. Dobel Cox and Mrs. Cox, of Eufaula, Okla., returned to their home Saturday morning after a visit with their mother, Mrs. R. S. Swearingen and Mrs. J. J. Cox.

Mr. and Mrs. Tyler Welch, of Cushing, Okla., former Sedalians, have returned home after a visit here with relatives.

Capt. and Mrs. Robert W. Bouknecht arrived Saturday for a two and a half week visit with her parents, Mr. and Mrs. M. D. Hale, 3018 East Twelfth street. Mrs. Bouknecht is the former Miss Elinor Hale. Capt. Bouknecht is a regular air corps officer and is stationed at Spokane Air Force Base, Spokane, Wash., where he is a squadron commander. The couple came to Missouri via Boise, Idaho, Salt Lake City, Utah and Denver, Colo. From here, they will drive to Troy, Ohio for a short visit with his parents, who will accompany them to Spokane for a visit. They will return via Yellowstone National park.

Revival Opens Monday Night

The Christian church of Smithton will sponsor a revival beginning August 15 and continuing through August 21, inclusive, except Saturday, August 20. T. R. Carrell of St. Louis, will conduct the revival.

Mr. Carrell's evangelistic work is known as "hymn illustration." He draws on a large three by four foot blackboard with colored chalk, while a medley of hymns is played on the piano or some other musical instrument. A soloist sings the hymn that is being illustrated while varied colored lights flood the picture.

After the picture is drawn, the evangelist preaches the sermon.

Another phase of Mr. Carrell's work is "chalk talks," which bring stories of Bible parables and verses to children and adults by simple illustrative drawings.

Orville Henderson will be the song leader and soloist for the revival, with Miss Coleen Rothenberger in charge of the children's work.

Mr. Carrell is scheduled to be on the program tonight at the Methodist camp meeting at Lake Creek.

A ton of hard coal or a cord of seasoned white oak, beech, or maple will yield about the same amount of heat, says the National Wildlife Federation.

John R. Van Dyne Is Named On District Boys' Work Group

(Continued from Page One)

Washington and Mark Twain, the only grade schools with gyms, have been obtained through the generosity of the school board.

To Guide Boys

The main purpose of the Optimists in their boys' work, is to give the boys spiritual, physical and mental guidance. This threefold program operates continuously. The boys are encouraged to attend church of their own choice, to participate in basketball, baseball, wrestling and other sports. During the year the boys are given the opportunity to do work with handicrafts of various types, first aid and camping.

The Sedalia Optimists obtained sometime ago a two-room house from Ed Schlobohm with a 15-year lease at two dollars a year. The cabin is located three miles south of Smithton on Flat Creek. The water supply at the cabin has been approved and concrete for the floors of two new screened porches has been poured. When the cabin is complete it will be able to hold 40 boys for summer week-end campings. The cabin's location provides ample recreation, such as fishing, swimming and other outdoor activities. A 14 foot boat was given the boys by Dr. C. D. Osborne.

Need Mattresses

The boys' cabin will be equipped with electric lights and with army surplus bunks. Reed stated that anyone wishing to donate cot mattresses, they would be appreciated by the group.

Reed said that all money received by the local Optimist club does not leave this city, but is used by the local club for the benefit of the Junior Optimists, in Sedalia.

It has been announced there will be a basketball league sponsored by the Optimists, composed of eight teams. Two Optimists teams and possibly one from the Democrat-Capital will be among those participating, the remaining not determined definitely at this time. The commissioner of this league, that will go into operation when the basketball season starts, is Palmer Nichols, with Dr. R. K. Drenon and Ed Ringen assisting.

Members of the Sedalia Optimist Boys' Council are: chairman, Frank Coffman, Judge Dimmitt Hoffman, Frank Mehl, Dan Doty, Ernest Cummins, Paul Alpert, Jim Reed, Dr. T. W. Bast and Brooks Bapple.

Fire Fighters Convention Ends Saturday

(Continued from Page One)

the International Association of Fire Fighters was the speaker for the evening. His address dealt with a point system of improvements for fire fighting groups in general, including efficiency, welfare, and morale. He advocated establishment of a school of fire fighting instruction in the latest scientific advances in that field, as well as in preventative measures.

In the field of legislative aid to fire fighters, Mr. Redmond spoke of establishment of a civil service system and tenure of office acts, and also for the creation of a system of pension annuities and retirement plan. Another measure discussed was a maximum hours law for firemen, which would aid in the building of a reserve unit for more serious fires. These measures would increase efficiency in actual fire fighting work, and also make the profession more attractive to the proper type of individuals. Higher pay rates would also bring better men into the departments, he said.

Mrs. O'Farrell Critical

Mrs. Arthur O'Farrell, of 711 North Grand avenue, who is a patient at the Bothwell hospital, remains in a critical condition.

Home From Clinic

Henry C. Eckhoff, of 1016 South Moniteau avenue, was returned home from the Robinson Clinic in Kansas City Friday in the Gillespie ambulance. He is much improved.

Street Job Was Finished Friday

Approximately $15,000 obtained from city gasoline tax, parking meters and from city license stickers, was expended for applying bituminous material on the city streets.

The city's job of seal or re-seal coating of nearly seven miles of city streets was completed Friday, and now the 12-Mile Road District has started to pour asphalt over city streets, which fall in the district's jurisdiction to maintain.

James I. Collins, city engineer, complimented residents of Sedalia, who were very cooperative in replacing blockades set up around wet asphalt streets, which were knocked down by motorists.

Sedalia now has more than 35 miles of seal-coated streets, and it is anticipated to have most of the streets lacking seal coating completed by next year.

The city engineer said before any seal coating can be applied with asphalt, the streets must have a sufficient base with either gravel or stone.

W. J. Menefee had the city contract to apply the asphalt and spread chat on the streets. The seal coat was measured and paid for on the square yard basis. Menefee has the paving contract of the 12-Mile Road district.

Author Partly Conscious

ATLANTA, Aug. 13—(AP)—Margaret Mitchell, author of "Gone With The Wind," partially regained consciousness today and recognized friends.

She was struck down and nearly killed Thursday night by a speeding car driven by an off-duty taxi driver.

Miss Mitchell, in private life Mrs. John Marsh, aroused from a coma today and got mad over being fed intravenously. She asked a relative to remove a tube from her arm through which a saline solution was being administered.

"When Peggy gets mad it's a good sign," said a physician and family friend. "The chances for her recovery look better today than we thought they would when she was brought in here."

Once when being given a drink of water, Miss Mitchell said she "hurt all over."

Boy, 15, Killed When Struck By Lightning

NORBORNE, Mo., Aug. 13—(AP)—Harvey Ogden, 13, was killed here late this afternoon when struck by lightning in the yard of his home.

His sister, Frances 17, was knocked unconscious by the lightning. She was reported improving tonight.

The boy and girl were taking clothes from a line in the yard when the lightning struck. The bolt hit a tree to which the clothes line was attached.

Harvey was a son of Mr. and Mrs. Herbert Ogden.

Man Killed On Way Home From Vacation

FULTON, Mo., Aug. 13—(AP)—William Earl Bartlow, 64, Huntsville, Ill., died today of injuries suffered in a motor car accident.

Mrs. Bartlow was reported in a serious condition at the Callaway county hospital.

The state highway patrol said the Bartlow car, traveling north on U. S. highway 54, collided with a dump truck traveling east on U. S. highway 40. The driver of the truck was not injured.

Mr. and Mrs. Bartlow were returning to Huntsville from a two-months vacation in the west.

Home From Hospital

Ernest Pfunder, of 116 South Massachusetts avenue, who had been confined to the St. Mary's hospital in Jefferson City with a broken leg, returned home Saturday, but will be confined to his home for a while.

Liquor License Issued

A license to sell liquor by the drink at the Interlude, 109 West Second street, was issued by the county court Saturday to Marie Randall. The license is to expire February 13, 1950.

Passion Plant Just Appears

A little vine started growing in the yard of Mrs. Morgan Thorn, 713 Lafayette avenue, and at first she thought it was weed or wild vine. For awhile she left it alone and then curious to know what it was, she trained it up a lattice. Then the vine began to bud and bloom, gorgeous big purple and white fringed flowers all over it. Other little plants began to come up as the seeds dropped. Her neighbors and friends were as interested in the vine as she was and she gave some of the plants to friends who now have a good start of the vine, too.

Saturday a friend of Mrs. Thorn brought two of the flowers to the Democrat-Capital office. They are passion flowers, so named because of their supposed resemblence of the corona to the crown of thorns, and of the other part of the flower to the nails or wounds, while the five sepals and five petals were taken to symbolize ten apostles. Peter, who denied and Judas, who betrayed being left out.

Mrs. Thorn has not the slightest idea how the vine started in her yard.

Rob Peabody's Tomato Patch

Guy Peabody, 1600 South Prospect avenue, has his shotgun ready and he says there is going to be shot in somebody's heels if they don't stay out of his tomato patch.

Mr. Peabody prides himself on his tomatoes. He has cultivated, fertilized, staked, watered and admired his tomato plants as they grew, blossomed and bore little green tomatoes that grew into big ones of perfection and then turned red. The plants, some now far above his head have been bearing tomatoes for sometime, a bucket full every two days.

Friday night Mr. Peabody looked his tomatoes over and decided to wait until morning to pick them. Saturday morning when he went out with his bucket there were only two tomatoes left. Somebody had taken every ripe tomato on the vines except two on the plant right at the back door. "I don't know why they didn't take those two," he said in disgust, "If they will come back I'll give them to them."

Joe P. Weller Is Injured In Fall

Joe P. Weller, 55, 1721 South Harrison avenue, was seriously injured, Saturday morning when he fell from a barn on his farm east of Bahner, Mo. Mr. Weller, according to information from his family suffered a broken back and possible internal injuries.

He was rushed to the Bothwell hospital in an ambulance where Dr. John Lamy rendered medical attention and reported his condition as being serious.

Mr. Weller was roofing a tall barn on his farm and it is believed a piece of tin on the roof came loose and when he stepped back on it, the tin rolled. He lost his balance and fell to the ground several feet below.

A son Dan was nearby and rushed to a neighbors and summoned aid.

Members of his family residing away from Sedalia were called home to be with their father.

Bothwell Hospital Notes

Admitted for surgery: Harry E. Nagel, 1514 South Park avenue.

Admitted for medical treatment, Suzanne Taylor, Cole Camp; Joseph P. Weller, 1721 South Missouri avenue; Miss Mildred Schmelir, Cole Camp, Tom Nixson, 1528 East Fifth street.

Dismissed: Mrs. Martin Goss, 1012 South Missouri avenue; Jimmy Lee Shireman, Houstonia; Mrs. Clifford Brown and son, 1520 South Osage avenue; Joan Alderson, of Knob Noster; Mrs. James C. Woodsmall, Jr. 1813 South Barrett avenue.

Yanks Rally In Ninth To Hold 5-Game Lead

Beat A's 9-7 As Red Sox Win 5-1 In Twelfth

NEW YORK, Aug. 13 —(AP)— The New York Yankees scored four runs in the ninth inning to down the Philadelphia Athletics, 9-7, today and maintain their five-game American League lead over the Boston Red Sox.

Boston clipped the Washington Senators, 5-1, in 12 innings with Vern Stephens breaking up the game by belting his 30th home run of the season with the bases loaded.

Fowler Blew Up

Dick Fowler had the Yanks beaten, 7-5, on six hits when he blew up in the ninth. Pinch-hitter Billy Johnson doubled two mates home, Phil Rizzuto squeezed home the third and Tommy Henrich doubled home the fourth.

Lefty Joe Page, who relieved starter Vic Raschi in the seventh, gained his 11th triumph. Ralph Buxton pitched the ninth and retired the A's in order.

Kinder in 14th Win

Ellis Kinder went all the way for the Red Sox, scattering 13 hits in posting his 14th triumph. Kinder blanked the Senators after the first inning.

Mickey Harris, formerly with the Red Sox, started for Washington and was removed in favor of Joe Haynes in the sixth when Boston tied the score at 1-1.

Stephens homered on Haynes' first pitch to him in the third overtime frame to break it up. A walk to Kinder, sacrifice, fielder's choice and intentional walk to Ted Williams preceded Stephens' smash into the left field nets.

Tigers Beat Browns 12-9

The Detroit Tigers trounced the St. Louis Browns, 12-9, and as a result took over fourth place from the Athletics. Home runs by Vic Wertz, Hoot Evers, Johnny Groth and Dick Wakefield featured the triumph.

Dutch Leonard pitched the Chicago Cubs to a 5-4 decision over the Cincinnati Reds in the National League's only day game.

Leonard granted eight hits including Walker Cooper's 16th homer of the season in besting Howie Fox who went down to his 12th defeat.

A scheduled doubleheader between Philadelphia and New York and a single game between Boston and Brooklyn were postponed because of rain.

Phil Miller of K. C. Wins Dixie Doubles

ST. LOUIS, Aug. 13—(AP)—Phil Miller of Kansas City, holder of numerous titles, added the Dixie doubles to his collection today at the Creve Coeur Gun Club with 96 targets out of 100 to beat out favored Mercer Tennille of Shreveport, La., by one shot.

George Love, 20-year-old farmer from Bonville, Ill., won the preliminary handicap event with 98 hits in 100 tries. He belted 76 straight targets after missing Nos. 23 and 24 on the first trap. William Anderson of Obion, Tenn., was second with 97.

Lt. Jack Mann Wins All-Army Golf Tourney

SAN ANTONIO, Tex., Aug. 13 —(AP)— Lt. Willard M. (Jack) Mann won his second straight world-wide all-army golf championship today, routing Maj. Lawson Magruder, 6 and 4.

Mann, a Fort Worth soldier representing the Second Army, was four under par for the 32 holes he needed to beat the Fourth Army major from Camp Hood.

Mann's one-under-par 70 on the morning round had Magruder trailing him by six holes.

Maj. Gen. Floyd Parks beat Glenn Wilhide, 2 and 1, for the senior championship. Both officers represented the Pacific area and are stationed in Hawaii.

Eagles Defeat All-Stars 38-0

CHICAGO, Aug. 13—(AP)—Championship class paid off Friday night as the Philadelphia Eagles smothered the College All-Stars 38-9 to roll up the most decisive margin in the 16-year-old charity series.

Before a shirt-sleeved throng of 93,780 in flood-lighted Soldier Field, the Eagles, champions of the National Football League, pushed across five touchdowns, plus a field goal, against a completely bewildered collegiate array.

Only once did the hapless Collegians advance as far as the Eagles' 30 yard line in the entire contest. That was in the first period, which was a scoreless affair.

Fischer of Notre Dame Chosen Most Valuable Man

CHICAGO, Aug. 13—(AP)—Bill Fischer, Notre Dame guard, was chosen by newsmen as the most valuable player on the college All-Star football team which lost 38-0 to the Philadelphia Eagles last night.

Selection of the 250-pound guard was announced today after a count of ballots. Close behind in the contest for a silver trophy to be presented at next year's game was Jack Mitchell, Oklahoma quarterback.

Barney Poole, former Mississippi and Army end, was third. Others who got votes are Alex Sarkisian, Northwestern center; Paul (Buddy) Burris, Oklahoma guard; Chuck Bednarik, Pennsylvania center; George Taliaferro, Indiana halfback; and Don Doll, Southern California halfback.

The official attendance for the game was 93,780. Gross receipts were $355,220.

Sandlot Tourney Starts Friday

WICHITA, Kas., Aug. 13—(AP)—The 15th annual National Baseball tournament for the sandlotters opens here Friday night.

A 32-team bracket, representing state and bi-state champions, will battle for the title under the double elimination plan.

The National Baseball Congress, sponsor of the tournament, estimates 15,000 opening night crowd which will bring together the Kansas and Missouri champions, the Wichita Cessna Wildcats and the Holcomb, Mo., Cardinals.

Expected for the opening night's ceremonies are A. B. Chandler, baseball commissioner; Joe E. Brown, film comedian; J. G. Taylor Spink, publisher of the Sporting News and N. B. C. Global commissioner, and George H. Sisler, N. B. C. U. S. commissioner.

Defending its national title in the two week tournament will be the Fort Wayne, Ind., General Electrics club.

Among the teams certified for the tournament so far are the Camden, Ark., Kraftsmen.

Jockey Injured At Ozark Empire Fair

SPRINGFIELD, Mo., Aug. 13—(AP)—A jockey was injured critically today in the opening horse racing program of the Ozark Empire Fair.

Buddy Maskrid, 47, of near Enid, Okla., was thrown in the fourth race when his horse stumbled and a stirup broke. Maskrid tumbled under the hind legs of the horse, then was trampled by several other animals.

At a hospital attendants said he was unconscious from a possible brain concussion. He also suffered internal injuries, compound fractures of the jaw and left knee.

Maskrid was aboard "My Buddy," owned by Mrs. E. Armstrong of Ringwood, Okla., when the accident occurred. He had ridden winners in the first and third races.

Palmer And White Lead Tam Tourney

Snead Trails By One Stroke Going Into Final Round

By Charles Chamberlain

CHICAGO, Aug. 13—(AP)—Buck White and Johnny Palmer rolled into a 54-hole deadlock at 11-under-par 205 today, only one strok ahead of Sam Snead as the Tam O'Shanter $35,000 "World" pro golf cash craze entered the final round.

Palmer, the Badin, N. C., hot-shot who was beaten by Snead in the 1949 National P. G. A. finals, banged a third round 69 to gain a stroke over the 39-year-old White from Greenwood, Miss.

White was the halfway leader with 135 yesterday while Palmer trailed at 136.

Temporary Blow-Up

After a temporary blow-up for a two-over-par 38 on the first nine, White settled down for a four-under 32, coming in for a 70.

Unruffled although a jazz combo was hot-licking it for Tom Collins drinkers just off the 18th green, White dropped a difficult three-foot putt to salvage a par 4 and create the deadlock.

White's off-line approaches and jittery putting blighted his front nine. Then he birdied four of the first six holes on the back side in a rally that sent tears of happiness into the eyes of an 8-year-old admirer, his son, Garrard.

$10,000 Top Prize

The $10,000 top prize which will go to the winner tomorrow probably looks bigger to the affable White than any pro in the field. His main bid to fame previously was losing a playoff to Jug McSpaden for the Tam O'Shanter jackpot in 1943.

Snead, who nearly shot himself out of the meet with an opening round of 72—even par is a poor score in this carnival—continued his uprising with a 68 for 206.

Four Others Under Par

Four more members of the par-wrecking crew were bunched at 208. Toney Penna of Cincinnati, 41-year-old Naples-born veteran, rounded out a 68 with a pair of 34's which included three putts for a two-over 7 on the ninth. Bob Hamilton of Landover, Md., fitted in with a 70 while Clayton Heafner and Jimmy Demaret made it snug each with 71's.

Jim Ferrier uncorked a 69 to become the lone member in the 209 bracket. National Open titlist, Cary Middlecoff, and defending Tam "World's" champion Lloyd Mangrum were locked at 210 after rounds of 70 and 69, respectively.

Navy To Build On Freshmen

ANNAPOLIS, Md., Aug. 13—(AP)—Navy is applying to football its classroom lesson that a ship is no better than its keel.

The Academy showed again today that it is making sure its blueprint for a gridiron comeback is getting the emphasis where it counts—at the bottom.

It announced that practice for 350 plebes (freshmen) will start Monday, August heat to the contrary. This is a couple of weeks before other college coaches will get a look at their squads.

And the scottiebutt in this victory starved area is that the incoming class is loaded with football material. Perhaps even better than last year's plebe team.

The 1948 freshmen were right good. They won all eight games, piling up 262 points to the opposition's 55. Coach George Sauer will use more than half of them on his varsity squad which reports Aug. 22.

The plebes are going to be coached by a man who is used to winning. Comd. Asbury (Red) Coward was appointed today to be their instructor.

Hot Denial From Air Secretary

General Vandenberg Calls Rumors "False" As To B-36 Purchase

By Morgan Reynolds

WASHINGTON, Aug. 13 — (AP) —Secretary of Air Stuary Symington Friday hotly denied that the multi-million dollar investment in the far-ranging B-36 atom bomber was based on "any considerations other than national security."

"An effort has been made," he said, "to show that the Air Force and I personally have done wrong in the purchase of the B-36."

"It is not true," Symington snapped.

Assuming personal responsibility for the decision to push the controversial superbomber program, Symington declared that it was made solely for military reasons. He said there were no political or business considerations involved.

Symington gave this testimony to the House armed services committee which is investigating the B-36 project to see whether any outside pressure was brought to bear in the awarding of the plane contract to the Consolidated Vultee Aircraft Co.

The inquiry was launched after Rep. Van Zandt (R-Pa) told the House he had heard "disturbing" reports about top defense officials and airplane makers.

Refutes Rumors

Before Symington took the stand, Gen. Hoyt Vandenberg, Air Force chief of staff, lashed out at the "false rumors and innuendoes," which he told the committee had damaged Air Force morale.

At the same time Vandenberg flatly declared that this country's possession of the atom bomb—plus the ability to "deliver it"—provides the major check on "the aggressive designs of Soviet leaders."

The tall slender air chief who has just returned from a military survey in Europe, bluntly told the lawmakers:

"There is only one major military threat to the security of the United States and the peace of the world. It is pointless to talk in riddles—this threat comes from the Soviet Union."

Vandenberg then went on to say that "for the next few years the B-36 provides the spearhead for the ready-for-combat force in being, which this country must constantly have at hand."

When Symington took the stand in his own defense he read a statement denying point-by-point charges first made by Rep. Van Zandt last May.

At that time Van Zandt told the House he had heard reports that Symington planned to resign shortly to head an aircraft combine being formed by Floyd Odlum, head of Atlas Corp., which controls Consolidated, the makers of the B-36. Van Zandt also reported that Odlum had helped Symington and Secretary of Defense Louis Johnson raise campaign funds for the Democratic party last fall.

Symington said these charges were "not true." And he acidly remarked that Van Zandt, a committee member, "has been here hardly at all this afternoon."

"I think he should stay in here and face us," Symington added.

Fisherman Finds Body In River

MARSHALL, Mo. Aug. 13—(AP) —The body of a man about 45 years of age was found floating in the Missouri river near Arrow Rock Friday afternoon by Earl Kuhn, a fisherman.

Dr. C. L. Lawless, Saline county coroner, said the man was 5 feet 9 inches tall, had black hair slightly gray, a full set of natural teeth, and wore brown gaberdine trousers, a white shirt and new tan oxford shoes.

The name "Mitchell" was stamped on the pocket of the trousers along with two series of numbers, believed to be laundry marks, Lawless said. There was 72 cents change in one pocket.

The coroner said he found no evidence of violence on the body.

Twelve Hospitalized After A Chicken Dinner

ST. JOSEPH, Mo., Aug. 13—(AP) —Twelve persons were hospitalized here Friday suffering from food poisoning after they had consumed a chicken dinner at a local residence.

Hospital workers said the victims included Mrs. Frank Howard, her six children and relatives.

Mrs. Howard's husband, a hospital employe, summoned an ambulance after hearing his wife and family had become ill.

Truck Drivers Fined For Careless Driving

Two truck drivers were fined $50 and costs, each, before Magistrate Judge W. M. Ilgenfritz, Friday, after they pleaded guilty to charges of careless driving. They were William Lee Gamm and Floyd H. Agee, both of whom were driving large trucks of the tractor-trailer type. They were arrested August 8 by State Patrolman Peter Stohr. The information in the case alleged speeds of up to 70 miles per hour.

Two other truck drivers had recently been fined on similar charges after being picked up in similar circumstances.

Judge Hyde Be Chief Justice

JEFFERSON CITY, Mo., Aug. 13—(AP)—Judge Laurance Matick Hyde was named chief justice of the Missouri Supreme Court Friday.

The 57-year-old judge has been a member of Missouri's highest court since 1942. Before that he served 11 years as a commissioner of the supreme court.

Hyde succeeds C. A. Leedy, Jr., as chief justice.

The seven judges of the supreme court choose their own chief justice for a four year term. But during the past few years the usual term has been about 17 month, thus relieving the judges of the added duties as chief justice more frequently.

Judge Leedy started serving as chief justice Feb. 14, 1948.

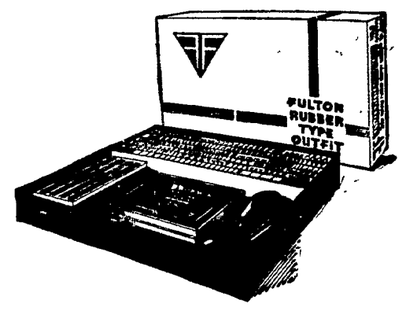

Estimate Quake Toll Over 6,000

QUITO, Ecuador, Aug. 13—(AP) —President Galo Plaza Lasso said Friday latest figures raise the estimated number of persons killed in Ecuador's earthquake last Friday to more than 6,000.

Previously he had given a figure up to 4,000. He emphasized it is not possible to fix the exact number but that all calculations, including that of a United States relief mission, "tend to raise the 4,000 figure to more than 6,000."

The President said total property damage was placed at 1,000,000,000 sucres ($67,500,000).

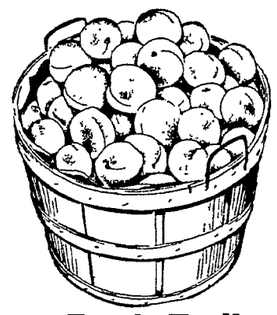

More earth tremors were felt in the quake area of East Central Ecuador last night, but no damage was reported.

Hay Fever Victims Have New Defenses Agaist Ragweed

By Alton L. Blakslee
Associated Press Science Reporter

NEW YORK, Aug. 6—(AP)—The shotguns of the hay fever season start firing soon, but there are some new drugs and ideas to aid the victims.

The shotguns are the pods of ragweed. They discharge their pollen in sudden slugs or bursts. A single pod may send out a million grains of pollen. The shooting starts in August and keeps on through September or October. During a season, it's estimated, the weeds broadcast 1,000,000 tons of pollen.

The tiny pollen grains (2500 equal one inch) soar on the breeze and spread misery. Ragweed is the main bane of some 7,000,000 hay fever sufferers in the United States.

One counter-attack opened with the use of the weed-killer 2,4-D. Many cities and towns are spraying vacant lots and other favorite abodes of ragweed each June and July. The sprayings have killed off large areas of ragweed.

Engineers Tackle Problem

Public health engineers are tackling the problem, too, using engineering skills to set up defenses against the pollen barrages.

Winds carry the pollen for miles, but there's a suspicion that the plants right in your own neighborhood are often the main troublemakers, says C. J. Velz, head of the civil engineering department, Manhattan College.

Pollen counts as high as 10 million grains to the cubic yard have been measured in the middle of ragweed patches. A count of 100 to the yard is generally thought to be enough to start most susceptible people sneezing.

But counting stations may be placed too far away from local patches of weeds to pick up the broadcast for them. Wind-borne pollen may thus sometimes be blamed for the suffering when the victims actually sniffed heavy loads from their own backyards, Velz told the northeastern states weed control conference.

Good Instruments Needed

Good, cheap instruments are needed to measure the instantaneous pollen count to learn what effects winds and local patches are having, he said. They must be located in carefully-chosen places.

The measurement method most used to expose a sticky slide for 24 hours, and then count the grains that settled on it by gravity. But this doesn't show how many at a certain hour, or how the wind affected the aerial cargo. Another method removes the pollen from a measured amount of air passing throug an instrument, but this is expensive.

Topography plays tricks, too. pollen-laden winds hitting a hill or mountain sweep upward, and may ride high over a valley, localities far beyond the valley may get the pollen when the air currents come down again.

Meanwhile, chemists have produced more than a dozen new drugs that help relieve the distress of hay fever. Most of them combat histamine, a substance released in the body and believed to be a main cause of allergies. Some of the latest drugs give long-lasting protection.

Avoid Accident As Truck Swerved

Friday afternoon at 4:55 o'clock the fire companies made a run to near Main street and Missouri avenue where a truck driven by Walter Fisher was afire due to an overheated exhaust pipe. Damage was slight.

In making the run a woman and little girl at Third street and Missouri avenue narrowly escaped being struck by the truck of headquarters company.

The brakes on the truck failed and it was necessary for George Smithers, the driver, to instantly swerve it to avoid what might have been a traffic accident with serious consequences. His alertness, however, according to Chief John Lueck, averted such an outcome.

Mrs. Add Johnson

Mrs. William Todd was hostess to the Clifton City Homemakers club in an all day session at her home Wednesday, August 3rd, with eleven members, five visitors and eight children present.

At noon a contributive dinner was served. In the afternoon the president, Mrs. J. J. Potter called the meeting to order by singing the club song, "A Song of Peace." Roll call was answered by each member describing their wedding dress. During the business session, Mrs. Floyd Streeter, 4-H club project leader, told of the 4-H achievement day which she recently attended at Bunceton and also of the red, white and blue ribbons won by Clifton City members. In the absence of the program leader, Mrs. Add Johnson, Mrs. Streeter also had charge of a short program on health. The principal feature of the program was a book review, "Mrs. Mike," and was given by Mrs. G. V. Streit and was enjoyed by all. Visitors present were Mrs. G. V. Streit of Smithton, Mrs. Less Layne of Otterville, Mrs. Floyd Dickson and Mrs. Cleo Robbins, of Kansas City, and Mrs. J. M. Johnson. The meeting adjourned late in the afternoon to meet with Mrs. J. G. Harlon the first Wednesday in September.

Mrs. Cecil Decker received a telephone call early Monday morning from Mrs. Josephine Duke of Kansas City, Kas., stating Mrs. Duke's mother, Mrs. Betty Veazey, had died at 7:45 o'clock Sunday evening. Mrs. Veazey was 89 years of age and was the former Miss Betty Potter. She was born and reared in this community. After her marriage she continued to live here until her three children, Alma, Grace and Josephine, were also reared to womanhood. Later Mrs. Veazey moved to Sedalia and after the marriage of Josephine, now Mrs. Duke, was married she moved to Kansas City to be near her daughter. She is survived by one daughter.

Funeral arrangements had not yetbeen completed, but the funeral services were held in Kansas City Wednesday.

The Rev. Father Philip Aggler of California and his father Frank Aggler, of Pilot Grove, visited here last week with a brother and son, Hubert Aggler and family. The Rev. Aggler had charge of the services at the Martinsville Catholic church Sunday morning and Hubert Aggler and family from here attended the services. Following the services they attended the Aggler reunion at the home of Herman Wirths near Lamine station, with thirty-one present.

Mr. and Mrs. John Pabst had as their guests Tuesday Mr. Pabst's sister Mrs. Rose Wessing of Clear Creek and two pieces, Mrs. Clem Ferguson and children of North Carolina and Mrs. Leona Lastico and children of Parsons, Kas.

Those from Clifton City who attended the supper and picnic at Cole Camp Catholic church Sunday evening were Mr. and Mrs. Emil Pabst, Mr. and Mrs. Joe Gerke and sons William Gerke and Mrs. Gerke and T. L. Gerke and his friend, Miss Teressa Kraus of Pilot Grove and Mr. and Mrs. Harold Rugen and family.

Mrs. J. H. Potter, who is staying in Kansas City with her daughters, Mrs. Al Neyhart and family and Mrs. Harry Miller and Mr. Miller, while her husband is a patient at a veteran hospital in Olathe, Kas., spent the weekend here at her home. Mrs. Potter was accompanied by Mr. and Mrs. Miller and Mrs. Potter's sister, Mrs. F. S. Needy, and Mr. Needy, attended the annual Geheringer reunion held at Liberty park in Sedalia, Sunday.

Mr. and Mrs. G. L. Snow attended the commencement exercises at Hendrick's Hall, C.M.S.C. at Warrensburg last Thursday morning at 10:00 o'clock. Their daughter, Miss Mary Rosemenia Shaw being one in the graduating class.

Mr. and Mrs. Junior Cox and daughters, Donna Sue and Linda Lou, of Wichita, Kas., were guests of his parents, Mr. and Mrs. H .S. Cox, at Clifton City, and Mrs. Cox's parfents, Mr. and Mrs. Hubble White, of Sedalia.

A new synthetic fiber that will rival and surpass nylon in many uses is about to go into production. The new fiber is said to possess great strength and to have superior resistance to wear, heat, and chemical action.

Four Addresses For President

WASHINGTON, Aug. 13—(AP)—The White House Friday announced four speaking engagements for President Truman, including talks on Labor Day, Sept. 5, at Pittsburgh, Pa., and Des Moines, Ia.

Mr. Truman will speak before the golden jubilee national convention of the Veterans of Foreign Wars in Miami, Fla., at 11:30 a. m. (Eastern Standard Time) Aug. 22.

On Monday, Aug. 29, the President will address the 31st annual convention of the American Legion in convention hall at Philadelphia at 2 p. m. EST. Prior to the speech he will attend a luncheon in the Bellevue-Stratford Hotel. There he will receive the Legion's distinguished service medal and probably make a few informal remarks.

On Labor Day, the President will address the Allagheny Free Fair at Pittsburgh around noon EST.

He will fly from there to Des Moines where he will address the annual convention of the AMVETS, American Veterans of World War II, in late afternoon.

Presidential Secretary Charles Ross said details of the trips still are being worked out. He said plans are for Mr. Truman to fly to each of the four cities in the presidential plane, "The Independence."

Ross said subject and length of the four speeches have not been determined.

Church Services

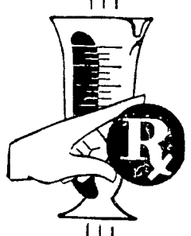

First Christian Church, Seventh and Massachusetts, Rev. David M. Bryan, minister, Mrs. H. O. Foraker, organist-director. Bible school 9:30. Virgil Herrick, superintendent. Communion service at 10.30. There will be no preaching service during August.

A Funny Boy

DANVILLE, Ill.—(AP)—You may think it is funny that a boy, Michael McWilliams, won a prize in a doll show. The judges thought it was, too. Michael took the prize for the funniest doll.

First Week Of Training Ends

FORT LEONARD WOOD, Mo., Aug. 13—(AP)—Seven thousand National Guardsmen of Iowa and Nebraska Friday wound up their first week of maneuvers at Fort Leonard Wood.

They are members of the 34th infantry division, commanded by Maj. Gen. Ray C. Fountain of Des Moines. This is the first time the unit, known as the Red Bull outfit, has come here for the summer field training.

The encampment will end next Friday, which is governors' day. Governors Val Peterson of Nebraska and William S. Beardsley of Iowa will review the troops of the two states. Governors Forrest Smith of Missouri and Frank Carlson of Kansas have been invited to attend.

As the 34th moves out the 35th of Missouri and Kansas will move in for their field training.

Three Drown As Boat Capsizes

OSCEOLA, Mo., Aug. 13—(AP)—A woman and two small girls drowned Friday when their motor boat overturned in the Osage river 15 miles west of here.

The victims were Mrs. Millie Larson, 36; her seven-year-old daughter, Leona, and her niece Norma Jane Wilson, three.

The Larsons lived on a farm near the scene of the tragedy. The Wilson girl was the daughter of Mr. and Mrs. Earl H. Wilson, Eldorado Springs, Mo.

S. B. Goodrich, St. Clair county coroner, said the three with Mrs. Wilson were setting out trot lines in the stream. As they came to land, he said, the boat suddenly whipped about and overturned, throwing the occupants into the water.

Mrs. Wilson, who with her daughter was visiting at the Larson home, managed to escape. She later recovered the bodies of Mrs. Larson and that of her own daughter. The body of Leona Larson had not been recovered late today.

Starlings Hold Back Hands On Big Ben

LONDON, Aug. 13—(AP)—Big Ben, famed London clock atop the Parliament building, failed to ring at 9 o'clock tonight.

Listeners to the British Broadcasting Company's 9 o'clock news were startled to hear the news begin without the familiar Big Ben chimes, signal for the program's start.

The BBC later announced that Big Ben was running four minutes slow—"swarms of starlings are sitting on the hands holding them back."

Memo to Plymouth Salesmen

Value-wise buying gives you a big edge—

You sell the car that likes to be compared!

Value is first and foremost in the minds of those who are buying new cars today. This gives the Plymouth salesman a big edge . . . for you sell the great *value car* in the low-priced field.

You can prove Plymouth value by comparison—*feature for feature*. As you know, among the three leading low-priced cars, Plymouth has the *longest wheelbase* for greater riding comfort—the *highest compression ratio* for greater engine performance and economy. In fact, of 22 quality features found in high-priced cars, Plymouth has *21*—low-priced car "A" has *13*—low-priced car "B" has only *4!*

Yes, you can prove Plymouth value where it counts the most—by actual demonstration on the road. Get the value-wise buyers to drive "all three" and compare. The new Plymouth will do the rest!

A number of the family were unable to attend because of illness.

The marriage of Mrs. Blanch Witcig Cooper and Mr. C. Emmett Turner took place at 8:00 o'clock Thursday night, August 11, at the parsonage of the Fifth Street Methodist church. The pastor, Rev. H. U. Campbell, read the single ring ceremony before a small group of relatives.

The bride chose for her wedding a street length dress of gray with which she wore black accessories and her shoulder corsage was red rosebuds.

Mrs. Turner is the daughter of the late Mr. and Mrs. William Witcig.

Mr. Turner is the son of the late Mr. and Mrs. C. L. Turner, and has been a prominent farmer in Pettis county for many years.

The couple will reside at 516 East Thirteenth street.

Miss Edwina Lee became the bride of Norris Dean Kay Sunday afternoon, August 7, at the home of her parents, Mr. and Mrs. J. T. Lee, in California, Mo. The double ring ceremony was performed by the Rev. George W. Heslar before an improvised altar decorated with white gladioli and huckelberry. Preceding the ceremony William Todd played "O, Promise Me" and "I Love You Truly." He also played the traditional wedding marches. Billy Kay, brother of the bridegroom, lighted the candles and John Kibbe served as usher.

The bride was escorted down the stairway and given in marriage by her father. She wore a two piece afternoon dress of gray lace over pink taffeta. The fitted bodice was trimmed with tiny velvet buttons, and the skirt fell in circular folds. Her halo hat was pink with pink flowers encircling the crown. She wore gray mitts and dark blue suede slippers. She carried a bouquet with a shower of white ribbon.

Miss Gwendolyn Lee, sister of the bride, was her only attendant. She wore a toast brown lace over salmon taffeta styled like the bride's dress. Her hat was a bandeau of the brown lace and her mitts of the same brown lace. She carried a nosegay of yellow roses and yellow gladioli.

Captain Marvin Kay, brother of the bridegroom, acted as best man.

A reception at the home followed the ceremony. The bride's table was covered with a white linen cloth and was centered with a huge bouquet of white asters and white pompom chrysanthemums in a crystal bowl to match the candelabra which held the white tapers. The three-tier wedding cake was encircled with tuberoses and huckelberries. It was topped by a miniature bride and groom and a music box which was played while the first piece was cut by the bride and groom. Mrs. Norman Thompson of Sedalia served the cake and Mrs. Robert Hogge served punch. Miss Geraldine Oesterly, Miss Barbara Hadley, Mrs. R. W. Heck and Mrs. W. S. Lemen assisted generally in the dining room. F. C. Harra, uncle of the bride, had charge of the guest register.

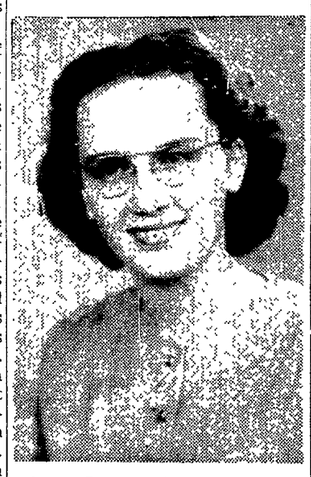

Mr. and Mrs. Kay left for their new home in Eunice, N. M., following the ceremony. The bride's traveling costume was a linen colored suit with dark blue accessories. She wore a corsage.

Mr. and Mrs. Eddie Harville entertained relatives from Cedar Rapids, Iowa, Tuesday, with a farewell party for Frankie Kramer, Johnny Seibert and Dorothea Kramer. Fifteen guests were present.

A croquet tournament was held, the winner being Clarence Green, of Pilot Grove.

Miss Arlene Stucker, daughter of Mr. and Mrs. Arthur Stucker, of Stover, whose engagement to Mr. Roland Kolm, of Stover has been announced by her parents.

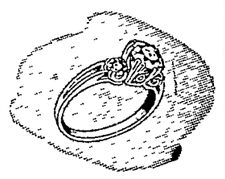

Miss Loretta Hayes, whose engagement and approaching marriage to Mr. Luthur Robb, son of the Rev. and Mrs. Luther Robb, of Houstonia, has been announced by her parents, Mr. and Mrs. Wilbern Hayes of Houstonia. (Lehmer)

Rev. G. M. Baker, retired Baptist minister, whose home is at 112 East Sixth street, observed his 82nd birthday anniversary August 9, and in his honor a basket dinner will be held at Washington Park at 2:30 o'clock this afternoon, by his friends. A program will follow.

Mr. Baker came to Sedalia in 1881, and has seen the city grow. There were no paved streets, when he came here and the post office was on Second street, east of the St. Louis Clothing store. The first court house had not even been built, he said. There were no street cars at first, he said, but later he used to take "his girl" riding on the mule cars out to Sicher's park.

FOR HAPPINESS FOREVER - GIVE JEWELRY

Style Guide for today's woman

By Frances Sagaloff at Sage's

Suit news is good news—rich colors, in exciting fabrics with expert tailoring. What style is best? — take your choice, long jackets or short jackets; fitted ones or boxy. Collars are small and usually high-buttoned. Much accent is on the pockets. Sharkskins are making their appearance in deep red and burnt yellow as well as brown and black. The length of the skirt has climbed a bit and 13 inches from the floor is correct. Three-piece suits are popular again and are beautiful in tweed. Tweeds are new and are making head-lines. They have that GOOD look and are extremely practical. Buy a matched three-piece tweed suit and take one of the minor colors in it for the color of your second suit. You'll be proud of your selection.

Mrs. Hill was the former Miss Norma Jean Eaton, daughter of Mr. M. L. Eaton, of New Orleans, La, and Mrs. Raymond Brown, 617 East Tenth street. Mr. Hill is the son of Mr. and Mrs William H. Hill, Sr., 1714 South Osage avenue.

Garden Club at Gerster Home

Garden Club No. 6 met Friday morning at the home of Mrs. Roy Gerster, 621 East Tenth street. with Mrs. John Perdue and Mrs. E. C. Cline as assisting hostesses.

Refreshments were served to 15 members.

Mrs Gerster, president, presided over the business meeting, at which time plans were made for the flower display by the club at the Missour State Fair and also for work to be done by the club next year

Awards for flower exhibits were as follows: Mrs. Wilson Harbit, two firsts and two seconds; Mrs. O. J. Smith, three firsts; Mrs. J. W. Almquist, one first and two seconds; Mrs. Roy Gerster, one first; Mrs. John Perdue, one first; Mrs. W. W. Hocker, two firsts and one second.

The next meeting will be held in September at the home of Mrs. O. J. Smith.

The marriage of Miss Ruth Evelyn Green and Mr. Lawrence Greepe was solemnized at 7.00 o'clock Sunday evening, August 7, at the Lake Cheek Methodist church, with the Rev. Rathert reading the double ring service. Baskets of flowers, lighted candles and white wedding bells formed the altar setting.

Miss Theresa Cook played the nuptial music and accompanied Miss Patty Sue Green, who sang, "I Love Thee" and "Because" and Miss Phyllis Schluesing, violinist, who played "O, Promise Me."

The bride was given in marriage by her father, Mr. John F. Green. She wore a gown of ivory slipper satin with fitted bodice and long sleeves that tapered to a point at the wrists. The skirt was slim to the knees, where a deep flounce lengthened into an aisle wide train. Her fingertip veil cascaded from a bandeau of lace and tuberoses.

Mrs. Leonard Semkin, as matron of honor, wore a gown of aqua organdy over taffeta and carried a nosegay of bronze gladioli with aqua ribbon streamers

The bridesmaid, Mrs. Frank Griffin; wore a gown styled identical to that of the matron of honor in a lavender shade and carried a nosegay of white gladioli tied with lavender satin ribbon.

The flower girl, Peggy White, wore a floor length dress of pink organdy with pink mitts and carried a white satin basket filled with rose petals which she scattered before the bride.

Billy Hampy dressed in a white suit was ring bearer and carried the rings on a satin pillow.

Leonard Semkin served as best man and Mr. Frank Griffin as groomsman.

Ushers were Shell Bodenhamer, cousin of the bride, and Mr. Elroy Greepe, brother of the bridegroom.

The bride's grandmother wore a navy sheer gown with white accessories. The bridegroom's mother was in black and white sheer and her corsage was of white gladioli.

Miss Nancy Kay Monsees, in a gown of green satin and Miss Margaret Greepe in pink taffeta lighted the candles preceding the ceremony.

A reception was held in the basement of the church following the ceremony, with 250 guests attending.

The couple left immediately after the reception for a wedding trip and upon their return will reside in a newly furnished home near Oakland school.

Miss Ruth Evelyn Green, who was married August 7, was honored with a shower Saturday afternoon, July 30, at the home of Mrs. F. L. Griffin and Mrs. L. E. Wagenknecht. Mrs. Leonard Semkin and Mrs. George Meyers were visiting hostesses. All the ladies are of Smithton.

Games were played and refreshments of ice cream, cake and mints were served.

The gifts were arranged on the dining room table and in one corner was hung a pink and white sprinkler which was flowing pink and white streamers that were tied to the gifts.

Those present were: Miss Green, her grandmother, Mrs. Maude Cook, Mrs. Melvin Hampy and children, Mrs. George Cook, Mrs. Earl Albers, Mrs. George A. Cook, and Theresa, Mrs. Glenn Martin and Harold, Mrs. Ed Eichholz, Mrs. Gertrude Wagner, Mrs. Emma Bohon, Mrs. Tom Fair, Miss Melva May, Miss Lois Bremer, Miss Betty Hume, Miss Jo Ann Daniels, Miss Ella Dean Brereton, all of Smithton.

Other guests were: Mrs. George Grupe and Margaret, Mrs. Orva Rasa and Mrs. Ray Baughman, all of Florence; Mrs. Elroy Grupe and Mrs. Russell Wagenknecht of Otterville, Mrs. Glenn Miller, Mrs. Emmett Bohon, Sr., Mrs. Emmett Bohon, Jr, and Stanley Gene, Mrs. E. G. Ringen, Mrs. Kenneth Hall and Mrs. Robert Lindstrom, all of Sedalia; Mrs. Paul Moore and Stanley, of La Monte; Mrs. Vaughn White and Peggy of Green Ridge, and Mrs. Leonel Schlobohm of Fort Smith, Ark.

Those who sent gifts, but were unable to attend, were: Mrs. Geo. Meyer, Mrs. Cloyd Merk, Mrs. B. B. Ihrig and Mrs. Charles Bohling.

Leon Warren Sims, chief commissaryman, USN, recently greeted his wife, Mary, and daughter, Dianna Marie, as they arrived at Pearl Harbor, T. H., aboard the Naval transport USS General Mann. Sims, who is currently stationed at the Base Craft, T. H., is the son of Mr. and Mrs. Elvin Sims of Sturgeon, Mo. He entered the Naval Service

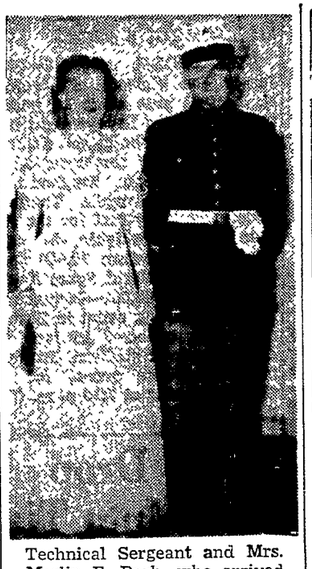

Rose Society At Hayes Home

Members of the Sedalia Rose Society were gueses of Mr. and Mrs. Frank Hayes at a garden party at their home, 1003 State Fair boulevard, Tuesday evening. The members gathered at 7:30 to enjoy the lovely rose garden and were served watermelon, after which the meeting was called to order by Mrs. Herbert Seifert in the absence of the president, John Schlaffer.

Mrs. C. L. Carter reviewed an article from the 1949 rose annual on how to cut, harden and arrange roses for display. Mrs. Seifert held an open discussion on the entries and exhibits the club is to make for the State Fair this month and appointed Mrs. H. C. Sammons and Mrs. A. A. Ferguson chairmen of the committee for gathering together the roses for the exhibits.

Mrs. Seifert thanked the host and hostess for the invitation to meet in their garden.

Assisting hostesses were: Mrs. A. A Ferguson, Mrs. C. L. Carter and Mrs. Herbert Seifert.

Technical Sergeant and Mrs. Merlin E. Barb, who arrived here from Yokosuka, Japan for a visit with Mrs. Barb's parents, Mr. and Mrs. Charles Romig, route 3.

Hull and the hosts, Dr. and Mrs Dorrance and Bill.

The next regular meeting will be held on the evening of September 4, at the home of Mr. and Mrs. John Earl Farris.

The Ruth circle of the Women's Guild of the Immanuel Evangelical and Reformed church met Thursday afternoon at the home of Mrs. Jess Tuggle, 1318 South Engineer avenue with Mrs. Marion Latham assisting.

Mrs. Louise Metcalf opened the meeting with the devotional services. A section of the study book, "China—Twilight or Dawn," was reviewed by Mrs. Orville Perkins. She discussed the losses and gains in China as a result of the war.

Food and clothing for shipment to Germany was dedicated by Mrs. Michael Wolfel, social service chairman of the Women's Guild. Two afghans for the Red Cross will be made at the all day meeting in October at the home of Mrs. Roy Fender, Thirty-second street and Kentucky avenue.

Club Members Tell of Trips

The Bowling Green Home Extension club met at the home of Miss Flossie Ferguson and sister, Mrs. Roy Spears, with Mrs. Ollie Lotspiech assisting. A large group of members were present, with Mrs. Blanche Gilmore a visitor. At noon dinner was served. In the absence of the president, Mrs. L. V. Igo, the vice president, Mrs. J. B. Ellison, presided. The committee for achievement day exhibit made a report. It was also decided to have the annual community fair Saturday, September 24.

In place of a game Mrs. Ellison called for talks on trips taken by those present. Mrs. W. J. Harrington described the beautiful flowers seen in Virginia and North Carolina. She mentioned the camellias, daffodils and hydrangeas so abundant in those regions where the seasons are earlier.

Miss Flossie Ferguson reported on her three months visit in California, the Rose Parade, with floats and flowers, desert blossoms and seeing the program "Queen for a Day." Mrs. Gilmore described the well kept farms and flowers of Ohio. Mrs. A. L. Brewer had an interesting trip to a Kansas City park, packing house and Chevrolet plant, where they saw an auto put together. Mrs. Roy Spears was the delegate to the N.E.A. at Boston and beside the historical places there visited in Washington, D. C. Mrs. Morris had lately returned from their daughter's wedding in St. Louis. Mrs. Ellison described the oil wells near Tyler, Texas, and the landscapes. Mrs. Lotspiech a visit to Carlsbad Caverns and Mrs. Iva Yeager a day at Algoa.

CHURCH NEWS

The Woman's Society of Christian Service of the Epworth Methodist church will meet Wednesday afternoon at 2:00 o'clock at the church for its regular monthly meeting.

Mrs Herb Studer will be the guest speaker, taking for her subject: "Spreading His Light in Burma."

The Ever-Ready Sunday School Class of the Dresden Methodist church met Sunday evening at the home of Mr. and Mrs. N. W. Dorrance.

Mr. and Mrs. Scudder Hull, of Sedalia, came to call and returned to their home for their projector and screen and upon their return showed three interesting films to the group. Elmer Rhine, president, had charge of the devotionals and also the business meeting which followed.

Sandwiches, cookies and iced tea were served to the members; Mr. and Mrs Byron Oswald and Sara Gayle; Mr. and Mrs. John Earl Farris and Mary Beth; Mr. and Mrs. Charles Romig; Mr. and Mrs. Ed Van Natta, Elaine, Garnett and Betty Jo; Mr. and Mrs. C M. Ferguson, Larry, Bobby and Billy Ray; Mr. and Mrs. G. D. Farris, Ruth Evelyn and Audrey Nelle; Mr. and Mrs. Dueward Edwards; Mr. and Mrs. Elmer Rhine, Kenneth and Dean; Harold Johnson, Mrs. Willa Johnson and the guests, Mr. and Mrs. Scudder

LOOKEE, MA!—This isn't Rudolph Valentino, whose "great lover" silent films had the flappers flopping all over in the '20's, but it's the next best thing, thinks Hollywood producer Edward Small. The "Rudy" above is Tony Dexter, of Talmadge, Neb., one-time football star and GI sergeant. He'll play the name role in the forthcoming film "Valentino as I Knew Him." His selection from among 75,000 applicants ended the greatest talent hunt in screen history.

Competition To Be Keen In Auto Races

Winning Drivers To Clash Again At State Fair

Sharp auto racing rivalries that have colored early season speed events from Florida to Minnesota will probably flare in new intensity when the nation's leading dirt track stars clash on the Missouri State Fair oval at Sedalia Sunday, August 21, and Saturday, August 27.

This, at least, was the forecast here Saturday of Gaylord White, Glendale, Calif., operations manager for National Speedways, Inc., the new promotional organization named by fair officials to supervise the motor speed events at the 1949 exposition.

"Toss-Up All Year"

"It's been a toss-up all year," said White, who arrived in the city to map plans for the two-day racing jamboree. "No less than four different drivers have all won features on our circuit this season."

Besides these, White said that champions and leading challengers from other major racing circuits are being lured to Sedalia for the fair events.

Feature Race Winners

On the National Speedways circuit, Frankie Luptow of Tampa, Bobby Grim of Indianapolis, Deb Snyder of Kent, O., and Al Fleming of Indianapolis have all won feature races, according to White.

He credits the wide open character of competition on his circuit to the fact that the same rules governing piston displacement at the Indianapolis Speedway 500-mile race apply at all National Speedways programs.

Even Starts

"This means they all start even," he explained. "No driver with a big out-sized engine can run away from the field. At Danville, Ill., two weeks ago, the four fastest cars qualified within half a second of each other."

White believes that a system of staggered reverse starts, designed to handicap the fastest qualifiers, has also been an important factor in sharpening up the competition. The system will be used at the State Fair.

The race official predicted a field of around 40 cars and drivers, with probably nine or ten Offenhausers slated to see action.

Reserved Seats Sold For Next Sunday.

All reserved seats for the automobile races at the Missouri State Fair for Sunday, August 21, have been sold, it was announced Saturday by Admissions Superintendent Robert Henderson, but there still will be about 10,000 general admission seats in the grandstand. Reserved seats for Saturday, August 27, when the same cars and drivers will be seen, still are available, however.

Reserved seats, for the boxes, are $1.20, tax included, while general admission is fifty cents, including tax. The reserved-seat price covers admission to the grandstand. Demands for seats in advance have been heavier this year than ever before, Secretary Roy S. Kemper said, indicating a record attendance at the 1948 fair.

Calia May Reach Top In K. C. Races Tonite

KANSAS CITY, Aug. 14 (Special)—Chances for Vito Calia, of Kansas City, to regain his top rating on the midget auto driver's roster at Olympic Stadium will come up tonight. The season's 16th program is scheduled to start at 6 o'clock.

The Kansas City runnerup narrowed Bud Hemphill's lead by winning his fourth feature event of the 1949 season with his pacesetting No. 3 Lavender Offenhauser. Calia finds the prospects pretty bright as Hemphill, of Pryor, Okla., gained only a few points in winning the 15-lap semi-classic race.

The third-rated Cecil Green, of Houston, Tex., is due for a good break one of these Sundays after four sour week-ends of racing at the K. C. oval. Two accidents and last week-end's brake trouble slowed down the Texan while Speedy Matheny, of Rosenberg, Tex., has duplicated Green in the daring fence-riding fashion of driving in which fans are accustomed to seeing Green compete. Matheny did a complete turnabout last week-end after colliding with the fence. Dropping from third to sixth position, Matheny finished in second spot.

Rain Postpones Davis Cup Matches

RYE, N. Y., Aug. 13— (AP) — Rain again snarled up the interzone Davis Cup tennis finals between Italy and Australia today, forcing a postponement until tomorrow and bringing the possibility of an argument over the doubles match.

Australia is leading, one match to none, by virtue of yesterday's damp victory by Billy Sidwell over the Italian tennis ace, Giovanni Cucelli. The second singles match, between Frank Sedgman and Marcello Del Bello, and the doubles were to have been played today.

Walcott Out-Weighed In Tonight's Fight

STOCKHOLM, Aug. 13—(AP)—Jersey Joe Walcott of Camden, N. J., will give away 15 pounds in his 12-round heavyweight fight with Olle Tandberg, the Swedish champion, here tomorrow night.

The American weighed 194 pounds tonight while Tandberg scaled 209. They met for the first time at the weighing-in ceremonies, held before 10,000 spectators at the World Sport Fair.

A crowd of 43,000—largest ever to see a sporting event in Scandinavia — is expected to jam the Rasunda soccer stadium, Sweden's biggest outdoor arena, for the fight beginning at 7:10 p. m. (2:10 p. m., EST).

Cards Drop Back Into Tie With 6-3 Loss

To Pirates, With Munger Pitching Against Dickson

ST. LOUIS, Aug. 13—(AP)—The Pittsburgh Pirates forced the St. Louis Cardinals to again share the National League's top perch with the Brooklyn Dodgers tonight when they snapped the Redbirds' five-game winning streak, 6 to 3, before 25,745 disappointed fans.

The Dodgers were idle today because of rain.

Little Murray Dickson, although touched for 11 hits, was tight in the clutches and received some solid batting support from his mates.

Ralph Kiner pounded out his 30th homer, to tie Vern Stephens of the Boston Red Sox for the major league lead.

Three Runs in Fourth

Kiner's boundary belt touched off a three-run rally in the fourth. The Pirates added two more on singles by Dixie Walker, Joe Bockman, Monte Basgall's fly and Phil Masi's single.

The Corsairs sent Red Munger to the showers with a two-run splurge in the fifth. Tom Saffell and Johnny Hopp singled and Walker brought them both across with his third hit, a long double to left center.

Tubby Ted Wilks came in after Walker's blow and got the side out, but the smoky city outfit got to him for a run in the seventh on Stan Rojek's single, Saffell's double and Kiner's fly.

Northey Opens Scoring

Ron Northey opened the Card scoring with a left field double in the second. Glenn Nelson fanned and Joe Garagiola was purposely passed. Tommy Glaviano crossed up the strategy by singling Northey in, but Munger fanned for the third out.

Dickson then blanked his former mates until the fifth when three straight singles by Red Schoendienst, Lou Klein and Stan Musial and Enos Slaughter's infield tap produced two runs.

Northey opened the eighth with his second double, but Dickson stifled the threat, aided by a great stop by Rojek of Glaviano's grounder for the third out.

The defeat snapped Munger's winning string which had reached five straight. It was also the first time in their last six games that the Redbird starting pitcher failed to finish.

K. of C. Enters Tourney Tonite

The Knights of Columbus softball team has entered the district tournament being held at Marshall, starting tonight. The Knights drew as their first round opponent, Sweet Springs, with whom they have split two games this year. They meet tonight at 7:15 o'clock.

Twelve teams are entered in the double elimination tournament. The Knights are in good shape for the games, with the exception of Wall, who injured his knee at Lincoln, Friday night, but expects to be back in action soon.

The Knights have an excellent mound staff, with Schwermer, Lyles, and Cramer rotating in the games played to date. They have just completed the Tri-County league tournament.

The following players, in addition to the pitcher named, will make the trip: C. Weller, D. Weller, Wall, Bergman, Means, R. Dick, Ash, Jackson, Vilmer, and H. A. Bundy, manager.

Joie Chitwood Thrill Show August 28th

Closing Day Of Fair Features Nationally Known Stunt Drivers

Headed by three-time AAA auto racing champion Joie Chitwood, in person, a coterie of lead-footed speedway and dirt track pilots, augmented by a congress of Hollywood motion picture stuntmen, will strike up a flirtation with [illegible] at the Missouri State Fair Sunday, August 28. They will appear both afternoon and night.

The first of 27 smashing speed and thrill events will get the starting bomb at 2:00 and 8:00 o'clock. The Chitwood speed and thrill spectacle, which rated a three-page spread in Life magazine recently, and is currently featured in a Paramount Pictures film release has a running time of two full hours of thrill-packed entertainment hardly designed for spectators with weak hearts.

Daredevil Stunts

Carrying and using an entire fleet of 1949 Ford automobiles in the presentation of Roman racing and hell-driving events, slide-for-life features, deliberate crash snap-rolls with racing automobiles, aerial criss-cross features in which a new car is hurtled through space in a ramp-to-ramp leap while a second new car, racing at its side, is broadsided between the ramps and immediately underneath; blazing barrier crashes and other equally hazardous feats round out the speed and thrill spectacle.

Motorcycles Too

A repertoire of stunts astride roaring motorcycles combined with the auto stunts offer a variety of action for the devotees to the two-wheelers as well as to the average auto stunt racing fan. Heading the list of motorcycle daredevils is none other than Ellis "Buttercup" Pierce, Jacksonville, Fla., speedster who has held numerous national motorcycle racing championships and rates on the same high plane in the motorcycle speed world that Joie Chitwood ranks in the auto speed sport.

Following the Chitwood World Champion Auto Daredevils stunt program at the fair, the organization will head westward, playing engagements at Houston, San Antonio, Phoenix and San Diego enroute to Hollywood where the Chitwood Daredevils will be featured in the thrill sequences of a forthcoming film tentatively titled "Thrill Show."

Merchants Lose 17-3 To Windsor

The Sedalia Merchants softball team suffered the worst defeat of the season, Friday night, in dropping a pre-tournament warm-up game to Windsor, 17 to 3.

The Merchants displayed none of the form that enabled them to pile up their season record of 19 wins and three losses. The Merchants jumped to a three-run lead in the first half of the first inning on a triple by Carver, a double by Simon, and a homer by Paul Evans. Windsor came back in their half of the first to score 11 runs on five hits, four walks, and two errors to assure them of the victory.

J. J. Paxton, pitching his first relief role of the season, followed McNeil and Klink to the mound in the third and allowed Windsor only one hit in the four innings he worked.

The Merchants also lost to Manila, Tuesday night, in a game played on the Green Ridge diamond, by a score of 10 to 5.

The Merchants have entered a state district tourney at Marshall and drew Concordia as their first opponent in a game to be played at 7:30 Monday night. They will leave from the corner of Vermont avenue and Wilkerson street at 6 o'clock that evening.

Curtice Wins $72,750 Futurity

CHICAGO, Aug. 13—(AP)—Curtice, a fast finishing son of Roman, today carried the colors of Mrs. Emil Denemark, Chicago, to a surprising three-quarters of a length victory over the Calumet farm's Re-armed in the $72,750 Washington park futurity.

It was the first victory for the $13,700 yearling purchase, although the colt had never been out of the money in six previous races. It also was the most important event ever won by the Chicago sportswoman, who collected $57,850 first prize.

Curtice, ridden by the veteran Ovie Scurlock, sprinted the six furlongs in 1:10 1/5 to clip a fifth of a second off the best time ever recorded for the juvenile test, the 1:10 2/5 established by Calumet Farm's Bewitch two years ago.

Third place in the 11 horse field went to William M. Peavey's Wisconsin Boy, winner of the Arlington Park futurity. Wisconsin Boy, ridden by Jack Chestnut, finished only half a length in back of Re-armed which went to the post an even money favorite.

Floral finished fourth. The six other two-year-old colts were outdistanced and never in the running.

Sport Scraps

By D. KELLY SCRUTON

TIME passes on—new faces are seen from time to time in auto racing. Coming this next Sunday to the Missouri State Fair will be the old "Buddy Callaway," Curtiss-powered racing car to be piloted by 23-year-old Stan Callaway. The youthful driver is a nephew of the former favorite on the local track, the late Buddy Callaway of Miami, Fla.

Buddy in his career thrilled the racing thrill seekers with his big high-powered motor and was always a contender with the late Gus Schrader. He will also be remembered as the race driver who had more bad luck in Sedalia than any other driver. He has crashed the local fences not once, not twice, but several times. However, his wrecks never kept him from competing the following year.

Stan Callaway

About four years ago Buddy died after an illness of two years. His illnes was brought on by his injuries suffered in the numerous crashes he experienced during his career. After his death his brother, L. J. "Foggy" Callaway, a race drived, put his helmet on the hook and called it quits.

Then "Foggy's" son, Stan decided he wanted to carry the Callaway name back to the dirt tracks in automobile racing. He slipped away and entered several meets. Stan, like Uncle Buddy, met with some tough experiences early this season. Twice he has crashed the fences—but he still races on. He has steady nerves, the kind that make great drivers, and its predicted Stan Callaway will be as good a driver as either his father or uncle. Racing promoters say he will be even greater and should be one of the country's top-notch dirt track drivers in a short time.

We who knew Buddy and Foggy all wish Stan a lot of luck.

THERE isn't any doubt that the Missouri State Fair is close at hand. The advance men for auto races, thrill shows, carnivals and what-have-you, have arrived and are giving us all the dope as to what to expect at the Missouri State Fair. In fact, late Saturday night, John Engel, who is the public relations advance man for the Joie Chitwood World Champion Auto Daredevils, stated his show is the greatest on the road today in the United States and elsewhere.

There will be no argument with Mr. Engel, who came in advance to our good friend Aut Swenson—due in Tuesday—as to what type of show he represents. Life Magazine, Time Magazine and the Billboard Magazine, have carried reams of press notices supporting his statements.

Jay Leipzig, who represents the Johnny J. Jones Exposition, Inc., the carnival, likewise, feels the same about his midway shows. Jay tells us it is a train show and not to be confused with the small truck carnivals, and has everything anyone would want for an evening of enjoyment.

Roy Kemper, secretary of the State Fair, sums it all up with: "We are bringing to the Missouri State Fair the best in entertainment for fair goers and everybody can expect to find just about any type of fun they desire."

Bearing out his statement, Mr. Kemper secured the Grand Circuit of harness racing for Missouri this year for five days—hence horse race lovers can see the best of horses on the Missouri track this year.

The horse show comes in for a plub with more entries this years than have appeared before lovers of show horses in several seasons.

GENE Williams, manager of the Junior Athletics, was about the most disappointed young man in Sedalia, Saturday night. His game with the Blue Valley Merchants of the "3-2" league was called off because of rain. He is looking forward to Tuesday night when they will play the game—if rain doesn't fall.

Gene is about the most interested young man around Sedalia in baseball. He hopes himself to try out for the Junior Legion next season. If he don't make the grade he'll manage another Junior team.

He loves baseball, he loves to play, if he can't play he makes a great little manager, and certainly has the push to keep his fellow team members hustling. He has a good word for every member of the squad from the bat boy on up. If some of the older baseball boys had the sportsmanship of Gene, Sedalia would certainly have something along that line.

Probable Pitchers In Today's Games

Grand Circuit Rivalry Here For State Fair

$11,000 Trotting Club Stake Features Former Winners

A rivalry which started early this year and has continued throughout the Grand Circuit will flare up again at the State Fair here, August 25, when the nation's crack two-year-old pacers mix it up in the $11,000 Trotting Horse Club Stake.

Since the first "Roaring Grand" session, at Fairmount Park, earlier this year, Castleton Farm's Seattle Hanover and K. D. Owen's Irish Hal have raced away from the rest of the juvenile side-wheelers to develop a two-horse rivalry in the division.

Four Quick Wins

At Fairmount, Irish Hal raced to four quick wins and left the Illinois plant undefeated. He continued his winning ways in his section of the $15,000 Village Farm Pace at Roosevelt Raceway, N. Y., and then seemed to falter somewhat as Seattle Hanover, half-brother to Demon Hanover, last year's Hambletonian winner, started to come on. At Old Orchard Beach, Maine, the two youngsters faced each other in three races at two-heats each. Seattle Hanover was the victor in five attempts while Irish Hal took the other.

The two top challengers for the crown sought by the Owen and Castleton colts are W. H. Cane's Our Time, a filly who has won six out of nine heats, including four stake victories, and W. T. Maybury's His Brother, who has stepped to the front recently with several fine performances. Cleo A. Young's Quilla Hanover, winner of several heats this season, must also be regarded as a top contender.

Five Others

Scheduled to face these five are other top-notchers including Sol Camp's Adios Hal, and Mighty Sassy; Gray Brothers' Lord Volomite, and E. J. Hayes' Dudley Hanover and Mighty Grattan.

The Grand Circuit meeting at Sedalia August 22-27 will be the first visit of the major league to Missouri in its 76-year history.

Sedalia Blues Game Postponed

The Sedalia Blues and the Centropolis Transfer baseball game which had been scheduled for this afternoon at Housel park has been postponed, due to the Centropolis club playing in a tournament at Keys stadium, Kansas City, today. Because of other sport events being held in Sedalia today, the Blues made no attempt to schedule a substitute game.

Next Sunday the Junior Blues will meet the Miller Motors team of Kansas City. These two teams are composed of boys between the ages of 13 and 17. The game will be played at 2:30 o'clock that afternoon at Housel park.

The Junior Blues are sponsored by the Northeast Athletic Association, and are winners in the Boys League. This will be their first game with a visiting club, and much interest is being shown in the game.

The Junior Blues are managed by Billy Watson.

Lincoln Wins Tri-County Tournament

K. of C. of Sedalia Is Second After 8-6 Loss To Lincoln

Lincoln won the 1949 Tri-County league softball tournament at Lincoln, Saturday night, by defeating the Knights of Columbus team, 8 to 6.

Schwermer pitched for Sedalia, allowing seven hits. D. Weller caught for the Knights.

Not All Players There

Due to the bad weather, some of the K. of C. players did not make the trip, and a full team was not on the field for the start of the game.

Ionia defeated Warsaw, 18 to 8, to take second place honors.

The score by innings:

Lincoln	402	100	1	—8
Sedalia	000	040	2	—6

Defeated Ionia 10-6 Friday, In Semi-Finals

The Knights defeated Ionia in the tourney, Friday night, by a 10 to 6 score. This victory placed them in the Saturday night finals against Lincoln, after that team defeated Warsaw, 6 to 5, also on Friday.

The Knights, in their game, which was played before a crowd of over 600 people, jumped in the lead by scoring three runs in the first and four runs in the second against Hayes, the Ionia pitcher. Ionia scored one in the first inning on a home run by L. Alderman and two in the third on a home run by Williams with one on, and then crept to within one run of the Knights by scoring three runs in the top of the fifth on two hits, two bases on balls, and one error. Lyles relieved the starting hurler, Cramer, for the Knights at this point, and pitched the last 2⅓ innings without allowing a hit.

Three Runs in Sixth

The Knights sewed up the game by scoring three runs in their sixth on hits by Lyles, Means and Bergman, an error, and a base on balls. D. Weller for the Knights scored three runs and had two hits. R. Dick also had two hits.

This game as well as the Lincoln-Warsaw game was well played, with fast base running and fine fielding plays, the teams being very closely matched.

The score by innings:

Ionia	102	030	0	—6-6-3
K. of C.	340	003	x	—10-9-2

Batteries: Ionia, Hayes and Keyte; K. of C., Cramer, Lyles 5th and Ash.

Lincoln	301	200	0	—6-7-3
Warsaw	102	000	2	—5-8-3

Batteries: Lincoln, Eken and Brown; Warsaw, Interman, Thomas (4) and Lavelle.

Chiefs Meet Boonville In B-J Game Here

Tonight At 8:00; Imhauser To Pitch For Sedalia Squad

The Sedalia Chiefs will send their ace right-hander, Joe Imhauser, to the mound tonight in a Ban Johnson league game with Boonville. Game time is slated for 8:00 o'clock at Liberty park. Either Whitworth or Barbour will catch.

The Chiefs enter tonight's game tied for first place in the league. Both Sedalia and Moberly have won eight games and lost one to date. Both have two games to play before Moberly comes to Sedalia, Friday night.

Wednesday night, the Chiefs will meet Jefferson City here for a league game.

Moberly Here Friday

Friday night, Moberly will be here for what may be the championship game of the second half of the season. If both teams win their two games, it will be the championship contest. If Moberly wins both of theirs and Sedalia wins one and loses the other, the Chiefs could still tie for the league championship.

In any event, the game should be a thriller.

Lost 5 to 4 Friday

Friday night the Chiefs dropped a heart-breaker in an exhibition game with the Katz Ban Johnson team of Kansas City, 5 to 4.

Both teams collected ten hits, but the Chiefs failed to make the most of their scoring opportunities. May started for Sedalia, was relieved in the seventh by Brown, who pitched two innings, with Egbert finishing the game.

Sedalia missed two golden chances for scoring runs in the sixth and eighth innings, when the bases were left loaded after a batter struck out. They muffed another chance in the ninth. Imhauser and Dillard opened with singles, and were sacrificed on by R. Waters. Imhauser scored on a fly out by J. Waters, making the score 5 to 4. Vilmer then walked, but Holst fanned with the two men on the base-paths to leave the final score at 5 to 4.

J. Waters Led Hitters

J. Waters led the hitting for Sedalia, with three for five, while Walker had two for four. Fuster, B. Rellihan, and Mills collected two hits apiece for the visitors.

In the six innings he worked, May fanned five and walked three, while allowing six hits. Brown relieved for two innings, fanning three, walking none, and allowing three hits. Egbert pitched the ninth, fanning one, walking one, and allowing one hit.

Assault Fails In Mass. Handicap

BOSTON, Aug. 13—(AP)—Mighty Assault, the King Ranch's 1946 triple champion attempting a comeback, wound up out of the money in a five-horse field today as the Cherry Oca stable's four-year-old First Nighter stormed into a head victory over Brookmead's Going Away in the $50,000-added Massachusetts handicap at Suffolk Downs.

When Assault was brought back to his stable, it was discovered he had bled during the race.

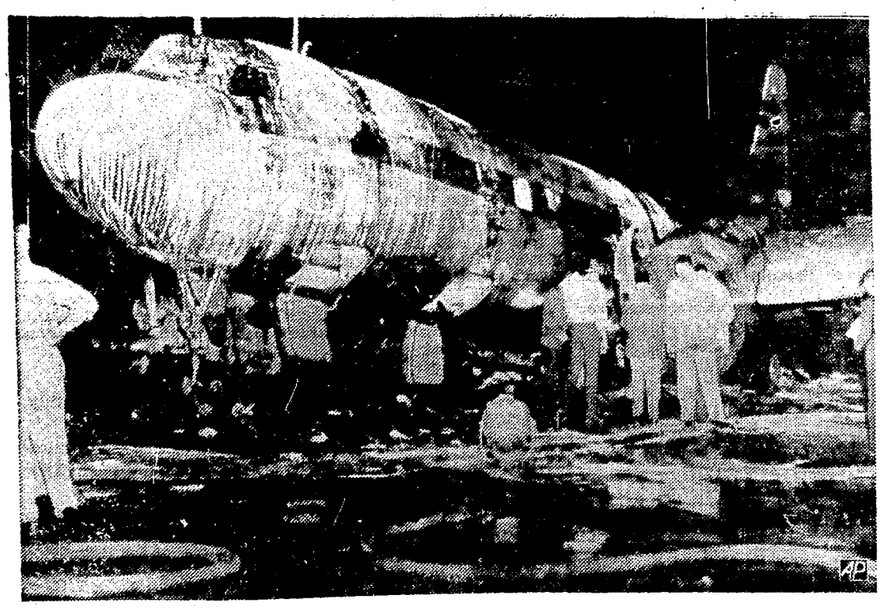

Robert Kleberg, one of the owners of King Ranch, said "It is doubtful whether Assault will ever run again."

After First Nighter finished the mile and a quarter of heavy going in 2:04 3/5, Assault, who went off at 2-5, trailed the show horse, the Nor Mill farm's Michigan 3rd, by two and a quarter lengths.

A Song and Dance Man, Joe Howard Begins at 50 Years

By Mark Barron

NEW YORK, Aug. 13—(AP)—It is just fifty years ago this week that Joe Howard began his theatrical career, and that is an epoch in Broadway show business which should warrant a tip of his straw "Katie."

Today, only 83 years of age, he is as agile as a youngster trying to swim the English channel—and that straw hat is still tipped jauntily over one eye as he sings the lavender age lyrical favorites and especially his own song, "I Wonder Who's Kissing Her Now."

At the age of 83 Howard stands steady, still has his glorious Irish chords for the songs which delighted Broadway since the days when Broadway was a "downtown" attraction.

But, when Howard celebrated the 50th anniversary of his professional stage career the other night. It was to the Steel Pier in Atlantic City he went to mark the spot where he once arrived on a slow, but accomodating, freight.

Had Only Two Dollars

"I had exactly $2 in my pocket when I arrived in Atlantic City," Howard said, "and I had to walk from the railroad station to the board walk where the steel pier goes out a mile or more over the Atlantic. I needed that $2 for a hamburger and a place to sleep."

Howard said he looked like a typical song and dance man with his striped blazer and straw hat, and with a dozen of his songs which he hadn't been able to sell tucked into his coat pocket. Incidentally he explained, the best way to locate Tin-Pan Alley in the Broadway district is to look for the couple of blocks where you find the boys with their pockets bulging with their unpublished songs. This is sometimes confusing to the Broadway detective squads who pounce on a fellow they think is a bookmaker and find only slips of paper which verify that "June" and "moon" rhyme if sung by the right boy and the right girl.

Still Sings

So Howard, who has written more than 500 songs which have been sung in various Broadway musical shows and night club revues, marks his 83rd birthday and still sings with bell-ringing voice in some of the Broadway night clubs.

"But, I just use Broadway as a way stop," he said. "I really do my best singing and get most appreciation out in the one-nighters. I just did a one nighter in Altoona, Pa., and came back to Broadway the same night to start out again."

Joe Howard says he doesn't know how much royalties he got out of "I Wonder Who's Kissing Her Now." But, he suspects it wasn't much.

"Song royalties didn't mean so much in those days," he said. "We wanted enough to eat, but we were more interested in writing songs . . . after all. Johnny Black only got $100 for his 'Dardanella.'" James Thornton sold his 'When You Were Sweet Sixteen' for $15, and Maude Nugent got only $200 for 'Sweet Rosie O'Grady' in 1901.

"It was only money. The song was the important thing."

Sends $300 To Aid Polio Fight

TRENTON, Mo., Aug. 13—(AP)—The Grundy County Chapter for Infantile Paralysis has sent $300 to the National Infantile Paralysis Foundation in answer to a plea for additional funds to aid sufferers in other communities.

Mrs. J. Ward, chairman, said the amount was sent to aid in an emergency drive for funds as a result of the fund-depleting nationwide epidemic.

Grundy county's chapter still has three patients under treatment, all victims of a 1946 attack here, but chapter officials felt the $300 could be shared to aid polio sufferers elsewhere.

In 1946, Grundy county depleted its own funds and received $3,600 from the National Foundation.

AGRICULTURAL LIME USERS IN PETTIS AND BENTON COUNTY

As we, the Lime Products Co., were not the successful low bidder on 1949 Pettis or Benton County AAA Contracts, we will however, furnish you with lime, guaranteed by us to be U. S. Govt. tested and approved through the local AAA office of Pettis County.

We have heard from various farmers throughout our trade territory that they were in doubt as to whether we were still accredited and approved lime distributors by the AAA set up.

We have a State-wide AAA contract for 1949 which is evident that we are approved lime distributors, not only for Pettis and Benton counties but for the entire State of Missouri.

In getting your lime through AAA in Pettis County you pay to the contractor cash upon delivery $1.50 per ton, AAA pays $1.45 and in Benton County you pay contractor $1.52, AAA pays $1.50.

Now, we will furnish you lime on the same basis, that is, we will carry the AAA part, until such time as you can procure the refund on the AAA part by submitting our truck weight tickets and cash receipt for the entire transaction, which refund will be made on or about March 1, 1950.

Now, to you, who live in the south half of Pettis county and the three north townships in Benton county, and wish to pay all cash upon delivery, we will give you a 10c per ton cash discount until further notice.

Bucher Orange Bar Reopens Monday at 9:00

After six weeks of re-modeling and re-decorating at Bucher's Orange Bar, 508 South Ohio. Chester L. Bucher, proprietor said his new renovated and enlarged eating establishment will be open to the public, Monday morning at 9:00 o'clock.

The owner said by remodeling and tearing down a partition, the seating capacity has been tripled, due to the adding of 20-feet of floor space. New fixtures and equipment have been added, in addition to a new plastic linoleum and new wall-paper.

Mr. Bucher said his restaurant would specialize in home cooked meals, but will serve sandwiches and fountain drinks. The store hours will be between 9 a. m. and 8 p. m., and seven employees will be used.

Mr. and Mrs. Bucher and sons, Dale and Ted, 1830 South Carr avenue have resided and operated an eating establishment for the past three and half years in Sedalia, following Mr. Bucher's discharge from the army, where he served for four years.

All re-modeling and construction work on Bucher's Orange Bar was done by union labor, according to Mr. Bucher.

Four Years Ago Today---

DESOLATION marks the site of Hiroshima.

ROW ON ROW, graves mark path to Japan.

AP Newsfeatures

Four years ago today. Japan called quits in the war. She still had 2,000,000 men under arms in her home islands. She had another million in China and perhaps 700,000 more in other parts of the empire she had carved for herself in the Pacific.

"The enemy has begun to employ a new and most cruel bomb. This is the reason we have ordered the acceptance of the joint declaration of the powers," said Emperor Hirohito. But there was much in addition to the A-bomb.

Long before the first A-bomb was dropped on Hiroshima, Aug. 6, 1945, other types of bombs had been devastating Japan. Her war industries were at low ebb. She could not repair, much less rebuild her shattered fleet.

Giant U. S. fleets roamed the Pacific at will, hammering at Japan with bombs and shells. British ships also were in action. Germany and her other Axis allies had been defeated.

Aug. 7, 1942, U. S. Marines first landed on Guadalcanal. Since that time, U. S. forces had advanced step by step across the vast reaches of the Pacific. Now they were on Okinawa, 325 miles from the Japanese homeland.

Russia had declared war Aug. 8 and her troops were sweeping down through Manchuria.

Japan's vital supply lines had long been cut. Submarines, airplanes, surface ships were hunting down the last of the ships needed to bring in supplies.

What did Japan have besides 3,700,000 troops? Her navy could put to sea only two light carriers, two cruisers, 26 destroyers and 22 submarines. Except for the Kamikaze (suicide) corps, her airforce was virtually out of action. Radar, proximity fuses which exploded shells when they approached a plan and fighter opposition were getting 98 out of 100 suicide planes. Although the two out of 100 that got through did damage, they did not stop the vast Allied fleets.

Equipment for Japan's still large armies was in almost as sad a state as her fleet and her airforce. Replacement was impossible.

Japan no longer had the means to fight a major war when the second A-bomb fell on Nagasaki Aug. 9.

V-J Day Heroes Grapple With Life 4 Years Later

By the Associated Press

Where are the heroes today?

The pharmacist's mate who made two trips across 200 feet of fire-swept Iwo Jima terrain to evacuate wounded? The young Marine who hurled himself on a Jap grenade to save three buddies? The first flyer to shoot down 26 Jap planes? The other men who achieved special glory in the Pacific war?

Four years ago today the war ended and these men could begin thinking seriously of peace. Of the girls they would marry, the jobs they would do, the houses they would live in.

How are they doing now?

To get some of the answers, the Associated Press drew a group of Congressional Medal of Honor winners from the files of the Navy Department and Marine Corps and traced their careers four years after. Here they are:

Pharmacist Mate Francis J. Pierce, Jr. It was he who evacuated the wounded under intense fire. Before that, he stood in the open to draw Jap fire away from the casualties. After that, he led a combat patrol to a sniper's nest and was seriously wounded, but refused aid until others were treated.

Today Pierce lives with his wife and two-year-old daughter in Grand Rapirs, Mich., where he has been on the police force for three years. He is now a motorcycle officer, earning $3,280 a year. His war record didn't get him the police job. He obtained it through routine examination and qualification.

Raised Cash Gift

The community raised a cash gift of $1,500 for Pierce a year ago, when his medal was awarded by President Truman in Washington. At a public gathering, on patriotic occasions, he still sits on the platform with two other local Congression Medal of Honor men and other Grand Rapids notables.

A big day in his life occurred last fall when he shared the platform with Mr. Truman in Grand Rapids.

Bought Home in Kansas

Jack Steele, a former Sedalian, now attending the University of Kansas, at Lawrence, and Mrs. Steele, have bought a home there at 2137 Rhode Island, and will remain there while Mr. Steele further's his education. He is a son of Elvin A. Steele, 301 West Seventh street, and a nephew of Mrs. A. L. Lacer, 315 East Broadway.

During 1946, there were 2,300,000 weddings and 622,000 divorces in the United States.

Red Cross Corner

Cognizant of the fact that the 1949-1950 school year is about to begin, Miss Margaret Egan, chairman of Junior Red Cross, is well into the program outlined for her Juniors by National Red Cross. Last Tuesday morning Miss Egan spoke to the county teachers at their regular meeting at the court house. She emphasized the importance of the static activities of JRC, as well as the projects which will take shape early in the fall. Following this meeting, the Chapter had requests from Tanglewood and Pin Oak schools to have their First Aid kits replenished. It is a satisfaction to know that Junior Red Cross continues to expand, and that the interest of the school children does not lag, but increases with each succeeding year.

Calling for Volunteers! Mrs. Arthur Hoffman, chairman of Staff Aides, is planning for the Red Cross booth at the Missouri State Fair. Staff Aides are urged to serve in this capacity during fair week. Call Mrs. Hoffman, 3046.

When the justly famous 4-H clubs hold their achievement day at Convention Hall, on Thursday, August 18, the American Red Cross will be represented by a First Aid booth, with Mrs. Lawrence Wolf in charge.

Delmas W. Heckart, of Gillespie's Funeral Home, has presented the chapter with an inhalator which will be used by Michael Wolfel, chairman of First Aid, in the Safety training classes. Our very sincere thanks to Mr. Heckart for his cooperation with ARC.

Enlisted in Air Force

Larry J. Brosch, son of Mr. and Mrs. Lawrence Brosch, 239 South Grand avenue, and Edward W. Staley, 228 South Stewart avenue, have enlisted in the United States Air Force for a period of one year.

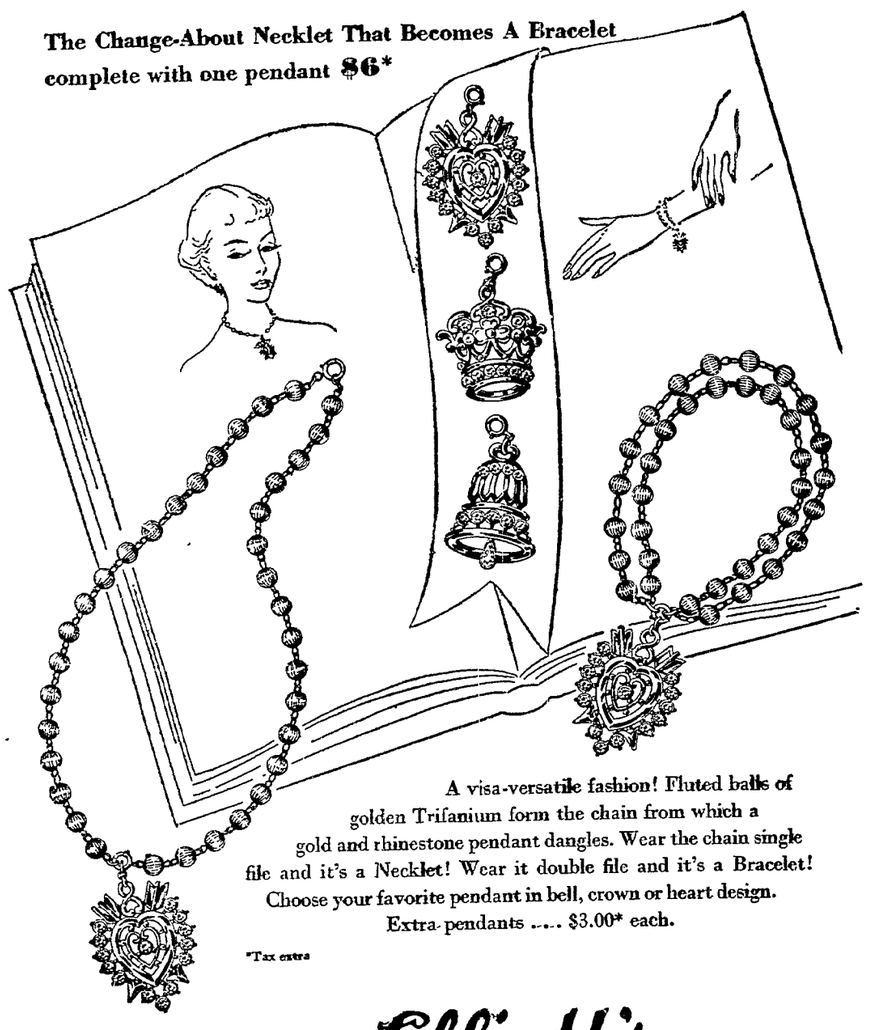

The recruits were sent to Lackland Air Force Base, San Antonio, Tex., for 14 weeks basic training

THE SEDALIA DEMOCRAT

In Combination With the Sunday Morning Capital

Volume Eighty,one. Number 191 | Section Two | Sedalia, Missouri, Sunday, August 14, 1949 | Six Pages | Full Associated Press Leased Wire and Wide World Features

Sedalians' Son is One of The Most Traveled Executives

SOUTH BEND, Ind.—One of the most traveled executives in The Studebaker Export Corporation is vice president Dewey W. Smith, according to R. A. Hutchinson, president

Dewey W. Smith, vice-president of the Studebaker Export Corporation, boards a Pan American Clipper in San Francisco for a round-the-world business flight. Since the war, Smith has traveled a total of 203,218 miles with Pan American World Airways. He is a son of Mr. and Mrs. W. D. Smith, 405 West Fifth street.

Smith, who just a few days ago boarded a Pan American Clipper in San Francisco for a round-the-world business flight, has traveled the equivalent of 10 times around the equatorial circumference of the earth since the war.

On one airline alone, the Pan American World Airways, Smith has traveled a total of 203,218 miles since his return to The Studebaker Export Corporation, after having been interned at Manila throughout the war by the Japanese.

Also a Trouble-Shooter

Although in charge of Studebaker's Latin American activities, Smith is also President Hutchinson's No. 1 trouble-shooter In his roving capacity. he is called upon to handle every and any type of assignment in almost any part of the world.

His longest stretch, via Pan American, was 67,941 miles, which was made in four different trips each way. The route covered Manila-Guam-Wake-Midway - Honolulu and San Francisco and return. His second longest stretch was 45,690 miles which was made twice and covered Buenos Aires, Rio de Janiero, Lisbon, Rome, Istanbul, Karachi, Delhi, Calcutta, Bangkok, Hong Kong, Manila, Honolulu, San Francisco

Other Stretches

Other stretches, via air, were New York, London, Brussels and return, two times, 14,672 miles; Manila to Hong Kong and return. eight times, 11,184 miles; New York, Rio de Janeiro and return, 9,958 miles; New York, Panama and return, two times, 9,064 miles; Hong Kong to Ragoon and return, three times, 7,048 miles; Manila to Singapore and return, two times. 6.760 miles; Hong Kong to Chungking and return, four times; 6,480 miles; and Rio de Janeiro-Caracas-Panama-Mexico, 5,088 miles.

Air tripst less than 5,000 miles included New York-Caracas and return, 4,508 miles, New York-San Juan and return, 3,224 miles; Los Angeles to Honolulu, 2,588 miles; Rio de Janeiro to Sao Paulo and return, six times; 2,556 miles; Rangoon to Calcutta and return, three times, 2,556 miles; Shanghai to Hong Kong and return, 1,536 miles; Shanghai to Peping and return, 1,468 miles; and Shanghai to Tsingtao and return, 924 miles.

Some Used Cars Are Like That

Opposed to Pay Raises

NEW YORK, Aug. 13—(AP)—The chairman of the American Management Association told presidential fact-finders today that if steelworkers win their pay demands it could plunge the United States into a depression

That any wage increases granted the CIO United Steelworkers is likely to "go through the whole economy" and would lead "to a national pattern of another round of wage increases."

He said "the issue facing the country—and this board—is: Does America want more inflation? Can America stand more inflation?"

If the economy proceeds along lines that "will surely cause inflation," Hancock said it would mean "the end of our kind of economy."

The small amount of steel made in U. S. colonial days was used mainly in bayonets, swords and cutting tools.

Sedalian Has Collection of Foreign and American Coins

With two sons, two stepsons and a son-in-law in service during the war, Luke J. Miller, 1902 South Prospect avenue, found that the collection of foreign and American coins he started for pastime, grew in leaps and bounds. Going to all parts of the world, each boy made a habit of keeping a coin of each kind they happened to run across for Dad. The older the coin the better they liked it and the more they went after it. Consequently Mr Miller has a rare collection which includes various kinds of German marks, English shillings, crowns and other English coins, French franc, a piece of paper money from Italy which was one lira as well as other coins from Italy, Chinese money, Mexican money, South American money, and coins from many other countries, some so old the date or the country could not be distinguished

Mr. Miller's most prized coin is an Egyptian coin which was in use before the time of Christ. The coin was found as 19 American soldiers, one of whom was Mr Miller's son, were going through an old building. They saw a small box, looked into it, and found it filled with ancient Egyptian coins. They counted the coins and found 19 coins, one apiece for each boy.

Mr Miller also has an American half dime dated 1856, and a Sedalia penny, put out by the Masonic Lodge in 1887.

Soviet Backs Letter to Editor

MOSCOW —(AP)— "Culture and Life" reported that the Central Committee has published a decree on shortcomings in the work of the editors of the newspaper Soviet Siberia with letters from the working people.

Many writers, it was brought out, receive no replies and certain ill-considered replies from the editors repel the writers from participation in the newspaper.

The Central Committee, said "Culture and Life," has directed the editors to alter their attitude

Crossroads Comment

White Lines Have a Purpose—

Now that the white lines have been laid down at Sedalia business street intersections, let's see what happens.

These lines are for the benefit of pedestrians and motorists alike, primarily the former. People on foot should stay within the lanes when crossing the street with the green light.

The white lines offer a guide to motorists to limit their stop on a red light. Bumpers should not extend into the pedestrian lane.

The new lines can be a safety factor, and that's the reason the city put them there. To make the lines function is up to the citizens both on foot and on wheels. There still needs be a lot of cooperative courtesy to reap major benefits.

White lines offer no fool proof protection. Pedestrians should continue to be on the alert, motorists too. You might be right but dead; yet who wants to die now when one can look forward so expectantly to drawing down social security benefits at 65.

—O—

Resents Farmer Criticism—

Only an ignoramous will disagree that the men and women who till the soil are the most important people in this man's world. Man's destiny starts down on the farm where sustenance begins without which there wouldn't be any who's who.

Congressman George H. Christopher, representative from our own Missouri district, has an individual style of expression. A story is being told that he recently got mad in Congress after hearing the American farmer ridiculed. Christopher replied:

"Your office may be located on the thirty-third floor of a New York skyscraper, but the soil of our land will either support your body or it will perish. Kings and potentates may wear robes of the richest satin trimmed in ermine. Their crowns may be fashioned of gold and encrusted in diamonds, but the vegetables that give them health and life will continue to come from plots of soil fertilized with droppings from the pigeon cote. The eagle that looks into the eye of the noonday sun must seek his food on the ground. The farmer feeds and clothes the world, and when any man makes disparaging remarks about the soil or the people who till it he is talking about the thing that gave him birth and without which he cannot live."

—O—

What! Gambling Lore Sought—

A letter addressed to me as the "Literary Editor" comes from a New York book publisher. Says he:

"I should like to obtain, for a book that I am in process of doing, legendary accounts and actual anecdotes of gambling incidents that have taken place in Missouri wherein great sums of money, life, and other unusual stakes have depended upon the turn of a card, the tossing of dice, the running of horses, or any other gambling customs."

If readers know of any such historical gambling lore send it in. Otherwise I'm going to send this publisher's appeal to Mayor Lawrence Lutkewitte, of Jefferson City, who knows something more about the subject than I do. He announced Friday that commercialized gambling is moving back "furtively and slinkingly" into Missouri's capital city.

Nothing like that "hoppens" in Sedalia—at least not "furtively and slinkingly."

—O—

No Sudden Revolution

Freedom-loving Americans are not going to tolerate having their liberties taken away by a sudden coup of a strongly organized and armed minority. Violent resistance would ensue. It is almost incomprehensible to believe anyone would harbor the idea of overthrowing our government by an impetuous revolutionary movement.

Most Americans have this feeling of security their republic cannot be overturned. And it is a reasonable feeling, so much so that any discussion of the possibility of the United States of America abruptly becoming totalitarian, socialistic, communistic or what have you, is considered drollery.

Knowing this, those who have a mania for authoritarian controls seek their objective by devious means. These shifty individuals have been at work a long time now obtaining governmental and administrative controls through legalized methods, bating the gullible with the catch-all word inducement "security."

America can be made ready for collectivism, or some other ism, by the creeping paralysis of indifference to the pipers of hypnotic "security" tunes.

Some say that educated masses cannot be taken in that way. The German people are not intellectual morons. Yet Bruce Biossat, whose editorials appear from time to time in the Democrat, comments:

"The Germans are brave no doubt. But politically they are too often either indifferent or somewhat naive. Few of them have any great love of liberty. They care more for security; they like to be led. Many of them question their ability to govern themselves democratically, but it doesn't seem to worry them."

Continuing to follow the line of least resistance to governmental and administrative controls, Americans may in the years to come furnish a case history, like the German people, of how the masses "can get that way."

—O—

Progress report on the administration's effort to balance the budget:

The bunting flag on the Capitol in Washington lasts about a month. This is going to be replaced with one made of nylon which is expected to last at least twice as long.

—O—

The old kerosene lamp burned brighter when grandma trimmed the wick. Maybe the economic lamp would do the same if the national expense wick was given the scissor treatment, too.

The letter "e" is used more than any other in the English language, and mostly by mice-frightened women.

• The Washington Merry-Go-Round

By Robert S. Allen

WASHINGTON — This is a long-deserved public tribute to a man of great courage and great humanity.

He is Paul Strachan, tall, deaf, and impassioned father of National Employ the Physically Handicapped Week.

Strachan conceived this unique humanitarian institution while flat on his back in Johns Hopkins hospital in September 1940. It took him five years of unremitting effort to win congressional approval. Now firmly established and warmly supported by leaders of government, industry and labor, NEPHW has made it possible for more than 500,000 handicapped men and women to obtain gainful work and the inexpressible satisfaction of being self-sustaining members of society.

In a few weeks, the 1949 NEPHW drive will be launched at a Washington meeting that will be addressed by President Truman. He has sincerely backed NEPHW from its start. Last year, both the president and then-secretary of state George Marshall took part in opening the drive.

New Dream

Strachan will be in the forefront of this year's campaign as he was in all the others. Discussing the conception of NEPHW he says:

"It was born of recollections of World War I, when disabled veterans were pushed around and ignored as soon as the parades stopped and the bands no longer played. It was born of vivid and poignant recollections of thousands of other handicapped I had seen who were the discards of society. It was born of personal experience, as one 85 per cent physically disabled, and who, because of that disability, was cast upon the human scrap pile, despite a fierce and intense desire to live, to work, and to achieve."

But while laboring devotedly for NEPHW, Strachan is passionately battling for a new dream.

It is a plan for a great national program of rehabilitation, training and aid for physically handicapped of all kinds. The project would completely revolutionize the handling of this problem in the U. S. More than two-score senators and congressmen are sponsoring the bill drafted by Strachan.

Rep. Gus Kelley, D., Pa., senior member of the House Labor committee, has already held hearings on the measure. But despite strong support in and out of Congress, the proposal is a long way from enactment. It is encountering vigorous bureaucratic resistance.

But that is not daunting Strachan. All his life he has had to fight for his ideals. It took him five years to make NEPHW a reality, and he is prepared to battle the remainder of his days for his new dream.

"It will be worth it," he says. "We can't lose. Even if this program is not adopted in its entirety to start with, it will force advances that would otherwise not be achieved. Time and the cause of humanity are on our side."

Rankin's Enlightened Constituent

Proof that Congressman John Rankin's views aren't shared by all his constituents is a prize-winning essay, written by Jennie Edwards, a graduate of the Tupelo, Miss., high school.

It will burn up Rankin to learn that these enlightened ideas are held right in his home town, but the prize-winning essay on Americanism that Jennie Edwards wrote contained the following:

"Americanism is the opportunities so freely given to every man, regardless of his birth, to live, to work, to become whatever his manhood can make him. It is the fact that no man is excepted from his chosen field but is given an equal chance to succeed if he has the willingness to work hard and the backbone to stick it out . . .

"(Americanism) is our government, which decades ago granted to the future generations the noblest gift of mankind—liberty. It is openly voicing our honest opinions, giving our criticisms, exercising the privilege of voting and being given equality before the law and just trial by jury for crime . . .

"The failures and conquests of yesterday, the problems of today and the destinies of tomorrow—these to me mean Americanism."

Medical Opinio n Divided on Male Change of Life

By Edwin P. Jordan, M. D.
Written for NEA Service

Medical opinion is divided as to whether or not there is a rapid decrease in the function of the sex glands in men and if so at what age it occurs.

Some authorities claim that while the activity of the male sex glands does slow up with advancing years, it is too gradual to be a true change of life.

Others believe that at least in some men a decrease in functioning of these glands may come fairly rapidly and produce symptoms which justifies speaking of a male change of life. They believe that men go through this period somewhat later than women do—usually between 45 and 55.

Symptoms May Develop

Many men do not have any symptoms at all which can be attributed to decreased functioning of the sex glands. Some, however, describe a distinct feeling of tension with a sort of inward feeling of trembling, which is made worse by excitement or fatigue.

Some men around 50 may be restless and complain of sleeping poorly. Numbness and tingling of the hands or feet may be present. It is claimed that the memory becomes poorer and the ability to concentrate impaired. A mild feeling of depression also seems to be common.

Dizziness, palpitation of the heart, cold hands and cold feet, slight shortness of breath and sudden flushing of the face, neck and upper part of the chest are also mentioned. Easy fatiguability may be present. Waning of the sexual powers, real or imaginary, frequently causes men of this age to consult their physicians.

Any of these symptoms may be the result of gradual rather than sudden change. Any of them also could come at other ages and from other causes. Also it must be remembered that many men do not develop any of these symptoms at all.

Authorities have studied the effect of injections of the male hormone—testosterone propionate—in men complaining of such symptoms as those mentioned. The value of this is still doubtful.

The Doctor Answers

By Edwin P. Jordan, M. D.

QUESTION: I have been drinking a quart of milk a day and since doing so have developed rheumatism in both knees and shoulder. Could milk have caused this trouble?

ANSWER. This is almost certainly a coincidence. There is no reason to believe that the drinking of milk wil cause any form of rheumatism.

It's a Smart Husband Who Knows When to Say 'Yes'

There are times in every husband's life when it pays to be a "yes-man."

In any and all of the following situations it's the better part of wisdom for a husband to agree with his wife, instead of expressing his own ideas.

One is when she models a new dress or hat she bought on sale and can't return. If he says he doesn't like it or douses her enthusiasm with faint praise, then his wife is never going to want to wear it—and his money has been wasted.

Another is when she points out some flaw in a woman who is getting more than her share of masculine attention. This is no time to remark: "I don't see why all you women have it in for her," or act unconvinced by the criticism. Agree without reservations.

When she has a grievance against a third person is no time to strike a judicial attitude and open-mindedly see the other person's point of view. At this moment the only point of view your wife wants you to see is her own outraged one.

Let Her Tell Own Story

Or take this common situation. She is leaving out part of a story in order to make it sound a little more impressive. This is not the time to jump in with, "Why don't you tell the whole story?" "or "That's not the way I remember it."

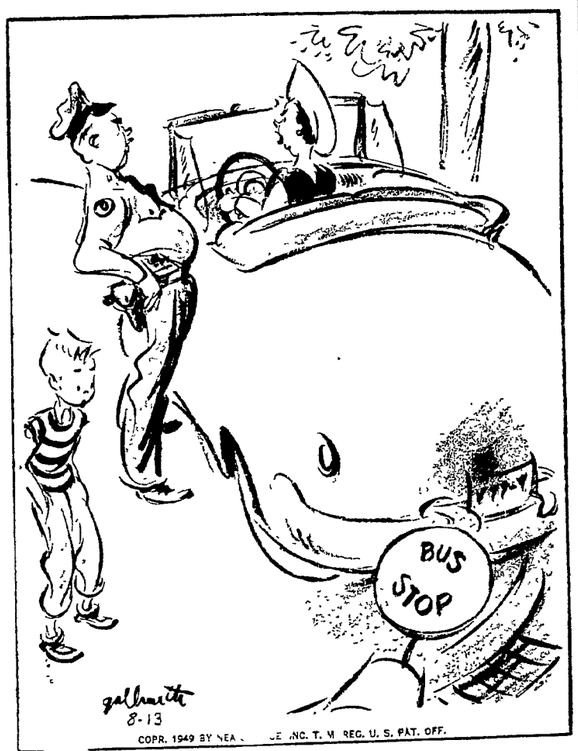

When she spends the day shifting furniture around and says expectantly: "Don't you think it looks better this way?" is typical. A man's natural reaction is always: "What was wrong with it the way it was?" But that is mighty exasperating to a woman.

The payoff is when you come home and find she has had her crowning glory chopped off. It may look like thunder, but if she is making ever a pretense at liking it the "new way," don't let her down. It's too late now to tell her how much better you liked it long.

Until 1879, all nails in the United States were made of iron.

• Q's and A's

Q—After what is the National Masonic Memorial to George Washington modeled?

A—This memorial located near Alexandria, Va., is modeled after the ancient lighthouse at Alexandria, Egypt. It is a landmark of the vicinity, and is 333 feet high.

* * *

Q—Do congressmen have passes on the railroads?

A—United States senators and representatives are not granted passes on railroads. The government allows them mileage for each session of Congress.

* * *

Q—What does the forget-me-not symbolize?

A—In poetry it stands for constancy. It was named from the last words of a knight who was drowned while procuring the flower for his lady, according to German legend.

* * *

Q—Of what nationality was Felix Mendelssohn?

—The famous composer, Felix Mendelssohn-Bartholdy, was born in Hamburg, Germany, of Jewish parents. The name Bartholdy was added when the family adopted the Protestant faith.

* * *

Q—When did the United States export its first cotton?

A—The first cotton shipped from an American port was sent to England from Charleston, S. C., in 1784

* * *

—Who is the author of the song "Joe Bowers"?

A—There are many stories concerning the origin of the old ballad, which was so intimately a part of the life of the soldiers and settlers in the early days in California. It has been credited to Mark Twain; to a miner known as "Squibob;" to a minstrel, John Woodward, and to a man named English. It was a popular song with Western regiments during the Civil War.

SITUATION: A neighbor's children remain in your house during the dinner hour.

WRONG WAY: Feel there is nothing you can do about it, if their parents don't teach them better manners.

RIGHT WAY: Send them home politely but firmly, until they finally realize that when your dinner hour arrives they must go home.

SITUATION: When you go to the hospital to call on a friend who is a patient you see a "No Visitors" sign on the door.

WRONG WAY: If there is no one around to stop you, knock on the door and go in for a short visit.

RIGHT WAY: Show respect for the sign—it is there to protect the patient and help in his recovery.

SITUATION: You are speaking of a woman clerk in your office or of your secretary.

WRONG WAY: Say: "My girl will get the information for you."

RIGHT WAY: Say: "Miss Smith will get the information" or "My secretary . . . "

THE STORY: A wealthy widow, Mrs. Everson, has fled with her servants in two giant trailers to escape destruction in an atomic war which she believes is impending. In the party, which at last has reached a canyon in the mountains which Mrs. Everson says is safe, are Mrs. Malone, cook and housekeeper; the Marchese Dellacasa, Mrs. Everson's companion; Rudy, the handsome chauffeur, and Victor, the houseboy. Mrs. Everson is in love with Rudy, who thinks of her only in terms of her wealth. Mrs. Everson has purchased two rabbits from a hunter for a dinner celebrating their arrival at "a place of safety," and now she is dressed in her best dining with the Marchese. But outside the atmosphere is heavy, as if the blow had fallen. Mrs. Malone wonders will there be a world after the atom bombs fall?

* * *

XXII

MRS. MALONE groped up the steep bank and toward the glow of green light that indicated the small trailer.

"Dinner," Rudy announced. "Where's Victor?"

"He's coming as soon as Mrs. Everson and the Marchese have finished their coffee. Do you know what time it is?"

Rudy glanced at his wrist.

"Eleven-ten. Sit down. You look all in. Don't wait for Victor."

While she ate, Mrs. Malone described the dinner party and Mrs. Everson's costume.

Rudy listened, the dents in his cheeks deep with contemptuous laughter, his eyes cold.

"Imagine! Out here in the wilderness," Mrs. Malone said. "A hundred miles from anywhere! Putting on a show like that! Who's it for? Us?"

Rudy shook his head. He was about to answer when Victor came in. The little Filipino, paler than usual, slipped into his place at the table.

"Mrs. Everson has gone for a walk," he said.

"Alone?"

Victor smiled with a trace of sweet malice.

"Of course, alone! She hopes you will follow her, Rudy!"

"Me?"

"You. Now is your chance, if you want to make love to her."

"I don't."

"She likes you. Malone and I have both noticed. She did not dress up tonight for the Marchese! She is out there waiting for you, Rudy. Go after her, why don't you? You might be Prince Consort, if you watch your step."

* * *

RUDY said nothing. He put Victor's dinner before him, filled the coffee cups, then removed his apron, reached for his sweater and leaned down to look at himself in the mirror over his bunk. His gestures were deliberate, his expression was enigmatic. With both palms he smoothed down his short, thick hair.

Then he picked up a flashlight, went to the door and swung himself out into the darkness. They heard his footsteps padding rapidly and purposefully away.

"Do you think he'll find her," Mrs. Malone said.

"Of course," Victor said. "She will make certain that Rudy sees her, and then she will be so surprised!"

Mrs. Malone and Victor finished their meal in silence. She wondered what was going on in his mind. At last she spoke.

"You're a cynic, Victor."

"No. I am a mathematician. I put two and two together." Then he added: "You look tired, Malone. Don't you feel well?"

"I'm all right."

She reached across the table and patted the Filipino's shoulder.

"You're a good boy, Victor. I'm glad you're along."

"Thanks."

She pushed her chair back.

"I'm going to bed," she said.

"Good night."

"Good night."

He got to his feet politely.

"Sleep well, Malone."

Mrs. Malone opened the door of the smaller trailer and prepared to go back to the big trailer. It was still, dark and ominous outside. There were thick clouds overhead that seemed to oppress her. The air felt deprived of oxygen. It was hard to breathe.

But, Mrs. Malone told herself, days of humid heat were usual in the autumn. Perhaps a storm was on its way. Yes, Mrs. Malone decided, that was it. A storm—she would not let herself think of The Bomb.

* * *

OUTSIDE it was darker, if possible, than before. There was no chink of light anywhere. No wind. No sound. No movement of any kind. Mrs. Malone listened for voices . . . Rudy's . . . Mrs. Everson's . . but they must have gone beyond earshot.

The music within the big trailer guided her through the woods. Then, at the top of the river bank, the glow of light from its open door came in sight. Mrs. Malone paused to take in the music—the soaring conclusion of the Death and Transfiguration of Strauss.

Suddenly, like a projection on a motion picture screen, the entire scene leaped into view—the trailer on its sandspit, the forest trees, the looming mountains beyond. For an instant they stood revealed in a spectral light. Then once more the crushing blackness . . .

A terrible fear gripped Mrs. Malone. In her mind a single thought blazed: "The Bomb! This is it!"

An age passed, then, low but unmistakable, came the roll of distant thunder. The portent of storm evidently was being fulfilled.

Dan Dailey, back in the type roll his fans like best, and Anne Baxter, in her first song-and-dance role, romance and dance their way through "You're My Everything," new Technicolor musical featuring fifteen nostalgic musical hits of yesteryear, starting today on the Fox screen.

Howard Duff does a fast thinking act to get himself out of a hot spot in the above scene from "Illegal Entry," trigger-fast story of traffic in human contraband which opens today at the Liberty. In addition to Duff, George Brent and Marta Toren are starred. The co-feature is "Hideout" featuring Adrian Booth and Lloyd Bridges.

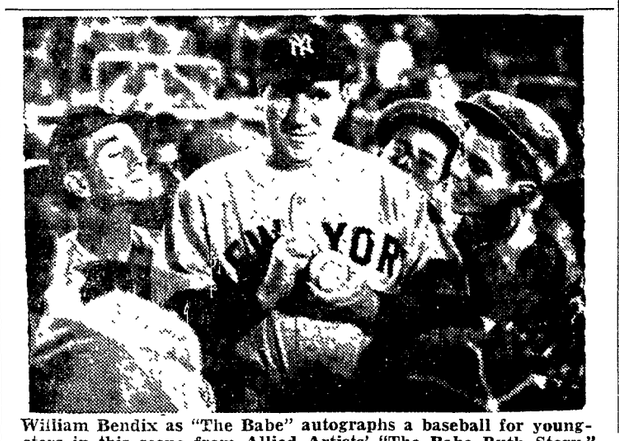

That Two-Gun Jane Russell gives Bob Hope plenty of trouble in their co-starring Technicolor comedy, "The Paleface." The Paramount picture arrives Sunday at the Uptown Theatre with plenty of Indians, action and laughs.

NEW YORK, July 12—(AP)—Junior, get papa the kneecap oil—the Charleston's coming back.

What's the Charleston?

Why, son, the Charleston is the granddaddy of the jitterbug. Back in the mid-1920s, when everbody had to take shower baths because the tub was full of hand-made prohibition gin, you couldn't even deposit money in the bank unless you proved you could do the Charleston. It showed you were alive.

Do I mean it was a dance? Junior no dance ever hit the country as hard as the Charleston. It was THE dance. If a man wasn't willing to shimmy-shammy back and forth and then risk his right tarsal bone by throwing it over his left femur, he was strictly a cad out of tune with his time.

Everybody Did It

Everybody did it. La Belle Joan Crawford started her name as a dramatic actress as a result of a fancy prize-winning, hip Charleston movement. And Ginger Rogers was able to get her independence from Independence, Mo., because of the same swivel swing. Later some movie critic mentioned that both girls had sparkling eyes. This was a sad discovery.

It changed them from hoofers into actresses. And after that a gal covers up her legs, exposes her bosoms like a half-shucked corncob, and begins emoting about socially significant themes she doesn't know from dime store jewelry.

Back to the Charleston

But to get back to the Charleston. — Charleston, a simple, primitive, agile movement based some distance below the bust

"So many young people have come in wanting to dance the Charleston that I have had to teach it to all our instructors," said Charles Columbus, dance director of the Fred Astaire studios here.

Columbus says the dance originated among South Carolina Negroes. He can trace the sequence from the Charleston down thru "the Varsity Drag, the Shag, Truckin', the Lindy Hop, and Jitterbugging." But it leaves him a little leg weary — when he demonstrates.

Veteran Dancing Star

He is a veteran dancing star himself who twinkle-footed some 25 years on Broadway. He has done the ballroom specialties, thrown the girls over his back for oldtime Palace theatre vaudeville audiences in adagio routines. And like any showman he still wants to give the paying customer any particular muscular madness he prefers. The studio has a $40,000 machine to whir any desired musical rhythms to each of 34 separate dance rooms.

"There was nothing like the Charleston for popularity," Columbus said. "They danced it in the living rooms, the kitchens, the back porch and standing up in the rumble seats.

"Its popularity now is part of the current revival of old tunes. They show it in the movies with the music of that time — and people want to dance it again.

Bones Are Older

"But it is really a dance for people from 12 years old to 35. The people who used to enjoy it don't want it anymore, generally. They feel it is too undignified. Their bones are older."

Columbus thinks the American public is more dance crazy now than it has ever been. The pupils, he said, range from Eleanor Roosevelt, a longtime patron of the dance, down to gangsters.

"The gangsters," he said, "specialize in the rumba. The rumba is a showoff dance. It makes a man feel he is somebody."

Mrs Roosevelt, incidentally, is strictly a conservative ballroom dancer. She hasn't come in to freshen up her Charleston — if she ever danced it.

"But we're also teaching the Castle Walk and the Bunny Hug again," said Columbus. "Anything to exercise the feet — and the memory."

Eddie Edwards celebrated 20 years with KMBC on Friday, August 12. Eddie joined the company as a young man in his teens in the role of entertainer and actor, and has continued on the staff ever since, with the exception of three years in the Maritime Service as a Warrant Officer. Eddie is producer of Brush Creek Follies, Rhymaline Time, Of Health & Happiness, and several other KMBC-KFRM features. He does a few acting roles each week, and is heard as George Washington White in a comedy routine on the Saturday night Brush Creek Follies.

The All-American Soap Box Derby, direct from Akron, Ohio, will be heard on KMBC this Sunday at 4 o'clock. Approximately 150 entrants from all over the country, including the Kansas City winner George Nixon, will compete for the national title and a four-year college scholarship.

Millie and Sue

Two popular KMBC entertainers who get up mighty early every morning are Millie & Sue, heard on their own program at 5:30 each week-day morning. This entertaining twosome also appear regularly on Dinnerbell Roundup and Brush Creek Follies. Their hillbilly and western songs, with some yodeling and cakle-singing thrown in for good measure, are popular with midwestern audiences. The girls have been making a good many personal appearances this summer and they're always greeted with lots of enthusiasm and applause.

"The Return of Frank Higgins," a true story of a disabled veteran who fought for and won a normal peacetime life, is to be dramatized over KMBC on Wednesday of this week at 9 p. m. The program will be presented in cooperation with the Disabled American Veterans, now holding their national convention in Cleveland.

We were talking with Jimmy McConnell, director of the KMBC-KFRM Artists Bureau, the other day and he told us that requests for members of the Talent Staff for personal appearances have been greater this summer than at any time in recent years. Picnics, fairs, local and county celebrations and many other types of personal appearances have been made by the more than two dozen KMBC stars. Jimmy says that he's got to be careful in making these arrangements, because he's continually being asked to fulfill Saturday engagements. And with the entire "gang" playing to capacity crowds at Brush Creek Follies each Saturday night at Memorial hall, Jimmy's got to make sure that they are all on hand for the biggest radio-stage show in the Middle West.

Ups and Downs in the U. S. A.

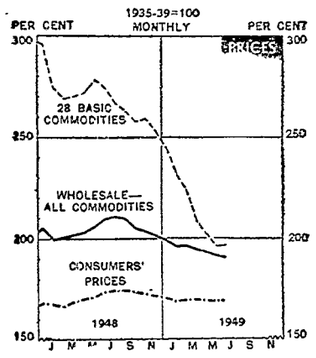

Changes taking place in this country's economy are graphically shown in the charts and map below. Based on the latest available Federal Reserve statistics, through July, 1949, the charts show a general decline in industrial production, with a corresponding rise in unemployment. Prices appear to be leveling, while consumer credit, spurred by the release of government controls, is taking a rapid rise. Seriousness of the unemployment situation is seen in the government's listing of 11 areas as emergency unemployment regions (see map).

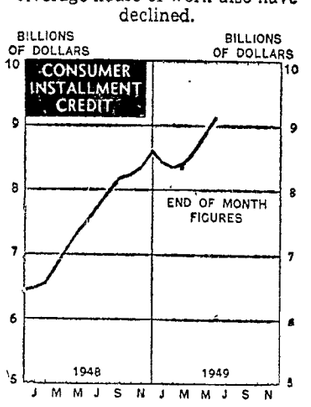

PRODUCTION—On the downgrade since last fall, industrial production in the United States continued to drop in June and July. The index of 169 was recorded for June, with July's figure placed tentatively at 162. This compares with a figure of 195 last November. Vacation season is responsible for part of the decline.

UNEMPLOYMENT — Joblessness has increased sharply since last fall. In June this year it was 3,800,000, or higher by 1,600,000 than a year ago. Part of the steep rise in May and June was caused by influx of thousands of graduates seeking jobs. July figure is slightly over 4,000,000. Average hours of work also have declined.

PRICES — Little change in prices occurred in July, after slight declines in June. Basic commodities rose one per cent, and at the end of July were 19 per cent lower than in January. Wholesale commodities declined one per cent to a point five per cent below the January level. Average consumers' prices showed slight change.

CREDIT — Consumer installment credit outstanding reached $9,100,000,000 in July, 1949, for an all-time record. Release of government curbs on installment buying helped send the figure up. The largest part of recent expansion stems from the boom in automobile sales. Automobile credit has been increasing at the rate of $150,000,000 a month.

AREAS "BLIGHTED" BY UNEMPLOYMENT—The U. S. government has named 11 areas, indicated by crosses on map, as emergency unemployment regions, and has ordered federal agencies to give these areas as many government contracts as possible to help get them back on their feet. These areas, according to a government survey, have 12 per cent of their labor force out of work. Other regions may be added as soon as full reports are in.

Most nails today are made of steel.

The first steel nails were made in this country in 1879.

To Choose Site For State Bldg.

JEFFERSON CITY, Aug. 13—(AP)—Gov. Forrest Smith said the board of public buildings will choose a site late today for a $3,500,000 state office building here.

Smith, as the state's executive, is a member of the board. Other members are Lt. Gov. James T. Blair, Jr., and Attorney General J. E. Taylor.

The Governor said he has called a meeting of the board for this afternoon. He said before the meeting ends a site will be chosen.

Reports circulated in the capital indicate the Governor favors a location at the southeast intersection of East Capitol avenue and Jefferson street. That would be just west of the Governor hotel, one of the two larger Jefferson City hotels that cater to legislators and political visitors. It is a block east of the capitol.

Should that site be chosen, condemnation proceedigs probably would be necessary. Now there is a filling station, a privately operated parking lot and a lumber yard occupying the area.

Child Swims at Seven Months

LOS ANGELES, Aug. 13—(AP)—Little Robin Leigh Whitford is a veteran swimmer—at the age of seven months.

If you think that's unusual, listen: She started learning by paddling in her bathinette, when she was but four days old!

Robin put on a demonstration for photographers at the Ambassador hotel pool yesterday. Her swim coach, Mrs. Crystal Scarborough, tossed her in the pool.

Robin sank and a photographer started peeling off his coat. But the infant emerged without a splutter and swam to the edge of the pool, using a junior version of the Australian crawl.

But her mother, Mrs. Marie Whiteford, said Robin can't yet crawl on a floor. But she's been swimming for three months.

When cameramen asked Mrs. Whitford to sit Robin up beside the pool, the mother replied:

"Oh, she can't do that yet—she's too young!"

Giddier Ideas of America Are Being Used by Communists

By James D. White
(AP) Foreign News Analyst
(For DeWitt MacKenzie)

Some of the giddier ideas abroad about America are being hopped up by Communist propagandists.

Samples: A recent Moscow cartoon shows an American football game so violent that the referee operates in an armored car among players and fans armed with guns and clubs. A recent article in "Rude Pravo," the official Communist newspaper in Prague, Czechoslovakia, depicts America as a place where sitting on flagpoles is common.

According to AP's Prague correspondent, Richard Kasischke, Rude Pravo's argument runs like this: America is so full of contradictions and frustrations that one out of thirty Americans blows his top and climbs a flagpole or does something equally odd to get away from it all.

Hard to Keep Mental Balance

"Apparently," says Rude Pravo, "it is really hard for an average American today to keep his mental balance. Some of them—they are called pole-sitters—sit on high poles and try to keep their perch there as long as possible. Pictures are made of them and newspapers write front page stories about them.

"Then, soap, soft-drink and soup manufacturers ask them to endorse their products. Hollywood companies offer them screen tests. Political correspondents ask their opinions on the international situation. . . ."

Rude Pravo shows it's abreast of developments by reporting that Chicago "used to be" famous for its gangsters. But it says Chicago recently announced that during a single year more than 2,000 Bibles had been stolen "from the luxurious Palmer House hotel." Hostels belonging to the Statler "monopoly," says the paper, show a loss of 70,000 towels a year.

Criticizes Dead-Pan

Rude Pravo then criticeses Dead-Pan, the American press for not telling the truth about Czechoslovakia.

While the American press isn't exxactly troubled by an inferiority complex, at the same time it doesn't claim to be perfect. Some of it may have done wrong by Czechoslovakia, but the picture could scarcely have been as distorted as Rude Pravo's own blow-up of past or present American half-truths presented as the whole truth about America.

We have our goofy element, and I once heard a very sober economist (a loyal Republican, by the way) argue seriously that one of the basic liberties is the freedom to make a fool of yourself if you don't hurt somebody else in the process. Maybe very few Americans can say honestly that they never swiped a towel. Very few of us even want to be supermen, much less think we are.

Communists Are Working

But the Communists are working on a mean little quirk in people everywhere, including ourselves.

That's their prejudice about others, their acceptance of everything that supports the prejudice, and their disinterest in anything that might upset the prejudice.

Any editor who ever filed news from this country abroad can tell you. The great demand abroad is for the freakish in American life. This situation is better than it used to be, since so much news of vital importance to the rest of the world originates here. But the goofy story from this chromium-plated wilderness is one that always wows the foreign reader.

I knew one editor who threw a story in the wastebasket the other day. It was about a movie actress who lost her bathing suit in a big wave. He thought it was a press-agent's stunt. The same story was a big hit in Latin-America.

"Home of Abnormal"

There was another editor who was filing a news service to Britain and threw out a story about one of our more extreme religious cults. He thought it couldn't possibly interest the staid British. Another editor who had worked in Britain snatched the story up and sent to England in full.

"They love that stuff over there," he said severely.

In short, the world outside tends to think of America as the home of the abnormal, and therefore is not much interested in what is normal.

This is what the Communists are working on.

Large Retinue

When the royal family of England travels on trains, about 40 men accompany it. These include 10 mechanical and technical experts, who are ready to repair the train if it breaks down.

GLOW OVER TOKYO—Japanese skies are ablaze during the second annual Sumida contest of fireworks display. Several hundred thousand Japanese and American GIs crowded the banks of the Ryogoku River for the night-long show. The fireworks display has been held each year for centuries except during the war.

COOL NOW BUT FORECAST WARMER—Tequila, a 7-month-old St. Bernard puppy, is on his vacation but doesn't look too happy about it. He was flying from Ottawa, Canada, to Mexico with his master, the Mexican ambassador to Canada. But when Tequila landed in Dallas, Tex., and found the thermometer at the 100-degree mark, he just plopped down by these two cakes of ice and refused to move.

Takes Responsibility

Robert P. Patterson, former secretary of war, stands at the witness table before the House Armed Services committee and, gesturing toward himself, takes "full responsibility" for ordering 100 B-36 super bombers in 1943 before the ship was tested. He denied being motivated by interest in any of the individuals connected with the Consolidated Aircrafts Company, makers of the plane. (AP Wirephoto)

Plague Returns to Calcutta

CALCUTTA — (AP) — Plague has rejoined the ranks of the many endemic diseases of Calcutta after an absence of 42 years. Last year there were 254 cases and 14 deaths during the 17 weeks ending July 31. But this year it started early in January and already it has killed 50 out of 366 cases.

Except for stray imported cases, Calcutta was free from plague since 1906. In 1899, about 60,000 were reported to have died of plague in Calcutto alone.

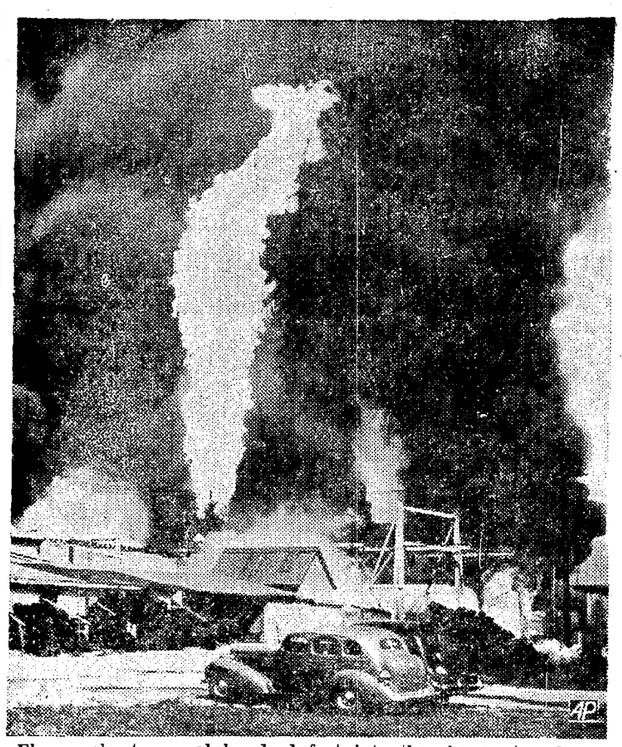

New Pushkin Ballet

MOSCOW—(AP)—The Soviet Union's newest ballet—The Bronze Horseman— has been successfully staged by theatres in Moscow and Leningrad.

It is based on Pushkin's poem of the statue in Leningrad of Peter the Great. It is a new production of the Bolshoi Theatre.
